Fairground Here Valued $108,250 In Partition Suit

Purchase of the 47-acre Fayette County Fairground tract by the County Agricultural Society was made a possibility Thursday when court-appointed appraisers set a $108,250 valuation on the property.

Report by the appraisers marked the latest step in a long legal wrangle over the tract.

Appraisers Arch O. Riber, Tom Mark and Paul Pennington were ordered by Common Pleas Court several weeks ago to partition the property in thirds or —if they thought it couldn't be partitioned —return a valuation.

Common Pleas Judge John P. Case said Thursday that return of the valuation means the public sale is the "logical next step." It will be put up for public sale unless it can be sold privately.

* * *

THE FAYETTE County agricultural Society, which puts on the Fayette County Fair, has long had a part in legal swirl around the ownership. Attorneys for the society said in court several weeks ago that their client could be one of the bidders on the property if it came up for auction.

Today's appraisal is the direct result of a suit filed in 1954 by Mrs. Esther Scott Crone and Earl Scott against Herbert Wilson. Mrs. Crone and Scott claimed the property was entirely theirs. Wilson claimed he was entitled to one third. Both claims resulted from a dispute over inheritance rights, dating back many years.

Both Mrs. Crone and Scott are deceased now. Harry D. Crone has taken the place of Mrs. Crone in the suit, while Edith Scott and others are replacing Earl Scott.

* * *

ANOTHER SUIT, dismissed several weeks ago, had been filed by the Agricultural Society asking appropriation of the land for agricultural purposes.

The Crone-Scott suit was heard by Common Pleas Judge Charles Kirk of Clinton County, who originally ordered the property awarded to Crone and Scott. The district Court of Appeals overruled saying Wilson was entitled to one third, and then the appraisal was ordered.

Ohio Farmers Appear Cool On Soil Bank

Signup Deadline Set For Friday; Big Fund Getting Few Takers

COLUMBUS (AP)—A farm revolt against federal crop controls appears to have left without takers $5 million in soil bank benefits set aside for Ohio corn growers.

J. E. Bradfute, program specialist for the Ohio Agricultural Stabilization and Conservation Committee, estimates that only 215,000 acres of normal corn planting will be signed up to be withdrawn from production by the deadline Friday.

This would represent about $10 million in benefits compared with the allotted benefits of $15,695,000 on the state goal of 380,000 acres to be retired from corn production.

In Washington, the Agriculture Department pointed out that Friday is the deadline for farmers to sign agreements to retire spring wheat, corn and rice land under the soil bank program.

The department has $750 million to distribute among the nation's farmers this year for retiring land from production.

* * *

FARMERS can make an extra 16 cents a bushel for storing nearly 350 million bushels of surplus corn another year.

The department is offering such a storage payment on 1955 and 1956 crop corn stored under seal on farms under price support loans to farmers. Rather than foreclose on the loans and take over the grain as full payment, the department prefers to leave the corn on the farms and to pay farmers for caring for it.

Meanwhile, proposals for new corn and feed grain subsidies appeared headed for a stalemate in the House.

As the House prepared to start final voting late in the day on rival proposals, a widening split among farm state members lessened chances of agreement on any immediate program of help for the Corn Belt.

Uncertainties over the cost of new farm price props, and resentment among city members over more farm spending, made passage of the legislation even more doubtful.

Rep. Smith (D-Va), chairman of the powerful House Rules Committee, called on the House during debate Wednesday to reject a bill backed by Agriculture Committee Democrats for expanded soil bank benefits to growers of corn and other feed grains.

Under the present $750 million soil bank program, farmers are paid for voluntarily retiring some of their land from production of crops in surplus supply.

* * *

THE DEMOCRATIC plan, among other things, would extend the program to feed grains.

Smith said the taxpayers are aroused over the size of the budget, and that responsibility for cutting expenditures rests "right here in the House."

Republicans claim the Democratic bill would cost up to $1 billion and predicted President Eisenhower would veto it if it passed.

Rep. Poague (D-Tex), who with Cooley sponsored the bill, estimated its top cost at $400 million.

Republicans were backing a bill by Rep. Andersen (R-Minn). It would support at 75 per cent of parity — a price standard deemed fair to farmers in relation to their costs.

Corn farmers also would be eligible under this bill for subsidies for placing 15 per cent of their cropland in the soil bank.

Soil bank cost of the Andresen bill presumably would not exceed the $217 million already earmarked for corn payments this year.

Speedster Delayed

DALLAS (AP)—Lt. Col. John P. Stapp, who got the title "fastest man on earth" riding rocket sleds at 632 miles an hour, missed a plane connection at Cincinnati. He arrived more than an hour late to be main speaker at a banquet.

Crash Kills Woman; Daughter Arrested

CANTON (AP)—Police said a woman who was driving a car involved in a collision Wednesday in which her mother was killed, was charged with second degree manslaughter Wednesday night. She is Mrs. Elinor A. Summers, 37, of Massillon.

The accident victim was Mrs. Bert Arnold, 68, of Canton, a passenger in the Summers car. Officers said the Summers car passed a signal light and collided with another car.

Aviation Program In Schools Urged

WASHINGTON (AP) — L. G. Derthick, U. S. commissioner of education, suggested today that America's schools stress aviation in their educational programs.

"We must study our educational system with an eye to making certain that our children grow up aware of the air potential of our world," Derthick told a conference of educators.

"Aviation is no longer a toy. It is big business, mighty weapon, and pleasant pastime rolled up into one great science."

They Are Best Friends Now

MAIL isn't the only thing kept in this storage box in the City Point section of Boston. Bitten by dogs several times, mailman Edmund J. Connelly of South Boston now keeps a supply of dog biscuits there, for distribution to his friends.

Outside Aid for Panel Backed by Miami Trace

A recommendation that the new Fayette County Citizens Committee enlist the services of a qualified person or agency from outside the county in planning future districting, was contained in a resolution passed Wednesday night by the Miami Trace District Board of Education.

The resolution, approved unanimously, was in connection with a court recommendation at the close of the recent taxpayers suit for creation of a Citizens Committee.

The county board already has passed a similar resolution.

* * *

ADDRESSED to the chairman of the Citizens Committee, which will hold its first post - organization meeting tonight, the Miami Trace resolution says:

"WHEREAS, in case No. 4235, The Probate Court of Fayette County on Feb. 6, 1957, ruled that there were, in Fayette County, three school districts, namely Miami Trace Local, the Fayette County, and the Washington City, thus making it possible, pursuant to the provisions of Section 3311.30 of the Revised Code, to create a Citizens Committee and,

"WHEREAS, at 12:00 noon, Feb. 6, 1957, The Fayette County Board of Education in special session, provided by resolution for the creation of a Citizens Committee in Fayette County and,

"WHEREAS, on Feb. 15, 1957 at 2 p. m. a convention composed of a representative from each of the three above mentioned Boards of Education was held for the purpose of appointing a Fayette County Citizens Committee and said convention did appoint a Fayette County Citizens Committee and,

"WHEREAS, in case No. 4235, the court admonished, quote, "that each of these districts will use all their influence toward acquiring an outside qualified source to act in an advisory capacity toward districting Fayette County for the future", unquote, and

"WHEREAS, the Miami Trace Local Board of Education, through counsel, has agreed, quote, "That

Statehouse Park Garage Fund Denied

COLUMBUS (AP) — The Ohio Supreme Court has ruled highway improvement money must be used only for highway purposes.

As a result, the state's Underground Parking Commission will have to look elsewhere for the $64,600 it needs to have preliminary studies made for a $4½ million parking lot under the statehouse yard.

The commission was authorized by the Legislature to take the $64,000 from highway improvement funds for the studies.

But Olen Grandle, a Columbus and Cincinnati parking lot operator, sought an injunction preventing the appropriation, contending that the state constitution limited use of the funds involved to highway purposes despite legislative authorization.

Lower courts denied Grandle the injunction, but the Supreme Court's 5-1 decision overruled the lower courts.

"Under the constitution," the high court said, "the 'highway improvement fund' may be used only for 'statutory highway purposes' and use of the fund for the preliminary studies here involved is not for 'statutory highway purposes.' "

William Knepper of Columbus, chairman of the commission, said the commission now has to look elsewhere for money to finance the preliminary studies.

He said the Supreme Court action would not prevent the commission from going ahead with the underground parking project if the commission can find the money.

DeValera, Irish New Dealer Wins Control of Parliament

DUBLIN (AP)—Eamon de Valera, Ireland's "New Dealer," won control of the Irish Parliament today in a dramatic political comeback.

This means the old fighter, now 74 and nearly blind, will replace John A. Costello as Ireland's prime minister after three years on the sidelines.

His Fianna Fail (Men of Destiny) party already has nailed down 71 seats—with prospects of gaining. Feiners said they are going to boycott the Dail (parliament).

This means De Valera has a working majority in the 147-seat legislature, since he can count on three, and perhaps four, members who ran as independents in Tuesday's voting.

Costello's Fine Gael again was running second with 32 seats. Others elected included 10 Laborites, 1 Republican, 3 Farmers and 7 independents.

* * *

THE AMERICAN - born "Dev" three years ago refused to form a coalition government when his party won only 65 seats. Costello, a Dublin lawyer, patched together a several-party cabinet. He resigned when one faction pulled out over economic conditions.

One of the problems confronting De Valera, last surviving commander of the 1916 rebellion against the British, was the rising tide of militancy in the republic against British rule over the six counties of Northern Ireland. The old patriot has condemned attempts to settle the partition dispute by violence.

The new Dail will meet March 20 to elect the new prime minister. De Valera again has rejected suggestions that he form a "national unity" coalition.

DE VALERA

De Valera, still vigorously fit though almost blind, has pleaded for the youth of the republic to hang on at home. His Fianna Fail has promised to launch a New Deal patterned on Franklin D. Roosevelt's policy in the U. S.

Cherries in Pies Must Be Adequate

TRAVERSE CITY, Mich. (AP)—The City Commission has drawn up a law to fix the minimum quantity of cherries in cherry pies served in restaurants and hotels here.

A seven-inch pie, for instance, must contain at least 16 ounces of drained cherries.

Commissioner Loren Bensley said, "Traverse City, the cherry capital of the world, has a reputation to maintain. I know of nothing more detrimental to tourist relations than to serve a piece of cherry pie containing sometimes as few as a half-dozen cherries."

3 Held at New Lexington Linked To Robbery Here

10 Crewmen Missing from Navy Tanker

Civilian-Manned Ship Sinks in Delaware After Collision

NEW CASTLE, Del. (AP)—A violent midships explosion tore a Navy tanker apart following a collision with a freighter in the Delaware River early today. At least 10 crew members of the tanker, including the captain and most of his deck officers, are missing and feared dead.

The captain of the freighter, the S. S. Elna II, reported several hours after the collision that all 23 members of his crew had been accounted for.

The tanker, the U.S.N.S. Mission San Francisco, sank almost immediately in shallow water near Pea Patch Petty three miles south of here.

Twenty-six of the 45 members of the tanker crew escaped in one of the Mission's boats and nine others were pulled out of the water by fishing boats.

The 26 survivors who were transferred to the Coast Guard cutter Zinnia and later to an Army tug were put ashore at New Castle. None appeared injured.

* * *

THE TANKER, owned by the Navy, is assigned to the Military Sea Transportation Service. It is manned by civilians and operated by commercial shipping firms under contract to haul oil for the Navy.

One of the tanker's survivors said that the ship, which has a capacity of 20,200 tons, was empty and had not been "defumigated." This concentration of fumes, he said, was what caused the terrific blast, the force of which was reported as far away as 30 miles.

The first survivor from the Mission, William C. Bausch, 35, Miami, Fla., first assistant engineer, said the captain, four mates, the purser, a steward and a radio operator were on the bridge at the time of the blast.

"The bridge was blown to bits. I don't see how they could have survived," he added. "The ship was covered with flames in an instant and listing to port as I went over the side."

The survivors appeared in agreement that the Elna had struck the tanker amidships. The Coast Guard said the Elna, "with its bow stove in and afire, was aground at Channel Shoal" and that several members of the crew were fighting a fire on the vessel four hours after the collision, which occurred in overcast rainy weather shortly before 1 a. m.

Capt. Alexander Kaare of the Elna, an Estonian ship, said the Mission was rounding a bend in the river and appeared headed across channel and across the Elna's bow instead of proceeding upriver on the New Jersey side, thereby properly passing the Elna on her port (left) side.

Blustery Weather Hits Wide Area

CHICAGO (AP)—The March brand of blustery weather hit wide areas of the country today.

It was cold and windy in most of the north central section and there was widespread precipitation in the form of rain and snow in many areas.

The colder air moved southward over the mid-continent with sharp drops in temperatures reported from Montana to the Great Lakes region and southward to New Mexico and Texas.

Readings in the cold belt ranged from near zero along the Canadian border to the 20s to the 50s in southern Texas.

Kentuckian Held In Robbery Case

HAMILTON (AP)—Frank Sumpter, 31, Newport, Ky., faced grand jury action under $20,000 bond today, charged with kidnaping to extort and two counts of armed robbery.

Sumpter was arrested Feb. 11 in Fort Thomas, Ky., with Rwymond L. White, 33, of Middletown in connection with the $8,000 robbery of a dairy here Feb. 3. White was indicted last week.

President Seeks Cut in Spending

WASHINGTON (AP) — President Eisenhower said today he is trying to slow down government spending in an effort to keep living costs from rising still more.

As for prospects for cutting the administration's $71.8 billion budget for the fiscal year starting July 1, Eisenhower said he has ordered a study to determine whether the rate of government spending can be reduced.

He made that statement after a reporter reminded him that the cost of living, as reported by the government, still is on the rise.

Eisenhower said at this point he knows of no program in the budget which should be abandoned, but that slowing up the rate of spending might help to keep prices from going up more.

Eisenhower said the living cost situation is being watched carefully by the administration. He added that a cut in the rate of spending would serve to take just that much pressure away with respect to inflation.

* * *

EISENHOWER opened the news conference, his first since Feb. 6, with a request that any of the 228 reporters present who ask questions speak out distinctly because he was having some trouble with his hearing.

The first question put to him dealt with his cough and whether he might be planning a trip to a warm, dry climate.

Eisenhower ignored the inquiry about his cough but did say it would be awkward for him to get away at this time since both Vice President Nixon and Secretary of State Dulles were out of the country.

Later Eisenhower was asked how he was feeling generally. At that point he reported his cough was better but that he was having difficulty hearing.

The President also dealt with these other matters:

Middle East—Eisenhower said that beginning as early as 1948 he has never discussed Israel with anyone without saying that nation's existence is an historic fact and its problems must be dealt with.

He made that remark when a reporter told him he was understood to have told King Saud of Saudi Arabia during their recent talks that Israel is here to stay.

As for the situation resulting from Israel's withdrawal from the Gaza Strip and the prospective pullout from the Gulf of Aqaba area, Eisenhower said the United States has taken the position that the gulf is an international waterway and that this country plans to so use it.

But to a question as to what an American shipper could assume

Oregon Cops Giving Probers Testimony on Labor Racket

WASHINGTON (AP) — Two police officers from Portland, Ore., were giving testimony here today in the continuing Senate investigation of links between labor unions and vice rackets.

One Senate prober said today's hearing would deal with what he called "an alleged bribe of an Oregon public official." The official was not named.

Robert F. Kennedy, chief counsel, called this a new tack in the hearings on allegations that gamblers and some Teamsters Union officials from Seattle tried to "muscle in" on vice and other rackets in Portland.

The special committees conducting the inquiry under chairmanship of Sen. McClellan (D-Ark) is seeking evidence of racketeering in labor and industry.

Big Jim Elkins, a onetime king pin in Portland's underworld, told Wednesday of giving $20,000 in "protection" payments and of a big money double cross which he said squeezed him out as the man "who ran the town."

Kennedy said protection payments by Elkins for an after-hours drinking place also were the source of $500 "alleged bribe."

He said it had nothing to do with Elkins stories of payoffs to William M. Langley, Portland district attorney.

Elkins, who said he often planted hidden microphones in rooms and even carried midget recording devices on his person, testified he has "more than 50 hours" of tape-recorded conversations to back his words. Kennedy says some of these will be played into evidence.

Elkins denied vigorously that he ever demanded $10,000 or any other sum from Langley as the price of silence about the recordings.

The hearing erupted in many directions, including Elkins' testimony naming Frank W. Brewster, president of the 11-state Western Conference of Teamsters; Clyde Crosby, union organizer in Oregon; and Langley as men who were to get part of his $20,000 protection payments.

An affidavit from Portland's former Republican mayor, Fred L. Peterson, is on hand swearing that Crosby had informed him in December 1955 that if he failed to fire Police Chief Jim Purcell Jr., "we will have to find another candidate for mayor to support."

Peterson, backing prior testimony by Elkins, said he had received and rejected demands for Purcell's removal of the police chief.

Red Sub Total Up

CANBERRA, Australia (AP)—U. S. Adm. Felix B. Stump said today the number of Soviet submarines has been increasing at a rapid rate in the Pacific, and there are indications "of their extending the scope of their activity."

Blue and White Flag of U. N. Fluttering over Quiet Gaza

GAZA (AP)—The blue and white flag of the United Nations was raised over the Gaza Strip today, replacing the flag of Israel.

All but a small contingent of Israeli soldiers left the troubled Mediterranean coastal area before dawn after 125 days of occupation. The rest will complete the withdrawal later today.

Withdrawal moves also got underway in the Sharm el Sheikh area on the Gulf of Aqaba. Equipment and supplies for the small garrison there were loaded on ships and started back to Israel. The Israeli army said troops would be pulled out and administration of the area turned over to U. N. units Friday.

The departure from Gaza of the victors in the October-Noevember invasion went off without any major incidents reported. Some shots were heard in Gaza City during the early morning hours, but the cause of the firing was not immediately known.

* * *

WITHDRAWING Israeli convoys were protected by armored patrol cars as they crossed into Israel.

Norwegian soldiers of the U. N. Emergency Force set up a sentry post and barrier at 6 a.m. at the Israeli frontier, two miles from Gaza City on the northern end of the narrow strip.

Israeli border guards again manned their own sentry posts, which had been abandoned after the Israeli push into Gaza and the Sinai Desert.

Throughout the strip, Israeli and U. N. forces moved swiftly to accomplish the historic changeover, virtually completing it 15 hours before the 24-hour deadline set by the Israeli command.

Advance elements of 2,600 U.N. troops moved into the strip at 7 p. m. from the Sinai Peninsula. Despite a drenching rain, their jeeps and trucks rapidly deployed the soldiers from Denmark, Norway, Sweden, India and Colombia over the 26-by-8-mile stretch of coastal land.

By 4 a. m. the bulk of the Israeli troops had pulled out, leaving the U. N. in control.

Fayette Hotel Holdup Victims Pick Them Out

Bullet from Wall In Hotel Here Being Checked by Officers

Three men who are being held in New Lexington for the robbery of a Kroger Super - Market in Perry County of $11,064 have been tentatively linked to a $4,400 holdup at Ray Garrity's Fayette Hotel here Feb. 9.

Garrity, along with two companions who were robbed at the hotel here, Wednesday told City Police Chief D. Vaiden Long they were "pretty near certain," the men they picked from a police lineup at New Lexington were the same ones who robbed them here.

A .22 calibre bullet dug out of the wall in Garrity's bedroom after the holdup is being compared at the London Bureau of Criminal Investigation with bullets shot from a gun found with the trio when they were arrested in Perry County.

Tentatively identified in New Lexington Wednesday were John Rosebrough, 24, Denna Wayne Moore, 23, and Tommy Shobe, 23, all of New Lexington and formerly of Ironton. They were arrested Saturday by Perry County sheriff's deputies. They are being held on $25,000 bond in connection with the Super - Market holdup.

* * *

IDENTIFYING them were Garrity, the hotel owner; Ed Mustard, the night clerk, and Harry Haas, a hotel resident. Garrity was robbed of $4,100 after a struggle with the pre - dawn bandits while Haas, awakened by the commotion, had $300 taken from him.

All three were tied up by the armed bandits.

Garrity said at the time that he was certain the men had been in his Rendezvous Room restaurant in the hotel, sometime prior to the holdup.

They knew which room he lived in, they knew that he owned a Cadillac car and they called him by name during the holdup, Garrity said.

One of the bandits shot at Garrity while he resisted their efforts. Another kept repeating "Garrity, you . . . . . I'll kill you!" throughout the holdup.

Garrity first began to connect the alleged New Lexington bandits with the holdup here after Police Chief Long showed him a newspaper picture of the trio.

"Those are the guys, I think," Garrity told the Chief. Garrity and his two companions were driven to New Lexington Wednesday by Chief Long and Sgt. Walter Marshall.

5 Cars Smashed In 10 Minutes

CINCINNATI (AP)—It took just 10 minutes for Howard Townes to rack up five autos, including his own, for three counts of reckless driving, two charges of leaving the scene of an accident and one charge of drunk driving. Bond was $2,100.

Police officers said that at 7:36 p. m. Wednesday, Townes' car hit a parked car. He didn't stop.

Five minutes later his car hit another car eight blocks away. He didn't stop.

Another five minutes and Townes' car struck two moving autos downtown. This time his car was too battered to move and patrolmen arrested him there.

Shelby County Firm Is Held Up

SIDNEY (AP) — A gunman who forced an officer of an insurance company in nearby Anna to open a safe Wednesday night escaped with $90,000 worth of non-negotiable government bonds and $939 in cash and checks.

W. E. Ailes, secretary of the Shelby County Farmers Mutual Insurance Co. in the town 10 miles north of here, said he went to his office shortly after 7 p. m. for a book. A Negro entered the office and forced him to unlock the safe, Ailes related. He said the gunman carried his loot to an old automobile and escaped.

The Weather

Partly cloudy and colder tonight and Friday. Low tonight 22-28, high Friday 35-39.

Statehouse Park Garage Fund Denied

COLUMBUS (AP) — The Ohio Supreme Court has ruled highway improvement money must be used only for highway purposes.

As a result, the state's Underground Parking Commission will have to look elsewhere for the $64,000 it needs to have preliminary studies made for a $4½ million parking lot under the statehouse yard.

The commission was authorized by the Legislature to take the $64,000 from highway improvement funds for the studies.

But Olen Grandle, a Columbus and Cincinnati parking lot operator, sought an injunction preventing the appropriation, contending that the state constitution limited use of the funds involved to highway purposes despite legislative authorization.

Lower courts denied Grandle the injunction, but the Supreme Court's 5-1 decision overruled the lower courts.

"Under the constitution," the high court said, "the 'highway improvement fund' may be used only for 'statutory highway purposes' and use of the fund for the preliminary studies here involved is not for 'statutory highway purposes.' "

William Knepper of Columbus, chairman of the commission, said the commission now has to look elsewhere for money to finance the preliminary studies.

He said the Supreme Court action would not prevent the commission from going ahead with the underground parking project if the commission can find the money.

Cherries in Pies Must Be Adequate

TRAVERSE CITY, Mich. (AP)—The City Commission has drawn up a law to fix the minimum quantity of cherries in cherry pies served in restaurants and hotels here.

A seven-inch pie, for instance, must contain at least 16 ounces of drained cherries.

Commissioner Loren Bensley said, "Traverse City, the cherry capital of the world, has a reputation to maintain. I know of nothing more detrimental to tourist relations than to serve a piece of cherry pie containing sometimes as few as a half-dozen cherries."

DeValera, Irish New Dealer Wins Control of Parliament

DUBLIN (AP)—Eamon de Valera, Ireland's "New Dealer," won control of the Irish Parliament today in a dramatic political comeback.

This means the old fighter, now 74 and nearly blind, will replace John A. Costello as Ireland's prime minister after three years on the sidelines.

His Fianna Fail (Men of Destiny) party already has nailed down 71 seats—with prospects of gaining Feiners said they are going to boycott the Dail (parliament).

This means De Valera has a working majority in the 147-seat legislature, since he can count on three, and perhaps four, members who ran as independents in Tuesday's voting.

Costello's Fine Gael again was running second with 22 seats. Others elected included 10 Laborites, 1 Republican, 3 Farmers and 7 independents.

* * *

THE AMERICAN - born "Dev" three years ago refused to form a coalition government when his party won only 65 seats. Costello, a Dublin lawyer, patched together a several-party cabinet. He resigned when one faction pulled out over economic conditions.

One of the problems confronting De Valera, last surviving commander of the 1916 rebellion against the British, was the rising tide of militancy in the republic against British rule over the six counties of Northern Ireland. The old patriot has condemned attempts to settle the partition dispute by violence.

The new Dail will meet March 20 to elect the new prime minister. De Valera again has rejected suggestions that he form a "national unity" coalition.

DE VALERA

De Valera, still vigorously fit though almost blind, has pleaded for the youth of the republic to hang on at home. His Fianna Fail has promised to launch a New Deal patterned on Franklin D. Roosevelt's policy in the U. S.

10 Crewmen Missing from Navy Tanker

Civilian-Manned Ship Sinks in Delaware After Collision

NEW CASTLE, Del. (AP)—A violent midships explosion tore a Navy tanker apart following a collision with a freighter in the Delaware River early today. At least 10 crew members of the tanker, including the captain and most of his deck officers, are missing and feared dead.

The captain of the freighter, the S. S. Elna II, reported several hours after the collision that all 23 members of his crew had been accounted for.

The tanker, the U.S.N.S. Mission San Francisco, sank almost immediately in shallow water near Pea Patch Petty three miles south of here.

Twenty-six of the 45 members of the tanker crew escaped in one of the Mission's boats and nine others were pulled out of the water by fishing boats.

The 26 survivors who were transferred to the Coast Guard cutter Zinnia and later to an Army tug were put ashore at New Castle. None appeared injured.

* * *

THE TANKER, owned by the Navy, is assigned to the Military Sea Transportation Service. It is manned by civilians and operated by commercial shipping firms under contract to haul oil for the Navy.

One of the tanker's survivors said that the ship, which has a capacity of 20,200 tons, was empty and had not been "defumigated." This concentration of fumes, he said, was what caused the terrific blast, the force of which was reported as far away as 30 miles.

The first survivor from the Mission, William C. Bausch, 35, Miami, Fla., first assistant engineer, said the captain, four mates, the purser, a steward and a radio operator were on the bridge at the time of the blast.

"The bridge was blown to bits. I don't see how they could have survived," he added. "The ship was covered with flames in an instant and listing to port as I went over the side."

The survivors appeared in agreement that the Elna had struck the tanker amidships. The Coast Guard said the Elna, "with its bow stove in and afire, was aground at Channel Shoal" and that several members of the crew were fighting a fire on the vessel four hours after the collision, which occurred in overcast rainy weather shortly before 1 a. m.

Capt. Alexander Kaare of the Elna, an Estonian ship, said the Mission was rounding a bend in the river and appeared headed across channel and across the Elna's bow instead of proceeding upriver on the New Jersey side, thereby properly passing the Elna on her port (left) side.

Blustery Weather Hits Wide Area

CHICAGO (AP)—The March brand of blustery weather hit wide areas of the country today.

It was cold and windy in most of the north central section and there was widespread precipitation in the form of rain and snow in many areas.

The colder air moved southward over the mid-continent with sharp drops in temperatures reported from Montana to the Great Lakes region and southward to New Mexico and Texas.

Readings in the cold belt ranged from near zero along the Canadian border to the 20s to the 50s in southern Texas.

Kentuckian Held In Robbery Case

HAMILTON (AP)—Frank Sumpter, 31, Newport, Ky., faced grand jury action under $20,000 bond today, charged with kidnaping to extort and two counts of armed robbery.

Sumpter was arrested Feb. 11 in Fort Thomas, Ky., with Rwymond L. White, 33, of Middletown in connection with the $8,000 robbery of a dairy here Feb. 3. White was indicted last week.

President Seeks Cut in Spending

WASHINGTON (AP) — President Eisenhower said today he is trying to slow down government spending in an effort to keep living costs from rising still more.

As for prospects for cutting the administration's $71.8 billion budget for the fiscal year starting July 1, Eisenhower said he has ordered a study to determine whether the rate of government spending can be reduced.

He made that statement after a reporter reminded him that the cost of living, as reported by the government, still is on the rise.

Eisenhower said at this point he knows of no program in the budget which should be abandoned, but that slowing up the rate of spending might help to keep prices from going up more.

Eisenhower said the living cost situation is being watched carefully by the administration. He added that a cut in the rate of spending would serve to take just that much pressure away with respect to inflation.

* * *

EISENHOWER opened the news conference, his first since Feb. 6, with a request that any of the 228 reporters present who ask questions speak out distinctly because he was having some trouble with his hearing.

The first question put to him dealt with his cough and whether he might be planning a trip to a warm, dry climate.

Eisenhower ignored the inquiry about his cough but did say it would be awkward for him to get away at this time since both Vice President Nixon and Secretary of State Dulles were out of the country.

Later Eisenhower was asked how he was feeling generally. At that point he reported his cough was better but that he was having difficulty hearing.

The President also dealt with these other matters:

Middle East—Eisenhower said that beginning as early as 1948 he has never discussed Israel with anyone without saying that nation's existence is an historic fact and its problems must be dealt with.

He made that remark when a reporter told him he was understood to have told King Saud of Saudi Arabia during their recent talks that Israel is here to stay.

As for the situation resulting from Israel's withdrawal from the Gaza Strip and the prospective pullout from the Gulf of Aqaba area, Eisenhower said the United States has taken the position that the gulf is an international waterway and that this country plans to so use it.

But to a question as to what an American shipper could assume

Oregon Cops Giving Probers Testimony on Labor Racket

WASHINGTON (AP) — Two police officers from Portland, Ore., were giving testimony here today in the continuing Senate investigation of links between labor unions and vice rackets.

One Senate prober said today's hearing would deal with what he called "an alleged bribe of an Oregon public official." The official was not named.

Robert F. Kennedy, chief counsel, called this a new tack in the hearings on allegations that gamblers and some Teamsters Union officials from Seattle tried to "muscle in" on vice and other rackets in Portland.

The special committees conducting the inquiry under chairmanship of Sen. McClellan (D-Ark) is seeking evidence of racketeering in labor and industry.

Big Jim Elkins, a onetime king pin in Portland's underworld, told Wednesday of giving $20,000 in "protection" payments and of a big money double cross which he said squeezed him out as the man "who ran the town."

Kennedy said protection payments by Elkins for an after-hours drinking place also were the source of $500 "alleged bribe."

He said it had nothing to do with Elkins stories of payoffs to William M. Langley, Portland district attorney.

Elkins, who said he often planted hidden microphones in rooms and even carried midget recording devices on his person, testified he has "more than 40 hours' of tape-recorded conversations to back his words. Kennedy says some of these will be played into evidence.

Elkins denied vigorously that he ever demanded $10,000 or any other sum from Langley as the price of silence about the recordings.

The hearing erupted in many directions, including Elkins' testimony naming Frank W. Brewster, president of the 11-state Western Conference of Teamsters; Clyde Crosby, union organizer in Oregon; and Langley as men who were to get part of his $20,000 protection payments.

An affidavit from Portland's former Republican mayor, Fred L. Peterson, is on hand swearing that Crosby had informed him in December 1955 that if he failed to fire Police Chief Jim Purcell Jr., "we will have to find another candidate for mayor to support."

Peterson, backing prior testimony by Elkins, said he had received and rejected demands for Purcell's removal of the police chief.

Red Sub Total Up

CANBERRA, Australia (AP)—U. S. Adm. Felix B. Stump said today the number of Soviet submarines has been increasing at a rapid rate in the Pacific, and there are indications "of their extending the scope of their activity."

Blue and White Flag of U. N. Fluttering over Quiet Gaza

GAZA (AP)—The blue and white flag of the United Nations was raised over the Gaza Strip today, replacing the flag of Israel.

All but a small contingent of Israeli soldiers left the troubled Mediterranean coastal area before dawn after 125 days of occupation. The rest will complete the withdrawal later today.

Withdrawal moves also got underway in the Sharm el Sheikh area on the Gulf of Aqaba. Equipment and supplies for the small garrison there were loaded on ships and started back to Israel. The Israeli army said troops would be pulled out and administration of the area turned over to U. N. units Friday.

The departure from Gaza of the victors in the October-Noevember invasion went off without any major incidents reported. Some shots were heard in Gaza City during the early morning hours, but the cause of the firing was not immediately known.

* * *

WITHDRAWING Israeli convoys were protected by armored patrol cars as they crossed into Israel.

Norwegian soldiers of the U. N. Emergency Force set up a sentry post and barrier at 6 a.m. at the Israeli frontier, two miles from Gaza City on the northern end of the narrow strip.

Israeli border guards again manned their own sentry posts, which had been abandoned after the Israeli push into Gaza and the Sinai Desert.

Throughout the strip, Israeli and U. N. forces moved swiftly to accomplish the historic changeover, virtually completing it 15 hours before the 24-hour deadline set by the Israeli command.

Advance elements of 2,600 U.N. troops moved into the strip at 7 p. m. from the Sinai Peninsula. Despite a drenching rain, their jeeps and trucks rapidly deployed the soldiers from Denmark, Norway, Sweden, India and Colombia over the 26-by-8-mile stretch of coastal land.

By 4 a. m. the bulk of the Israeli troops had pulled out, leaving the U. N. in control.

Fayette Hotel Holdup Victims Pick Them Out

Bullet from Wall In Hotel Here Being Checked by Officers

Three men who are being held in New Lexington for the robbery of a Kroger Super - Market in Perry County of $11,064 have been tentatively linked to a $4,400 holdup at Ray Garrity's Fayette Hotel here Feb. 9.

Garrity, along with two companions who were robbed at the hotel here, Wednesday told City Police Chief D. Vaiden Long they were "pretty near certain," the men they picked from a police lineup at New Lexington were the same ones who robbed them here.

A .22 calibre bullet dug out of the wall in Garrity's bedroom after the holdup is being compared at the London Bureau of Criminal Investigation with bullets shot from a gun found with the trio when they were arrested in Perry County.

Tentatively identified in New Lexington Wednesday were John Rosebrough, 24, Denna Wayne Moore, 23, and Tommy Shobe, 23, all of New Lexington and formerly of Ironton. They were arrested Saturday by Perry County sheriff's deputies. They are being held on $25,000 bond in connection with the Super - Market holdup.

* * *

IDENTIFYING them were Garrity, the hotel owner; Ed Mustard, the night clerk, and Harry Haas, a hotel resident. Garrity was robbed of $4,100 after a struggle with the pre - dawn bandits while Haas, awakened by the commotion, had $300 taken from him.

All three were tied up by the armed bandits.

Garrity said at the time that he was certain the men had been in his Rendezvous Room restaurant in the hotel, sometime prior to the holdup.

They knew which room he lived in, they knew that he owned a Cadillac car and they called him by name during the holdup, Garrity said.

One of the bandits shot at Garrity while he resisted their efforts. Another kept repeating "Garrity, you . . . . . I'll kill you!" throughout the holdup.

Garrity first began to connect the alleged New Lexington bandits with the holdup here after Police Chief Long showed him a newspaper picture of the trio.

"Those are the guys, I think," Garrity told the Chief. Garrity and his two companions were driven to New Lexington Wednesday by Chief Long and Sgt. Walter Marshall.

5 Cars Smashed In 10 Minutes

CINCINNATI (AP)—It took just 10 minutes for Howard Townes to rack up five autos, including his own, for three counts of reckless driving, two charges of leaving the scene of an accident and one charge of drunk driving. Bond was $2,100.

Police officers said that at 7:30 p. m. Wednesday, Townes' car hit a parked car. He didn't stop.

Five minutes later his car hit another car eight blocks away. He didn't stop.

Another five minutes and Townes' car struck two moving autos downtown. This time his car was too battered to move and patrolmen arrested him there.

Shelby County Firm Is Held Up

SIDNEY (AP) — A gunman who forced an officer of an insurance company in nearby Anna to open a safe Wednesday night escaped with $90,000 worth of non-negotiable government bonds and $939 in cash and checks.

W. E. Ailes, secretary of the Shelby County Farmers Mutual Insurance Co. in the town 10 miles north of here, said he went to his office shortly after 7 p. m. for a book. A Negro entered the office and forced him to unlock the safe, Ailes related. He said the gunman carried his loot to an old automobile and escaped

House Passes Ike Resolution Offering Aid to Middle East

WASHINGTON (AP) — The House today passed and sent to President Eisenhower a resolution declaring the United States is willing to fight if necessary to resist Communist aggression in the Middle East.

The House acted by quickly adopting the Senate version of the resolution which Eisenhower sought on an urgent oasis two months ago. The Senate finally passed the bill Tuesday, 72-19.

The measure also gives Eisenhower greater leeway in spending $200 million in military-economic aid to the troubled area between now and July 1.

The House, which originally passed it in administration - requested form Jan. 30 by a 355-61 count, stamped final approval on the resolution as modified by the Senate only after a last - minute flurry of pros and cons.

Before the House convened Eisenhower told his news conference the Middle East situation looks brighter but fresh details must be dealt with daily.

* * *

DEMOCRATIC Leader McCormack (Mass) said it is now up to Eisenhower to carry out the Middle East resolution.

"It's his responsibility," McCormack said, adding:

"The Democratic control of Congress has given to the country and to the free world leadership of an outstanding and courageous nature. Let us hope the President, who is the sole repository of foreign affairs under our form of government, will proceed affirmatively with sound judgment and with courage."

Chairman Gordon (D-Ill) of the House Foreign Affairs Committee and Rep. Vorys (Ohio), a senior committee Republican, joined in denouncing the Senate version but said it would be better to accept it than spend more time in getting the resolution passed.

Overriding some last - minute complaints about "gag rule" and "foreign giveaway," House leaders opened today's session an hour earlier than usual and had a one-hour limit put on debate.

Cut in Spending

(Continued from Page One)

would happen if he traveled through the gulf, Eisenhower replied he would have to consult with the State Department.

* * *

ASKED FOR his appraisal of the current situation in Egypt in the light of Israel's withdrawal from disputed territory, Eisenhower replied he would not want to attempt a personal evaluation. He did say, however, he and Dulles had insisted that settlement of one or two preliminary phases would not solve the underlying causes of difficulties there.

Eisenhower added that the United Nations should address itself to those underlying difficulties.

White House—Eisenhower said he would oppose any move to convert the White House into a museum and to build a new residence for the President elsewhere.

The White House is such a symbol of what our country means that it never should be abandoned as a presidential residence, Eisenhower added.

He did say, though, that he recognizes a need for modernization of White House office facilities and suggested that the shortage of office space ought to be the subject of an objective study which would command respect in Congress.

Hall—Asked whether the administration plans to come up with a job for Leonard W. Hall, former chairman of the Republican National Committee, Eisenhower said he admires Hall very much but knows of no prospective vacancy that Hall might fill.

Another Marine Goes on Trial

PARRIS ISLAND, S. C. (AP)—A 25-year-old drill instructor, accused of striking 11 recruits at this big Marine training base, went before a special court-martial today.

The case of Cpl. William R. Walsh of Lyndhurst, N. J., is the fourth and most serious in a current series of recruit maltreatment charges.

Pvt. David Lee Porter of Hartford, Vt., one of the 11 recruits accusing Walsh, said Walsh struck him with an iron bar.

Besides Porter, two of the recruits who have accused Walsh of striking them are Pvts. Charles E. Peters of Warren, Ohio, and Robert T. Collins of Port Clinton, Ohio.

Pope Gives Warning

VATICAN CITY (AP)—Pope Pius XII said today failure to consider the worker as a person would delay natural development of automation and "cause sudden crises of unemployment."

Seven Inducted At Inspection

Degrees Exemplified By Good Hope Grange

Seven were taken into the second degree at inspection held by the Good Hope Grange at its regular meeting in Grange Hall.

Members of the ladies degree team presented the degree work for inspection and accepted Mr. and Mrs. Chester Ratliff, Loy Lee Overly, Royal Kearns, Rex Wickensimer, James Shoemaker and Charles Jones.

Deputy and Mrs. Roscoe Whiteside were guests for the inspection, along with Mrs. Madge Winters and Mrs. Mary Moomaw.

Donations were voted to the Heart Fund and to the Good Hope Youth Fellowship. Master Glen Whittington presided at the meeting.

Quizzes, readings and singing filled the literary program under the direction of Mrs. Cecil Dixon.

Refreshments were served by Mr. and Mrs. Charles Blizard, Mr. and Mrs. W. W. Herdman and Mr. and Mrs. Harry Rains.

Refreshment committee for the next meeting includes Mr. and Mrs. Charles Garinger, Mr. and Mrs. Max Garinger and Mr. and Mrs. Homer Rea.

Students Here To Play in Music Contest

A sizeable group of high school musicians from Washington C. H. and Jeffersonville will go to Wilmington College Saturday to participate in the district high school music festival there.

Soloists and group artists on everything from piano to flute will represent Fayette County at the event.

The district competition is a preliminary round for a state contest to be held at Bexley later in the spring.

Last year's state contest drew close to 1,000 high schoolers from all over the state to Washington C. H. for a weekend.

Students will be rated by expert musicians at the conclave, and those who receive top ratings will be allowed to go on to Bexley.

* * *

REPRESENTING Jeffersonville will be Michael Jenks, a seventh grader, soloing on the alto sax, and Donald Baird, a ninth grade student who will play a cornet solo.

They will be accompanied by their instructor, Walter Hurd.

Students from Washington C. H., who will be accompanied by Music Instructor Robert Neumann, include:

Pianists — Ronnie Coffman, Janice Gillen, and Kay Minshall; trumpet players — Blaine Rice, Duane Callender, Jerry Crissinger, Doug Rider and Bob Burris; clarinetists — Paulette Pennington, Judy Lundberg, Jean Gilmore, Jack Witherspoon, Mary Ann Barr, George Naylor, Jean Hamilton, Betsy Vollette, and Paula Slagle; flutists — Mary Jane Limes, Nancy Dray and Hannah Case; cornetist — Barbara Rose; baritone players — Roger Thornburg and John Rhoad; French horn players—Judy Preston and Joan Knisley; trombonist — Nancy Reno and sousaphone player — Bob Moats.

Chillicothe Levy Proposal Defeated

CHILLICOTHE — Voters defeated by 254 votes a proposed 3.5 mills operational levy in a special election held Tuesday.

Only 4,352 voters out of the 11,455 registered in the city, cast ballots.

Now city council must figure other means of meeting the operational costs of the city.

Musical sand on the Persian Gulf coast of Saudi Arabia make a whistling sound when walked upon.

More Detailed Information Asked in Embezzlement Case

A request for a more definite bill of particulars has been filed in Fayette County Common Pleas Court by J. Harvey Crow, counsel for Mrs. Beverly Clickner Walls, indicted for embezzlement of funds from Washington High School activity funds.

Mrs. Walls, who is free under $1,000 bond, is specifically charged with the embezzlement of $9,874.17 while an employe of the city board of education between Aug. 1, 1954, and Nov. 30, 1956. Arrested in Columbus, she has not yet made a plea to the indictment.

At the request of defense counsel, County Prosecutor Rollo Marchant filed a bill of particulars in which he stated that Mrs. Walls was employed in the high school principal's office between the dates set forth in the indictment and that one of her duties was to receive and account for the Activity Fund.

The bill then lists 52 deparate funds which made up the general Activity Fund. These include class funds, intra-school organization funds and special moneys for specific purposes including band uniforms and various types of equipment.

* * *

THE PROSECUTOR states that "said funds were deposited with the said defendant and that when so deposited they were co-mingled and deposited in a single checking account in the Washington Savings Bank."

The following shortages are listed between the amounts received and the amounts deposited.

Aug. 1954, $286.88; September 1954, $17.30; October 1954, $1,196.19; November 1954, $506.41; December 1954, $110.68; January 1955, $960.54; February 1955, $1,718.69; March 1955, overage of $226.51; April 1955, $1,727.42; May 1955, $172.99; June 1955, $121.38; July and August 1955, $813.55; September 1955, $472.74; October 1955, $41896; November 1955, $1,175.45.

* * *

THE DEFENSE now asks that for each of the months specified, the prosecution (1) Identify each activity fund, the exact amounts of such fund, the day of the month that the money set forth in the indictment came into the hands of the defendant; (2) State the exact amounts of each activity fund the day such funds were deposited by the defendant;

(3) State who or what organizations were owners of each activity fund so received and deposited;

(4) State who gave the defendant any money or in what manner the defendant obtained possession of the money, where it was given to the defendant and whether or not all of the funds claimed received by the defendant came into exclusive possession of the defendant;

(5) State where the various activity funds were kept between the time they were received by the defendant and the time they were deposited.

Treasury Boss Expects Cut In U. S. Budget

DETROIT (AP)—Secretary of the Treasury Humphrey says he is confident substantial cuts can be made in President Eisenhower's record $72 billion budget without impairing security or public services.

But, he told a Republican fund-raising dinner Wednesday night, the cuts would have to come from changes in programs by Congress.

"We have asked Congress to cooperate with us," in trimming Eisenhower's proposed budget for the fiscal year beginning July 1, Humphrey said. "It is doing so in its actions on appropriations bills."

He said while some savings can always be made by "ferreting out waste, extravagance and duplication, the really substantial reductions in government spending can come only from changes to programs, by new decisions of Congress."

Humphrey's views, however, were at variance with Budget Director Percival Brundage. Brundage said in Washington that he saw little hope for substantial cuts in federal spending for at least two years.

Miami Trace Board

(Continued from Page One)

a fact finding body be asked to aid the Citizens Committee", unquote, now, therefore,

"BE IT RESOLVED by The Miami Trace Board of Education that it recommend to The Fayette County Citizens Committee that the services of a qualified person or agency from outside Fayette County be enlisted by said Citizens Committee for the purpose of recommending a districting of Fayette County which will result in the best and most efficient education for all Fayette County youth. Also, contingent upon the Fayette County Citizens Committee defining the scope and cost of such a study, that The Miami Trace Local Board of Education assume their just share of said survey or study."

The resolution was moved by Board Member Herbert Perrill and was seconded by Board Member Gordon Cowdery.

* * *

OTHER BOARD action Wednesday night included the rehiring of Mrs. Ruby Harper as a substitute teacher at Good Hope and acceptance of the resignation of Mrs. Glen Davis as assistant cook at Bloomingburg. Mrs. Don Sollars was employed in the latter position.

The board accepted the offer of the Barnhart Oil Co. to service tires and batteries and lubricate buses.

Observers at the meeting were Wayne Cunningham, James McWilliams and Mrs. C. Elton Rhoad.

Egypt at Par again

CAIRO (AP) — The weekly paper Akher Saa today quoted the air force chief of staff as saying Egypt's air force is back to the strength it had before the British-French attack last fall.

House Passes Ike Resolution Offering Aid to Middle East

WASHINGTON (AP) — The House today passed and sent to President Eisenhower a resolution declaring the United States is willing to fight if necessary to resist Communist aggression in the Middle East.

The House acted by quickly adopting the Senate version of the resolution which Eisenhower sought on an urgent basis two months ago. The Senate finally passed the bill Tuesday, 72-19.

The measure also gives Eisenhower greater leeway in spending $200 million in military-economic aid to the troubled area between now and July 1.

The House, which originally passed it in administration - requested form Jan. 30 by a 355-61 count, stamped final approval on the resolution as modified by the Senate only after a last - minute flurry of pros and cons.

Before the House convened Eisenhower told his news conference the Middle East situation looks brighter but fresh details must be dealt with daily.

* * *

DEMOCRATIC Leader McCormack (Mass) said it is now up to Eisenhower to carry out the Middle East resolution.

"It's his responsibility," McCormack said, adding:

"The Democratic control of Congress has given to the country and to the free world leadership of an outstanding and courageous nature. Let us hope the President, who is the sole repository of foreign affairs under our form of government, will proceed affirmatively with sound judgment and with courage."

Chairman Gordon (D-Ill) of the House Foreign Affairs Committee and Rep. Vorys (Ohio), a senior committee Republican, joined in denouncing the Senate version but said it would be better to accept it than spend more time in getting the resolution passed.

Overriding some last - minute complaints about "gag rule" and "foreign giveaway," House leaders opened today s session an hour earlier than usual and had a one-hour limit put on debate.

Cut in Spending

(Continued from Page One)

would happen if he traveled through the gulf, Eisenhower replied he would have to consult with the State Department.

* * *

ASKED FOR his appraisal of the current situation in Egypt in the light of Israel's withdrawal from disputed territory, Eisenhower replied he would not want to attempt a personal evaluation. He did say, however, he and Dulles had insisted that settlement of one or two preliminary phases would not solve the underlying causes of difficulties there.

Eisenhower added that the United Nations should address itself to those underlying difficulties.

White House—Eisenhower said he would oppose any move to convert the White House into a museum and to build a new residence for the President elsewhere.

The White House is such a symbol of what our country means that it never should be abandoned as a presidential residence, Eisenhower added.

He did say, though, that he recognizes a need for modernization of White House office facilities and suggested that the shortage of office space ought to be the subject of an objective study which would command respect in Congress.

Hall—Asked whether the administration plans to come up with a job for Leonard W. Hall, former chairman of the Republican National Committee, Eisenhower said he admires Hall very much but knows of no prospective vacancy that Hall might fill.

Seven Inducted At Inspection

Degrees Exemplified By Good Hope Grange

Seven were taken into the second degree at inspection held by the Good Hope Grange at its regular meeting in Grange Hall.

Members of the ladies degree team presented the degree work for inspection and accepted Mr. and Mrs. Chester Ratliff, Loy Lee Overly, Royal Kearns, Rex Wickensimer, James Shoemaker and Charles Jones.

Deputy and Mrs. Roscoe Whiteside were guests for the inspection, along with Mrs. Madge Winters and Mrs. Mary Moomaw.

Donations were voted to the Heart Fund and to the Good Hope Youth Fellowship. Master Glen Whittington presided at the meeting.

Quizzes, readings and singing filled the literary program under the direction of Mrs. Cecil Dixon.

Refreshments were served by Mr. and Mrs. Charles Blizard, Mr. and Mrs. W. W. Herdman and Mr. and Mrs. Harry Rains.

Refreshment committee for the next meeting includes Mr. and Mrs. Charles Garinger, Mr. and Mrs. Max Garinger and Mr. and Mrs. Homer Rea.

Another Marine Goes on Trial

PARRIS ISLAND, S. C. (AP)—A 25-year-old drill instructor, accused of striking 11 recruits at this big Marine training base, went before a special court-martial today.

The case of Cpl. William R. Walsh of Lyndhurst, N. J., is the fourth and most serious in a current series of recruit maltreatment charges.

Pvt. David Lee Porter of Hartford, Vt., one of the 11 recruits accusing Walsh, said Walsh struck him with an iron bar.

Besides Porter, two of the recruits who have accused Walsh of striking them are Pvts. Charles E. Peters of Warren, Ohio, and Robert T. Collins of Port Clinton, Ohio.

Pope Gives Warning

VATICAN CITY (AP)—Pope Pius XII said today failure to consider the worker as a person would delay natural development of automation and "cause sudden crises of unemployment."

More Detailed Information Asked in Embezzlement Case

A request for a more definite bill of particulars has been filed in Fayette County Common Pleas Court by J. Harvey Crow, counsel for Mrs. Beverly Clickner Walls, indicted for embezzlement of funds from Washington High School activity funds.

Mrs. Walls, who is free under $1,000 bond, is specifically charged with the embezzlement of $9,874.17 while an employe of the city board of education between Aug. 1, 1954, and Nov. 30, 1956. Arrested in Columbus, she has not yet made a plea to the indictment.

At the request of defense counsel, County Prosecutor Rollo Marchant filed a bill of particulars in which he stated that Mrs. Walls was employed in the high school principal's office between the dates set forth in the indictment and that one of her duties was to receive and account for the Activity Fund.

The bill then lists 52 deparate funds which made up the general Activity Fund. These include class funds, intra-school organization funds and special moneys for specific purposes including band uniforms and various types of equipment.

* * *

THE PROSECUTOR states that "said funds were deposited with the said defendant and that when so deposited they were co-mingled and deposited in a single checking account in the Washington Savings Bank."

The following shortages are listed between the amounts received and the amounts deposited.

Aug. 1954, $286.88; September 1954, $17.30; October 1954, $1,196.19; November 1954, $506.41; December 1954, $110.68; January 1955, $960.54; February 1955, $1,718.69; March 1955, overage of $226.51; April 1955, $1,727.42; May 1955, $172.99; June 1955, $121.38; July and August 1955, $813.55; September 1955, $472.74; October 1955, $41896; November 1955, $1,175.45.

* * *

THE DEFENSE now asks that for each of the months specified, the prosecution (1) Identify each activity fund, the exact amounts of such fund, the day of the month that the money set forth in the indictment came into the hands of the defendant; (2) State the exact amounts of each activity fund the day such funds were deposited by the defendant;

(3) State who or what organizations were owners of each activity fund so received and deposited;

(4) State who gave the defendant any money or in what manner the defendant obtained possession of the money, where it was given to the defendant and whether or not all of the funds claimed received by the defendant came into exclusive possession of the defendant;

(5) State where the various activity funds were kept between the time they were received by the defendant and the time they were deposited.

Treasury Boss Expects Cut In U. S. Budget

DETROIT (AP)—Secretary of the Treasury Humphrey says he is confident substantial cuts can be made in President Eisenhower's record $72 billion budget without impairing security or public services.

But, he told a Republican fund-raising dinner Wednesday night, the cuts would have to come from changes in programs by Congress.

"We have asked Congress to cooperate with us, ' in trimming Eisenhower's proposed budget for the fiscal year beginning July 1, Humphrey said. "It is doing so in its actions on appropriations bills."

He said while some savings can always be made by "ferreting out waste, extravagance and duplication, the really substantial reductions in government spending can come only from changes to programs, by new decisions of Congress."

Humphrey's views, however, were at variance with Budget Director Percival Brundage. Brundage said in Washington that he saw little hope for substantial cuts in federal spending for at least two years.

Students Here To Play in Music Contest

A sizeable group of high school musicians from Washington C. H. and Jeffersonville will go to Wilmington College Saturday to participate in the district high school music festival there.

Soloists and group artists on everything from piano to flute will represent Fayette County at the event.

The district competition is a preliminary round for a state contest to be held at Bexley later in the spring.

Last year's state contest drew close to 1,000 high schoolers from all over the state to Washington C. H. for a weekend.

Students will be rated by expert musicians at the conclave, and those who receive top ratings will be allowed to go on to Bexley.

* * *

REPRESENTING Jeffersonville will be Michael Jenks, a seventh grader, soloing on the alto sax, and Donald Baird, a ninth grade student who will play a cornet solo.

They will be accompanied by their instructor, Walter Hurd.

Students from Washington C. H., who will be accompanied by Music Instructor Robert Neumann, include:

Pianists — Ronnie Coffman, Janice Gillen, and Kay Minshall; trumpet players — Blaine Rice, Duane Callender, Jerry Crissinger, Doug Rider and Bob Burris; clarinetists — Paulette Pennington, Judy Lundberg, Jean Gilmore, Jack Witherspoon, Mary Ann Barr, George Naylor, Jean Hamilton, Betsy Vollette, and Paula Slagle; flutists — Mary Jane Limes, Nancy Dray and Hannah Case; cornetist — Barbara Rose; baritone players — Roger Thornburg and John Rhoad; French horn players—Judy Preston and Joan Knisley; trombonist — Nancy Reno and sousaphone player — Bob Moats.

Chillicothe Levy Proposal Defeated

CHILLICOTHE — Voters defeated by 254 votes a proposed 3.5 mills operational levy in a special election held Tuesday.

Only 4,352 voters out of the 11,455 registered in the city, cast ballots.

Now city council must figure other means of meeting the operational costs of the city.

Musical sand on the Persian Gulf coast of Saudi Arabia make a whistling sound when walked upon.

Miami Trace Board

(Continued from Page One)

a fact finding body be asked to aid the Citizens Committee", unquote, now, therefore,

"BE IT RESOLVED by The Miami Trace Board of Education that it recommend to The Fayette County Citizens Committee that the services of a qualified person or agency from outside Fayette County be enlisted by said Citizens Committee for the purpose of recommending a districting of Fayette County which will result in the best and most efficient education for all Fayette County youth. Also, contingent upon the Fayette County Citizens Committee defining the scope and cost of such a study, that The Miami Trace Local Board of Education assume their just share of said survey or study."

The resolution was moved by Board Member Herbert Perrill and was seconded by Board Member Gordon Cowdery.

* * *

OTHER BOARD action Wednesday night included the rehiring of Mrs. Ruby Harper as a substitute teacher at Good Hope and acceptance of the resignation of Mrs. Glen Davis as assistant cook at Bloomingburg. Mrs. Don Sollars was employed in the latter position.

The board accepted the offer of the Barnhart Oil Co. to service tires and batteries and lubricate buses.

Observers at the meeting were Wayne Cunningham, James McWilliams and Mrs. C. Elton Rhoad.

Egypt at Par again

CAIRO (AP) — The weekly paper Akher Saa today quoted the air force chief of staff as saying Egypt's air force is back to the strength it had before the British-French attack last fall.

Mainly About People

Mrs. Kenneth Arnold and Mrs. Thelma Dresbaugh attended the Tuesday session of the Revlon School held in the Biltmore Hotel, Dayton, and on Wednesday Mrs. Robert Kelley and Mrs. Mona Williams attended, all going in the interest of Downtown Drug Store.

COLUMBUS, Ohio (AP) — Ohio Dept. of Agri. cash grain prices: No 2 red wheat, unchanged to 1 cent lower, 2.13-2.15; No 2 yellow ear corn, unchanged, 1.71-1.77 per 100 lbs or 1.20-1.24 per bu; No 2 oats, unchanged, .70-.75; No 1 yellow soybeans, mostly 1 cent lower, 2.25-2.27.

Pup Is Peeper

JACKSONVILLE, Fla. (AP) — The woman complained that a dog kept jumping up in the air and looking in her front room window.

Patrolman J. R. Moddy, who investigated, said if it had been a cat he might have booked him as a peeping tom but he couldn't find any law covering peeping dogs.

Labor Must Purge Its Racketeering Element

A great and much needed service to the people of this country will be performed if the U. S. Senate committee on labor racketeering will take full advantage of its opportunity to expose the so - called "underworld" movement, reported to be attempting to take over labor unions and employer associations.

When the racketeers take over the cause of Unionism, Labor will suffer to a desperate degree. Both labor and management will benefit if the great "easy money" game of rackets can be kept out of all labor-management relations.

It is equally important that alliances with unscrupulous politicians be stopped. It takes time to dig out the "rats" who engage in this game, but it can be done if pursued by earnest minded officials and other citizens.

It has long been apparent that racketeers and hoodlums were edging and squirming in on labor unions and employer groups. In some locals and even in the national unions themselves they have become so powerful they can defy rank and file members, employers, and the law.

Racketeering, abuses, and criminality which the courts have not been able to touch have been publicized to a great extent and the public should back the officials who earnestly try to do something about it.

The International Teamsters Union recently has been flouting Congress itself with its president, Dave Beck, and other leaders refusing to testify. Apparently they consider themselves more powerful than the federal government. The notorious International Longshoreman's Union still is a troublemaker, defying everybody —including the labor movement.

Labor must clean its house with the help of Congress. It is hoped the Senate probe will be insistent and thorough and let conclusions be drawn leading to legislation ending this threat to the rank and file of union members and to the integrity of government itself.

Don't Laugh at Porcupine in Foot

By Hal Boyle

NEW YORK (AP)—If there is anything the average American knows less about, it is probably gout, a less widespread but even more troublesome affliction.

Gout partitions mankind into two distinct groups—those who laugh at gout, and those who have it.

A five-day siege in bed with my fourth attack of gout in 10 years has taught me who my true friends were. They were the visitors to my pallet of pain who listened respectfully to my tale of woe, and refrained from laughter until they had left my home and were safely on the street.

The false friends were those who jeered, "Been living too high, eh?", and who then laughed in my face when I replied with dignity, "No, the Suez Canal is chiefly responsible for my gout."

Maybe you think it's funny, too, for a man to blame his gout on the Suez Canal? Well, unbutton your ears and listen to a few facts about gout:

1. Gout, like baldness, is a highly masculine affliction. Ninety-five per cent of its victims are men.

2. Gout is rarely mortal. It merely gives you an overwhelming feeling of being mortal. The pain is roughly comparable to the sensation you might have if somehow a hibernating porcupine inside your foot suddenly awoke and tried to break out, pushing a thousand needles into your crying flesh.

3. Gout is like wealth. Most of those who have it inherited it, and therefore deserve neither credit nor blame.

4. Gout is a form of rheumatism or arthritis, and a mouse, a horse or an elephant can get it, as well as an English lord—or you.

5. Gout specifically is an inflammation caused by an excess deposit of uric acid in a joint, resulting from an inborn defect in the metabolism of purines and a deficiency in steroid hormones.

I'm not sure of my medical terminology here, but I think purines are breakfast foods that don't crackle or pop, and a steroid hormone is a self-steering hormone, as contrasted to a spheroid hormone, which must be thrown like a baseball.

6. The idea that gout results only from overindulgence in food or spirited beverages is a prejudice limited to those too brainless to realize that gout often is the penalty of high thinking (as in my own case, naturally) rather than high living.

Now about my own gout attack, and why I hold the Suez Canal to blame.

For weeks, purely in the public interest, I had been cudgeling my brains over the Suez Canal crisis, hoping to find a way to help Ben-Gurion and Nasser in their mutual efforts toward peace—and thus give John Foster Dulles a breather between this crisis and the next one.

Well, sir, unaccustomed as I am to public thinking, the mental strain, helped along by two days of rainy weather, caused my purines and steroid hormones to back up—and down I came with the gout.

Don't tell me it wasn't the Suez Canal. But now that the clouds are clearing over the Suez crisis, my purines are floating like soap bubbles and my steroid hormones are again humming like larks in all my arterial highways.

Gout, the curse of all us abstemious, high-thinking intellectuals, has fled my foot.

Don't laugh. Think. Tomorrow you may wake up with the porcupine in your own foot.

Father--a 'Nebulous' Figure

By George Sokolsky

To get away from Israel and Egypt, from budgets and taxes, from passions and follies, I picked up a pamphlet entitled, "Father— the Forgotten Man." I shall now plead guilty to being the forgotten man whenever my children say to me, "and what did you do when you were our age?"

That is exactly why I do not care to write an autobiography. Too many years would have to be omitted.

Recently, I saw a magazine article explaining how suburban children practically grow up fatherless because between commuting and golf, the children almost never see the head of the family. While this may be an exaggeration, the point that the writer of the magazine article wanted to make was that Mama has become the boss of the household and the children live under a matriarchy, which must be evil.

This pamphlet that I am looking at goes along with the magazine article and holds that father has become a "nebulous" figure. It quotes a study which relegates the father to the condition of a "mother substitute" which is something no man ought to be.

Of course, when a woman claims that the father of her child is a test-tube, the question arises as to what to call the dame.

There are some startling divorce statistics in this pamphlet. It says that of approximately 400,000 divorces granted in the United States each year, about 72 per cent are decrees granted to wives, who in virtually all cases automatically get possession of the children.

About 95 per cent of all divorces are uncontested and most of them are by pre-arrangement. This involves about 300,000 children each year. In most divorces the father gets a raw deal no matter now you look at it. Howard Whitman who made this study then says:

"Investigation of juvenile delinquency, the growing problem of homosexuality, and the already critical problem of emotional disturbance in children, points clearly to the absence of adequate father influence as a contributing factor."

It is difficult to generalize from personal experience which must necessarily be narrow and restricted. Nevertheless, I know quite a sizeable number of children in broken homes and I think that the comment of Judge Julius H. Miner of the Circuit Court of Illinois, will stand analysis when he says:

"Arrangements for the custody of the children among divorced parents are never satisfactory. There is always immeasurable strain upon their parental affection. Children become surly, non-conforming and ultimately incorrigible. Lack of proper supervision leads them into the path of delinquency nd lawlessness."

What is the psychologocal effect upon a child as it grows up, reads newspapers, hears gossip, and discovers that his mother has had not only two but three or four husbands?

Children at one stage believe that their parents are different from others and do not do what others do. Then the child discovers that they do do what others do. Then the child goes through a period of hero-worship of the father. Then the father falls from grace and might be called a jerk over the telephone to another child. Then the child needs father, a sort of big shot who can get things gone, but there is no father.

Queer things are said nowadays to disturb human relations. I heard of a physician telling a young boy that no boy over 17 should live at home with a father because the strain is too great. This is dumb advice but springs from the present conception that all stresses and strains are bad and that punishment is evil and competition a vice.

This is an excellent pamphlet for wives and mothers to read, and I assume that it can be obtained from the Kirkbride Fund, 1421 Chestnut St., Philadelphia, Pa. It ought to be of particular value to such mothers either by replacing the influence of the father or by divorcing him.

"For the sake of the children" is often a self-serving phrase which excuses an assumption that the husband is little more than a stud and that his influence in the family should be secondary to that of the mother. Children get on to that game fast enough and sooner or later learn to respect neither the father nor the mother.

Diet and Health

New Weapons Needed For Fight with TB

By HERMAN N. BUNDESEN

We have a vaccine to fight off tuberculosis. Yet we can't stage mass inoculation programs in an effort to wipe this once terrifying disease from the face of the earth.

The TB vaccine most widely used today is Bacillus of Calmette and Guerin, or BCG for short. It's made from a strain of bovine tubercle baccilli which are alive but have lost their power to produce progressive disease through long years of culturing and reculturing.

BCG is helpful, for it provides substantial protection, but not absolute protection. And we can't predict just how long a dose of the vaccine will protect a person.

Not Effective

After numerous tests, some doctors now seem to think that the use of BCG in general population would not be effective in the United States.

For one thing, the vaccine is given only to persons who have not been infected. Right away this would eliminate one-third of our population since tuberculin tests of this number would prove positive.

It's from these positive cases that most of our new cases will come in the next few years. The only cases which BCG can prevent are those resulting from new infections.

Testing our entire population of some 167,000,000 would probably turn up about 112,000,000 persons who could be vaccinated with BCG. Yet even if we vaccinated all of these persons and all the newborn babies, only about eight percent of new TB cases would be prevented in the first five years.

Low Percentage

Testing and vaccinating two-third of the population and then repeating the whole operation about four times during a 20-year period would be quite a job.

At present we use BCG chiefly for protecting persons constantly exposed to TB infection, such as doctors, nurses and patients and employes in certain institutions.

The search for a better vaccine, however, continues.

A new vaccine has been developed from a virulent strain of human tubercle bacilli which may produce better immunity. It hasn't been tested on humans as yet.

QUESTION AND ANSWER

N. L.: What is the difference between sterilizing and disinfecting?

Answer: Sterilization destroys all bacterial life, disinfection does not necessarily destroy all bacteria, only those that are infectious or harmful.

Electronic Device May Aid Drivers

LOS ANGELES (AP)—Motor traffic jams may be averted in the future by electronic devices that advise drivers of road conditions ahead.

H. A. Radzikowski of the U. S. Bureau of Public Roads, said a tone radio system could be installed along highways to warn cars of accidents ahead and guide drivers through fog.

Long Prison Terms Handed to Pair

CINCINNATI (AP) — Edward C. Sons, 48, and Elmer Scharfenberger, 32, both of Indianapolis, must spend the next 30-75 years in prison for their parts in robbery of a delicatessen and four patrons.

The two, who pleaded guilty, appeared before Judge Charles F. Bell who said Sons "has been a vicious criminal for 30 years." Prosecution officials said both men admitted other robberies before arrests here in the delicatessen holdup Sept. 30.

Try and Stop Me

By BENNETT CERF

HARVEY BREIT'S "The Writer Observed" contains some revealing comments by the authors interviewed. Truman Capote, for instance, confessed, "I'm about as high as a shotgun—and just as noisy. I think I have rather heated eyes."

Evelyn Waugh declared that no writer should be caught dead with a message. "A writer," he said, "has no right to be like Lawrence or Hemingway, thinking they're prophets."

Hemmingawy, himself said, "As a Nobel Prize winner I cannot but regret that the award never was given to Mark Twain nor Henry James."

Carl Sandburg reserved his barbs for TV. "I am disgusted," he fulminated, "with people who just watch indiscriminately for hours and hours. These machines are thieves of time, with not even a mechanical conscience about the hours they will waste in a day."

* * *

"You seldom see drunks walking on the streets in Hollywood," boasts native son Billy Gray. "They're all driving automobiles."

The Nation Today

James Marlow

WASHINGTON (AP) — You pays your money and you takes your choice.

Bunches of people have been turned loose to study foreign aid. You could have predicted the result: they're coming up with different answers. The reason is simple: the country itself has varying opinions on foreign aid.

One report has just been made by a seven-man commission appointed by President Eisenhower. A stream of reports is coming from the 11 organizations and 10 individuals assigned to the study by a Senate committee.

The report from the President's commission—headed by Benjamin F. Fairless, steel executive—looks far less thorough than the others, and less thought through.

One thing all the groups have in common: they agree foreign aid in general must be continued. The big difference is on how to do it.

The Fairless group, some of whose members went around the world to make their study which has been going on since last September, put a big emphasis on the role of private American investment abroad.

It probably put too much emphasis on it as a replacement for United States government help to countries in need.

The President's commission has a tendency to speak in broad generalities, stating broad principles, although an examination of details would have been more instructive.

For example: It says investment abroad by private American capital is "far more desirable than investment by government." And no doubt it might be a way of relieving the drain on American taxpayers.

But would it work? One of the Senate committee groups — from the Massachusetts Institute of Technology — in its report recognized the role American private capital can play in helping other countries.

But it said, "Private foreign investment . . . cannot be expected to carry a major share of an assistance program."

Both the President's commission and the MIT group suggested that American investors overseas be given some help or protection by the government: for instance, in tax relief or against seizure of their property.

The President's commission runs around the block on the questions: Are loans better than outright grants to countries whose ability to pay is questionable? But it wants grants cut way down.

MIT was more direct, simply saying that in some cases loans should be made, in others, grants.

There are a number of detailed differences in the thinking of the two groups.

In the end, since Congress is the one which has the final say on money for foreign aid, the Senate committee's study will probably be more influential than that of the President's commission.

One thing seems certain from all the reports released so far: this country will probably be giving foreign aid for a long time.

Switchmen OK New 3-Year Work Setup

BUFFALO, N. Y. (AP) — The Switchmen's Union of North America announced today its members had accepted a proposed three-year contract calling for pay increases totaling 22½ cents an hour, plus seven paid holidays.

The total vote was not announced, but about 10,000 switchmen on more than 35 railroads were involved in the wage dispute.

The union said this was the first time paid holidays for operating personnel ever had been negotiated with the railroads. It was estimated the holiday pay would be worth more than six cents an hour to the switchmen.

The new contract calls for 12½ cents an hour pay increase retroactive to Nov. 1, plus 5 cents an hour next Nov. 1 and another 5 cents Nov. 1, 1958.

In addition, the contract includes an escalator clause pegged to the cost-of-living index.

Switchmen represented by the union, which has its headquarters here, are believed to have been earning about $5,100 a year under the old contract.

Labor Must Purge Its Racketeering Element

A great and much needed service to the people of this country will be performed if the U. S. Senate committee on labor racketeering will take full advantage of its opportunity to expose the so - called "underworld" movement, reported to be attempting to take over labor unions and employer associations.

When the racketeers take over the cause of Unionism, Labor will suffer to a desperate degree. Both labor and management will benefit if the great "easy money" game of rackets can be kept out of all labor-management relations.

It is equally important that alliances with unscrupulous politicians be stopped. It takes time to dig out the "rats" who engage in this game, but it can be done if pursued by earnest minded officials and other citizens.

It has long been apparent that racketeers and hoodlums were edging and squirming in on labor unions and employer groups. In some locals and even in the national unions themselves they have become so powerful they can defy rank and file members, employers, and the law.

Racketeering, abuses, and criminality which the courts have not been able to touch have been publicized to a great extent and the public should back the officials who earnestly try to do something about it.

The International Teamsters Union recently has been flouting Congress itself with its president, Dave Beck, and other leaders refusing to testify. Apparently they consider themselves more powerful than the federal government. The notorious International Longshoreman's Union still is a troublemaker, defying everybody —including the labor movement.

Labor must clean its house with the help of Congress. It is hoped the Senate probe will be insistent and thorough and let conclusions be drawn leading to legislation ending this threat to the rank and file of union members and to the integrity of government itself.

Don't Laugh at Porcupine in Foot

By Hal Boyle

NEW YORK (AP)—If there is anything the average American knows less about, it is probably gout, a less widespread but even more troublesome affliction.

Gout partitions mankind into two distinct groups—those who laugh at gout, and those who have it.

A five-day siege in bed with my fourth attack of gout in 10 years has taught me who my true friends were. They were the visitors to my pallet of pain who listened respectfully to my tale of woe, and refrained from laughter until they had left my home and were safely on the street.

The false friends were those who leered, "Been living too high, eh?", and who then laughed in my face when I replied with dignity, "No, the Suez Canal is chiefly responsible for my gout."

Maybe you think it's funny, too, for a man to blame his gout on the Suez Canal? Well, unbutton your ears and listen to a few facts about gout:

1. Gout, like baldness, is a highly masculine affliction. Ninety-five per cent of its victims are men.

2. Gout is rarely mortal. It merely gives you an overwhelming feeling of being mortal. The pain is roughly comparable to the sensation you might have if somehow a hibernating porcupine inside your foot suddenly awoke and tried to break out, pushing a thousand needles into your crying flesh.

3. Gout is like wealth. Most of those who have it inherited it, and therefore deserve neither credit nor blame.

4. Gout is a form of rheumatism or arthritis, and a mouse, a horse or an elephant can get it, as well as an English lord—or you.

5. Gout specifically is an inflammation caused by an excess deposit of uric acid in a joint, resulting from an inborn defect in the metabolism of purines and a deficiency in steroid hormones.

I'm not sure of my medical terminology here, but I think purines are breakfast foods that don't crackle or pop, and a steroid hormone is a self-steering hormone, as contrasted to a spheroid hormone, which must be thrown like a baseball.

6. The idea that gout results only from overindulgence in food or spirited beverages is a prejudice limited to those too brainless to realize that gout often is the penalty of high thinking (as in my own case, naturally) rather than high living.

Now about my own gout attack, and why I hold the Suez Canal to blame.

For weeks, purely in the public interest, I had been cudgeling my brains over the Suez Canal crisis, hoping to find a way to help Ben-Gurion and Nasser in their mutual efforts toward peace—and thus give John Foster Dulles a breather between this crisis and the next one.

Well, sir, unaccustomed as I am to public thinking, the mental strain, helped along by two days of rainy weather, caused my purines and steroid hormones to back up—and down I came with the gout.

Don't tell me it wasn't the Suez Canal. But now that the clouds are clearing over the Suez crisis, my purines are floating like soap bubbles and my steroid hormones are again humming like larks in all my arterial highways.

Gout, the curse of all us abstemious, high-thinking intellectuals, has fled my foot.

Don't laugh. Think. Tomorrow you may wake up with the porcupine in your own foot.

Father--a 'Nebulous' Figure

By George Sokolsky

To get away from Israel and Egypt, from budgets and taxes, from passions and follies, I picked up a pamphlet entitled, "Father— the Forgotten Man." I shall now plead guilty to being the forgotten man whenever my children say to me, "and what did you do when you were our age?"

That is exactly why I do not care to write an autobiography. Too many years would have to be omitted.

Recently, I saw a magazine article explaining how suburban children practically grow up fatherless because between commuting and golf, the children almost never see the head of the family. While this may be an exaggeration, the point that the writer of the magazine article wanted to make was that Mama has become the boss of the household and the children live under a matriarchy, which must be evil.

This pamphlet that I am looking at goes along with the magazine article and holds that father has become a "nebulous" figure. It quotes a study which relegates the father to the condition of a "mother substitute" which is something no man ought to be.

Of course, when a woman claims that the father of her child is a test-tube, the question arises as to what to call the dame.

There are some startling divorce statistics in this pamphlet. It says that of approximately 400,000 divorces granted in the United States each year, about 72 per cent are decrees granted to wives, who in virtually all cases automatically get possession of the children.

About 95 per cent of all divorces are uncontested and most of them are by pre-arrangement. This involves about 300,000 children each year. In most divorces the father gets a raw deal no matter now you look at it. Howard Whitman who made this study then says:

"Investigation of juvenile delinquency, the growing problem of homosexuality, and the already critical problem of emotional disturbance in children, points clearly to the absence of adequate father influence as a contributing factor."

It is difficult to generalize from personal experience which must necessarily be narrow and restricted. Nevertheless, I know quite a sizeable number of children in broken homes and I think that the comment of Judge Julius H. Miner of the Circuit Court of Illinois, will stand analysis when he says:

"Arrangements for the custody of the children among divorced parents are never satisfactory. There is always immeasurable strain upon their parental affection. Children become surly, non-conforming and ultimately incorrigible. Lack of proper supervision leads them into the path of delinquency nd lawlessness."

What is the psychologocal effect upon a child as it grows up, reads newspapers, hears gossip, and discovers that his mother has had not only two but three or four husbands?

Children at one stage believe that their parents are different from others and do not do what others do. Then the child discovers that they do do what others do. Then the child goes through a period of hero-worship of the father. Then the father falls from grace and might be called a jerk over the telephone to another child. Then the child needs father, a sort of big shot who can get things gone, but there is no father.

Queer things are said nowadays to disturb human relations. I heard of a physician telling a young boy that no boy over 17 should live at home with a father because the strain is too great. This is dumb advice but springs from the present conception that all stresses and strains are bad and that punishment is evil and competition a vice.

This is an excellent pamphlet for wives and mothers to read, and I assume that it can be obtained from the Kirkbride Fund, 1421 Chestnut St., Philadelphia, Pa. It ought to be of particular value to such mothers either by replacing the influence of the father or by divorcing him.

"For the sake of the children" is often a self-serving phrase which excuses an assumption that the husband is little more than a stud and that his influence in the family should be secondary to that of the mother. Children get on to that game fast enough and sooner or later learn to respect neither the father nor the mother.

Diet and Health

New Weapons Needed For Fight with TB

By HERMAN N. BUNDESEN

We have a vaccine to fight off tuberculosis. Yet we can't stage mass inoculation programs in an effort to wipe this once terrifying disease from the face of the earth.

The TB vaccine most widely used today is Bacillus of Calmette and Guerin, or BCG for short. It's made from a strain of bovine tubercle baccilli which are alive but have lost their power to produce progressive disease through long years of culturing and reculturing.

BCG is helpful, for it provides substantial protection, but not absolute protection. And we can't predict just how long a dose of the vaccine will protect a person.

Not Effective

After numerous tests, some doctors now seem to think that the use of BCG in general population would not be effective in the United States.

For one thing, the vaccine is given only to persons who have not been infected. Right away this would eliminate one-third of our population since tuberculin tests of this number would prove positive.

It's from these positive cases that most of our new cases will come in the next few years. The only cases which BCG can prevent are those resulting from new infections.

Testing our entire population of some 167,000,000 would probably turn up about 112,000,000 persons who could be vaccinated with BCG. Yet even if we vaccinated all of these persons and all the newborn babies, only about eight percent of new TB cases would be prevented in the first five years.

Low Percentage

Testing and vaccinating two-third of the population and then repeating the whole operation about four times during a 20-year period would be quite a job.

At present we use BCG chiefly for protecting persons constantly exposed to TB infection, such as doctors, nurses and patients and employes in certain institutions.

The search for a better vaccine, however, continues.

A new vaccine has been developed from a virulent strain of human tubercle bacilli which may produce better immunity. It hasn't been tested on humans as yet.

QUESTION AND ANSWER

N. L.: What is the difference between sterilizing and disinfecting?

Answer: Sterilization destroys all bacterial life, disinfection does not necessarily destroy all bacteria, only those that are infectious or harmful.

Electronic Device May Aid Drivers

LOS ANGELES (AP)—Motor traffic jams may be averted in the future by electronic devices that advise drivers of road conditions ahead.

H. A. Radzikowski of the U. S. Bureau of Public Roads, said a tone radio system could be installed along highways to warn cars of accidents ahead and guide drivers through fog.

Long Prison Terms Handed to Pair

CINCINNATI (AP) — Edward C. Sons, 48, and Elmer Scharfenberger, 32, both of Indianapolis, must spend the next 30-75 years in prison for their parts in robbery of a delicatessen and four patrons.

The two, who pleaded guilty, appeared before Judge Charles F. Bell who said Sons "has been a vicious criminal for 30 years." Prosecution officials said both men admitted other robberies before arrests here in the delicatessen holdup Sept. 30.

Try and Stop Me

By BENNETT CERF

HARVEY BREIT'S "The Writer Observed" contains some revealing comments by the authors interviewed. Truman Capote, for instance, confessed, "I'm about as high as a shotgun—and just as noisy. I think I have rather heated eyes."

Evelyn Waugh declared that no writer should be caught dead with a message. "A writer," he said, "has no right to be like Lawrence or Hemingway, thinking they're prophets."

Hemmingawy, himself said, "As a Nobel Prize winner I cannot but regret that the award never was given to Mark Twain nor Henry James."

Carl Sandburg reserved his barbs for TV. "I am disgusted," he fulminated, "with people who just watch indiscriminately for hours and hours. These machines are thieves of time, with not even a mechanical conscience about the hours they will waste in a day."

* * *

"You seldom see drunks walking on the streets in Hollywood," boasts native son Billy Gray. "They're all driving automobiles."

The Nation Today

James Marlow

WASHINGTON (AP) — You pays your money and you takes your choice.

Bunches of people have been turned loose to study foreign aid. You could have predicted the result: they're coming up with different answers. The reason is simple: the country itself has varying opinions on foreign aid.

One report has just been made by a seven-man commission appointed by President Eisenhower. A stream of reports is coming from the 11 organizations and 10 individuals assigned to the study by a Senate committee.

The report from the President's commission—headed by Benjamin F. Fairless, steel executive—looks far less thorough than the others, and less thought through.

One thing all the groups have in common: they agree foreign aid in general must be continued. The big difference is on how to do it.

The Fairless group, some of whose members went around the world to make their study which has been going on since last September, put a big emphasis on the role of private American investment abroad.

It probably put too much emphasis on it as a replacement for United States government help to countries in need.

The President's commission has a tendency to speak in broad generalities, stating broad principles, although an examination of details would have been more instructive.

For example: It says investment abroad by private American capital is "far more desirable than investment by government." And no doubt it might be a way of relieving the drain on American taxpayers.

But would it work? One of the Senate committee groups — from the Massachusetts Institute of Technology — in its report recognized the role American private capital can play in helping other countries.

But it said, "Private foreign investment . . . cannot be expected to carry a major share of an assistance program."

Both the President's commission and the MIT group suggested that American investors overseas be given some help or protection by the government: for instance, in tax relief or against seizure of their property.

The President's commission runs around the block on the question: Are loans better than outright grants to countries whose ability to pay is questionable? But it wants grants cut way down.

MIT was more direct, simply saying that in some cases loans should be made, in others, grants.

There are a number of detailed differences in the thinking of the two groups.

In the end, since Congress is the one which has the final say on money for foreign aid, the Senate committee's study will probably be more influential than that of the President's commission.

One thing seems certain from all the reports released so far: this country will probably be giving foreign aid for a long time.

Switchmen OK New 3-Year Work Setup

BUFFALO, N. Y. (AP) — The Switchmen's Union of North America announced today its members had accepted a proposed three-year contract calling for pay increases totaling 22½ cents an hour, plus seven paid holidays.

The total vote was not announced, but about 10,000 switchmen on more than 35 railroads were involved in the wage dispute.

The union said this was the first time paid holidays for operating personnel ever had been negotiated with the railroads. It was estimated the holiday pay would be worth more than six cents an hour to the switchmen.

The new contract calls for 12½ cents an hour pay increase retroactive to Nov. 1, plus 5 cents an hour next Nov. 1 and another 5 cents Nov. 1, 1958.

In addition, the contract includes an escalator clause pegged to the cost-of-living index.

Switchmen represented by the union, which has its headquarters here, are believed to have been earning about $5,100 a year under the old contract.

One Verdict: 'A Good, Wonderful, but Earthy, Man'

Albert Schweitzer--Is He a Saint?

By MEL HEIMER
By Central Press Ass'n.

NEW YORK — The question before the house now: Is Albert Schweitzer a saint or is he not?

A shaky and disillusioned mankind, obviously over - anxious for signs of goodness in itself, is paying loud homage these years to the famous Alsatian who 50 years ago gave up a promising preaching, teaching and musical career to serve his fellow man — in darkest Africa. "The man is a saint," his admirers say firmly.

A mild demurrer is entered—by two who know him better than most.

"I didn't see any saintly aura about Schweitzer," says Jerome Hill, the American producer of the documentary film Albert Schweitzer, who spent five years putting that movie together, "and I'm not sure he's fond of the legend, either. He's a good man, a wonderful man but earthy, mortal man, too. He can get mad and 'blow his top' like any of us."

Erica Anderson, the petite, Viennese - born woman photographer who shot the film, is inclined to echo her partner's comments. " 'Saint' is a pretty strong word," she says thoughtfully. "I'd be more likely to call Dr. Schweitzer a 'universal man,' like the well - rounded men of great character in Renaissance days.

* * *

HILL AND Mrs. Anderson are just back from French Equatoria Africa after having finished up the movie, and now are staying in Manhattan while planning their next one, the story of Christmas, which they will film from stained glass windows in three famous French cathedrals.

Schweitzer's impact on them was, as it is on nearly everyone tremendous. This was Erica's sixth visit to Lambarene, where the 82-year-old doctor - philosopher-missionary has his hospital village and she has been so impressed "that I'm going to spend every one of my vacations, from now on, there with that fine man."

"There's nothing of the goody goody about him," she adds. "He's a realist and he has a wide streak of humor in him. I suppose the thing about him that is most astounding is his youthful quality. He's young and eager, maybe because he refuses to be cynical about the world. 'I won't let myself be disillusioned,' he told me once."

Photographer Erica Anderson and Albert Schweitzer rest between shootings of the documentary film.

The story of how Hill and Mrs. Anderson finally got Schweitzer's permission to do a film on him is almost a full-length movie itself. Erica got the idea after a summer weekend of reading The Life of Albert Schweitzer in 1948. It took her three years of endless letter-writing to get to first base.

"Please don't pester this man," one of Schweitzer's nurses wrote once, after the great man himself had politely told her of the insurmountable difficulties of filming him in his bailiwick uncooperative natives, bad light, heat, humidity, etc. However, at the bottom of the nurse's note, Schweitzer had penned, "Come—but don't come to make film."

ERICA MADE her first trip, the last step being a day's flight from Brazaville to Lambarene in a bucket - seat Junker plane, with seven goats for company. Her foot, now, was in the door. Much later, Schweitzer agreed to have the movie done if it was not released during his lifetime.

Hill and Mrs. Anderson even broke down that resistance, and Schweitzer, shaking his head good-naturedly, admitted they had followed one of his own cardinal rules: "Never enter into an agreement unless it contains an escape clause."

Today on the banks of the Ogowe, 40 miles below the Equator, Dr. Albert Schweitzer goes about his daily tasks, including the cleaning of antelope cages—and in New York are two movie-makers who never will forget him.

Whether he's a saint or not seems almost unimportant. What is important is his credo, which he stated for all men to see when he won the Nobel Peace prize in 1952:

"You don't live in a world all your own. Your brothers are here, too."

April Food Tips Given by Agency

WASHINGTON (AP) — A note from the Agriculture Department to housewives who are budgeting food expenditures for April:

The money - saving buys (because of their abundant supply) will include eggs, beef, turkeys, potatoes, milk and other dairy products, rice, dried prunes, canned sweet corn and peanuts and peanut butter.

Motor Bus Fee Slash Is Urged

COLUMBUS (AP)—The Ohio House has passed and sent to the Senate a bill cutting to $10-a-year the license fees for privately owned motor buses serving cities.

Fees average $300 a bus. Sponsors said the measure was designed to prevent bankruptcy of mass transportation companies.

'Fishyback' Shipping Seen as Flourishing

CLEVELAND (AP)—Roy Fruehauf says "fishyback" shipping (transportation of loaded truck trailers by ship) will flourish in the Great Lakes when the St. Lawrence Seaway is opened in 1959.

In fact, the president of the Fruehauf Trailer Co. predicted, fishyback shipping promises to be "one of the dominant features of Great Lakes-Seaway traffic. He said plans have been announced for construction of more than 21 ships for fishyback service along the Atlantic and Pacific coasts.

Delaware Getting New Patrol Post

COLUMBUS (AP)—The Ohio Highway Patrol will begin construction within 90 days of a modern post at Delaware, on the west side of U.S. [illegible] than a mile south of Delaware.

The present post, in rented quarters in the city, will move to the new location by late summer or early fall, according to Col. George Migle, patrol chief.

The new $50,000 building is similar in design to posts in Marion and Chillicothe.

Ohio Turnpike Payment Urged

CINCINNATI (AP) — William J Reardon, who heads a private group that seeks construction of a Lake Erie-Gulf of Mexico superroad, says he thinks Ohio ought to get from the federal government the $319 million spent on the east-west Buckeye Turnpike.

"The only way they'll get it is by screaming for it," he told the Civic Club Tuesday. "This has been a screaming contest from the very start."

One Verdict: 'A Good, Wonderful, but Earthy, Man'

Albert Schweitzer--Is He a Saint?

By MEL HEIMER
By Central Press Ass'n.

NEW YORK — The question before the house now: Is Albert Schweitzer a saint or is he not?

A shaky and disillusioned mankind, obviously over - anxious for signs of goodness in itself, is paying loud homage these years to the famous Alsatian who 50 years ago gave up a promising preaching, teaching and musical career to serve his fellow man — in darkest Africa. "The man is a saint," his admirers say firmly.

A mild demurrer is entered—by two who know him better than most.

"I didn't see any saintly aura about Schweitzer," says Jerome Hill, the American producer of the documentary film Albert Schweitzer, who spent five years putting that movie together, "and I'm not sure he's fond of the legend, either. He's a good man, a wonderful man but earthy, mortal man, too. He can get mad and 'blow his top' like any of us."

Erica Anderson, the petite, Viennese - born woman photographer who shot the film, is inclined to echo her partner's comments. " 'Saint' is a pretty strong word," she says thoughtfully. "I'd be more likely to call Dr. Schweitzer a 'universal man,' like the well - rounded men of great character in Renaissance days.

* * *

HILL AND Mrs. Anderson are just back from French Equatoria Africa after having finished up the movie, and now are staying in Manhattan while planning their next one, the story of Christmas, which they will film from stained glass windows in three famous French cathedrals.

Schweitzer's impact on them was, as it is on nearly everyone tremendous. This was Erica's sixth visit to Lambarene, where the 82-year-old doctor - philosopher-missionary has his hospital village and she has been so impressed "that I'm going to spend every one of my vacations, from now on, there with that fine man."

"There's nothing of the goody goody about him," she adds. "He's a realist and he has a wide streak of humor in him. I suppose the thing about him that is most astounding is his youthful quality. He's young and eager, maybe because he refuses to be cynical about the world. 'I won't let myself be disillusioned,' he told me once."

The story of how Hill and Mrs. Anderson finally got Schweitzer's permission to do a film on him is almost a full-length movie itself. Erica got the idea after a summer weekend of reading The Life of Albert Schweitzer in 1948. It took her three years of endless letter-writing to get to first base.

"Please don't pester this man," one of Schweitzer's nurses wrote once, after the great man himself had politely told her of the insurmountable difficulties of filming him in his bailiwick uncooperative natives, bad light, heat, humidity, etc. However, at the bottom of the nurse's note, Schweitzer had penned, "Come—but don't come to make film."

ERICA MADE her first trip, the last step being a day's flight from Brazaville to Lambarene in a bucket - seat Junker plane, with seven goats for company. Her foot, now, was in the door. Much later, Schweitzer agreed to have the movie done if it was not released during his lifetime.

Hill and Mrs. Anderson even broke down that resistance, and Schweitzer, shaking his head good-naturedly, admitted they had followed one of his own cardinal rules: "Never enter into an agreement unless it contains an escape clause."

Today on the banks of the Ogowe, 40 miles below the Equator, Dr. Albert Schweitzer goes about his daily tasks, including the cleaning of antelope cages—and in New York are two movie-makers who never will forget him.

Whether he's a saint or not seems almost unimportant. What is important is his credo, which he stated for all men to see when he won the Nobel Peace prize in 1952:

"You don't live in a world all your own. Your brothers are here, too."

Photographer Erica Anderson and Albert Schweitzer rest between shootings of the documentary film.

Two Interesting Papers Are Presented at Browning Club

Mrs. Homer Garringer was a very gracious hostess to the members of the Browning Club Tuesday evening with the president Mrs. Willard Bitzer calling the meeting to order by reading a beautiful tribute in memorial to Mrs. Frank Jackson, a past president of the club.

The secretary's report was given by Mrs. Charles Fults and the treasurer's report was approved as read. Mrs. Bitzer called for reports of committees with Mrs. Garringer and Mrs. Donald Soale, chairmen of the banquet committee giving a very promising report on the affair which is scheduled to take place April 30th. The nominating committee report was given by Mrs. Tran DelPonte who read the slate of officers to be elected for the coming year, at the next meeting. At the conclusion of the busness session, Mrs. Bitzer presented Mrs. Darrell Williams, program chairman for the evening.

Mrs. Williams then presented Mrs. DelPonte with the first paper entitled "Weavers of Stories," and she stated that the first weavers were probably men of the old stone age who thrust branches into the ground at intervals and laced additional branches in and out between them to make a windbreak. Early in the new stone age, people learned to form the windbreak into a circle or square and to roof it to make a house. They wove other useful things of reeds, roots and branches such as fish traps, mats, and baskets.

Long ago the folk depended upon pictures for much of their learning. In the thirteenth, fourteenth and fifteenth centuries it was not every man who could read. Only those few who had gone to the monasteries and learned from the good monks, knew their letters. The commoner, and often the rich and sometimes even the knights and the noblemen were fortunate if they could write their names. To have pictures was not so simple either, as there were of course no printing presses and pictures were rarely reproduced. They were found in Italy in the churches painted on plaster, wood and later on canvas and in France and England they were often made of glass. The great windows in the churches were called the Bibles of the poor for from these glowing jewel - like surfaces, those who could not read studied the old Bible tales. There was another important way in which stories were told. They were told in wood by the weavers of tapestry. It seems likely however, that the industry came as did so much else from the church or the monasteries. Tapestry weaving is certainly one of the most ancient of all the arts. Nowhere else in the world can so much be learned about the life at this time as in these wall hangings. The yarns used may be in wool, camels hair, silk or a combination of the three. The yarns were carefully dyed with vegetable colors There is thought by many to be a hidden weaving in all designs if we only knew the key by which to read them.

The weaving designs may be classed as floral type or geometrical. The prayer rug doubtless originated in Asia Minor where we find it in perfection with most elaborate patterns by the Eighteenth Century charm and elegance, predominated in tapestry weaving. By the Nineteenth Century they became interesting as an art and designs deteriorated.

Mrs Charles Briggs presented the second paper of the evening on the subject 'Wood Carving and Whittling." She stressed that he who works with his hands is a laborer. He who works with his hands and his head is an artisan. He who works with his hands, his head and his heart is an artist.

Most people have the urge to create or to make something worth while with their hands. Jesus of Nazareth was not a carpenter, he was a woodcarver. Whittling and woodcarving have come down to us from the mist of unrecorded time.

Man's first tool was probably a crude ax made from a sharp edged war club and his second was the knife. The Bible is replete with references to woodcarving. Again and again there appears references to graven images to the burning of idols. Only wooden ones would burn. Images were of boxwood, cedar, oak, ebony, fir and cypress. The Lord told Moses that Beyalish knew how to carve timber, so Moses chose him to supervise the construction of his tabernacle.

Later, Solomon built a temple and the cedar of the house within was carved. The wood which Solomon imported for his own house and for musical instruments was sandlewood. Ebony had a particularly colorful history in Biblical times. It was brought to Tyre before 1000 B. C. and was also used by the ancient kings of India for scepters and images. The Ethiopians sent a tribute of 200 logs every three years to Persia.

Woodcarving flourished for a century or two after Christ, then went into a slow decline from which it did not emerge for several centuries. Probably the greatest of all woodcarvers was Grinling Bibbons. He worked for Sir Christopher Wren, the great English architect, and also did carvings in Canterbury Cathedral, Windsor Castle and Cambridge University.

There were also many famous French and Italian woodcarvers. Spain and Portugal also produced some work at the time America was settled. Woodcarving was already fighting against masculine production and only appreciation of the individuality of handwork, the beauty of original design and creation, have kept it alive.

At the close of the meeting the members thanked Mrs. DelPonte and Mrs. Briggs for their splendid papers and a most interesting evening.

Social Happenings

Kensington Club Meets at Hains Home

Mrs. Mary Hains entertained at her home, members of the Bloomingburg Kensington Club for the regular session, with Mrs. Lewis Evans as co-hostess.

Devotions were in charge of Mrs. Haines who gave several comments on various Chapters of the Bible and Mrs. C. E. Hughes read passages of Scripture to correspond with Mrs. Hains comments. Devotions closed with the ten members present praying the Lord's Prayer in unison.

Mrs. Don Thornton, president, opened the business session by leading in the singing of the club hymn "What A Friend We Have In Jesus," and requested the usual reports. Round robin cards were prepared for ill members and roll call was responded to by members giving the following readings: "It is Up to You," by Mrs. Willard Bloomer; "The Days Result," Mrs. Verne Foster; "Just Enjoy Yourself," by Mrs. Anna Groff; "Memory Gems," Miss Catherine Gossard; "What I've Always Wanted" by Mrs. Hains; "A Way to Make Friends," by Mrs. W. P. Noble; "Fannie Crosley Hymns" by Mrs. Charles Porter; "Harvest" Mrs. Martha Pfeifer; "For Others," Mrs. Don Thornton; "Horse Sense," by Mrs. C. E. Hughes. Members repeated the club benediction in unison which closed the meeting.

Two clever contests were conducted by the hostess after which she served a tempting salad course.

Jant Brock's 10th Birthday Is Honored

Janet Brock was honored on her tenth birthday Tuesday when her mother, Mrs. Stewart Brock invited some of Janet's classmates to a birthday party from three thirty until six o'clock. Games were enjoyed and Janet opened her lovely gift responding to each invited guest.

Ten candles topped the pink and white birthday cake bearing the inscription "Happy Birthday," and ice cream molds were topped with the same inscription. Favors of paper cups containing candy and chewing gum was presented to each guest.

Those attending were Toni Davis, Hannelore Matson, Cynthia Bonner, Sharon Walters, Carolyn and Sandy Morris and the honored guests brother, Jimmie.

Blue Birds Meet with Mrs. Sollars

The regular meeting of the Goldilocks Blue Bird Group was held at the home of the assistant leader, Mrs. Herbert Sollars Tuesday after school.

All members were present and included Theresa Bruce, Melinda Hixon, Connie Huffman, Sue Ann Hunt, Carlyn and Cheri Oyer, Mary Kay Sollars and Barbara Warner.

The girls enjoyed finger painting and games, and Mrs. Sollars assisted by Mrs. James Hixon, leader, served refreshments.

Maj. Samuel Myers Chapter to Meet

Major Samuel Myers Chapter, United States Daughters of 1812 will hold their meeting March 11th, at the home of Mrs. John Dial, 215 E. Paint St., at two o'clock in the afternoon. This is the annual business meeting and reports of chapter chairmen will be heard.

Delegates will be elected to State Council which will be held in Columbus in March. Since Major Samuel Myers Chapter is one of the hostess chapters to the State Council, plans will be discussed at this meeting.

Assisting Mrs. Dial will be Mrs. J. Earl McLean, Mrs. Karl J. Kay, Mrs. Harold Zimmerman, Miss Eva Thornton, Miss Essyle Thornton, Miss Golda Baughn, Mrs. John Weade, Mrs. Ralph Agle and Mrs. Donna Wagner.

Personals

Mrs. Jessie L. Leasure of Santa Barbara, California, has arrived at the home of her daughter and son-in-law, Mr. and Mrs. Max Morrow in Jeffersonville, where she will reside during the spring and summer months.

Two Interesting Papers Are Presented at Browning Club

Mrs. Homer Garringer was a very gracious hostess to the members of the Browning Club Tuesday evening with the president Mrs. Willard Bitzer calling the meeting to order by reading a beautiful tribute in memorial to Mrs. Frank Jackson, a past president of the club.

The secretary's report was given by Mrs. Charles Fults and the treasurer's report was approved as read. Mrs. Bitzer called for reports of committees with Mrs. Garringer and Mrs. Donald Soale, chairmen of the banquet committee, giving a very promising report on the affair which is scheduled to take place April 30th. The nominating committee report was given by Mrs. Tran DelPonte who read the slate of officers to be elected for the coming year, at the next meeting. At the conclusion of the business session, Mrs. Bitzer presented Mrs. Darrell Williams, program chairman for the evening.

Mrs. Williams then presented Mrs. DelPonte with the first paper entitled "Weavers of Stories," and she stated that the first weavers were probably men of the old stone age who thrust branches into the ground at intervals and laced additional branches in and out between them to make a windbreak. Early in the new stone age, people learned to form the windbreak into a circle or square and to roof it to make a house. They wove other useful things of reeds, roots and branches such as fish traps, mats, and baskets.

Long ago the folk depended upon pictures for much of their learning. In the thirteenth, fourteenth and fifteenth centuries it was not every man who could read. Only those few who had gone to the monasteries and learned from the good monks, knew their letters. The commoner, and often the rich and sometimes even the knights and the noblemen were fortunate if they could write their names. To have pictures was not so simple either, as there were or course no printing presses and pictures were rarely reproduced. They were found in Italy in the churches painted on plaster, wood and later on canvas and in France and England they were often made of glass. The great windows in the churches were called the Bibles of the poor for from these glowing jewel-like surfaces, those who could not read studied the old Bible tales. There was another important way in which stories were told. They were told in wood by the weavers of tapestry. It seems likely however, that the industry came as did so much else from the church or the monasteries. Tapestry weaving is certainly one of the most ancient of all the arts. Nowhere else in the world can so much be learned about the life at this time as in these wall hangings. The yarns used may be in wool, camels hair, silk or a combination of the three. The yarns were carefully dyed with vegetable colors. There is thought by many to be a hidden weaving in all designs if we only knew the key by which to read them.

The weaving designs may be classed as floral type or geometrical. The prayer rug doubtless originated in Asia Minor where we find it in perfection with most elaborate patterns by the Eighteenth Century charm and elegance, predominated in tapestry weaving. By the Nineteenth Century they became interesting as an art and designs deteriorated.

Mrs Charles Briggs presented the second paper of the evening on the subject 'Wood Carving and Whittling." She stressed that he who works with his hands is a laborer. He who works with his hands and his head is an artisan. He who works with his hands, his head and his heart is an artist.

Most people have the urge to create or to make something worth while with their hands. Jesus of Nazareth was not a carpenter, he was a woodcarver. Whittling and woodcarving have come down to us from the mist of unrecorded time.

Man's first tool was probably a crude ax made from a sharp edged war club and his second was the knife. The Bible is replete with references to woodcarving. Again and again there appears references to graven images to the burning of idols. Only wooden ones would burn. Images were of boxwood, cedar, oak, ebony, fir and cypress. The Lord told Moses that Beyalish knew how to carve timber, so Moses chose him to supervise the construction of his tabernacle.

Later, Solomon built a temple and the cedar of the house within was carved. The wood which Solomon imported for his own house and for musical instruments was sandlewood. Ebony had a particularly colorful history in Biblical times. It was brought to Tyre before 1000 B. C. and was also used by the ancient kings of India for scepters and images. The Ethiopians sent a tribute of 200 logs every three years to Persia.

Woodcarving flourished for a century or two after Christ, then went into a slow decline from which it did not emerge for several centuries. Probably the greatest of all woodcarvers was Grinling Bibbons. He worked for Sir Christopher Wren, the great English architect, and also did carvings in Canterbury Cathedral, Windsor Castle and Cambridge University.

There were also many famous French and Italian woodcarvers. Spain and Portugal also produced some work at the time America was settled. Woodcarving was already fighting against masculine production and only appreciation of the individuality of handwork, the beauty of original design and creation, have kept it alive.

At the close of the meeting the members thanked Mrs. DelPonte and Mrs. Briggs for their splendid papers and a most interesting evening.

Labor, Management Urged End 'Hero-Villain' Roles

NEW YORK (AP)—David J. McDonald, president of the United Steelworkers, declared Tuesday the time has come for labor and management to end "hero and villain" roles in respect to each other.

"I think there is developing a common awareness, not only in steel but elsewhere as well, that unions and management are both here to stay and must learn to live together," McDonald said in a prepared address.

McDonald, addressing the New York Building Trades Congress, said he believed union leaders and company executives should adopt an approach toward "mutual trusteeship."

"We know that profits are necessary to provide return to investors and means for progress," he said. "We know that stability is important so a company can plan ahead. We know equally that the worker must feel he is getting a fair shake and that he too can plan ahead.

"The recognition that we each have a role to play and that together we can progress is the key to future prosperity. This mutual acceptance and knowledge of our trust is what I mean by 'mutual trusteeship.'"

McDonald stressed that he was not advocating "a soft union or timidity."

"The union must be accepted as a full partner in the enterprise," he said. "'Mutual trusteeship' means mutual in every respect, recognizing the proper rights of management without reservation and claiming the proper rights of labor with equal vigor."

Ohio Rest Home Probe Postponed

COLUMBUS (AP)—The House Welfare Committee has postponed action on requested investigation of nursing and rest homes in Ohio. The vote was 11-6.

Legislative leaders said they planned to offer a resolution soon asking the Legislative Service Commission to continue its study of public welfare in Ohio, and to include nursing and rest homes in the investigation.

Punch-Card Vote Machine Studied

COLUMBUS (AP)—The Ohio legislature has a bill to authorize punch-card voting machines.

The machines would operate on the principal of punch-card devices to permit an accurate and speedy count of voting.

Martin Coyle of Hamilton, Butler County Republican chairman, said the machines which he invented would cost about one-third of the lever-type voting machines, and could be stored in about one-tenth the space.

Church Aid Abroad Worth $31 Million

World Service Unit Totals Up Supplies Shipped Out in '56

NEW YORK—Protestant churches in the United States sent 192,073,657 pounds of food, clothing, medicines and other relief supplies abroad through Church World Service in 1956 for free distribution to hungry, homeless and destitute persons. Value of the overseas relief shipments was $31,188,181.

This contribution of American people through their churches to those in need abroad much more than doubled the amount of the 1955 shipments of approximately 73 million pounds of similar materials for the cooperative programs of the churches.

This was announced today by Dr. R. Norris Wilson, executive director, of Church World Service offices here.

Highlight of the material relief program during 1956, in addition to the vastly stepped up overall program of U. S. surplus foods, Dr. Wilson said, was the immediate and extremely effective ministry of the churches in Austria in connection with the tragic Hungarian refugee situation.

There, because of their overseas stockpiles of food, clothing, and other supplies and the network of voluntary assistance available through the cooperation of the European churches, Church World Service relief materials were among those first available to those fleeing from aggression in Hungary.

Of the total shipments in 1956, a major portion was in U. S. government surplus commodities donated to the Share-Our-Surplus program in which foods from our national stockpile of abundance are distributed free to hungry men, women and children throughout the world.

Costs of the distribution of both surplus and other materials, Dr. Wilson declared, were at a record low. Foodstuffs from surplus stocks were distributed, he said, at an average ratio of 254 pounds per dollar contributed and expended in this program.

Other distributions, those of food, clothing, medicines, were at a ratio of slightly over 100 pounds per dollar. These costs, the Church World Service executive said, were for all expenditures including those of administration, promotion, etc. in addition to actual costs of distribution abroad.

Surplus commodity shipments in 1956, Dr. Wilson said, totalled 186,834,717 pounds valued at $27,423,944. This was an increase of 115,900,000 pounds over the surplus food distribution achieved through Church World Service in 1955.

Relief materials other than surplus foods—mainly clothing, shoes, bedding, medical and self-help supplies totalled 5,238,940 pounds valued at $3,764,937, representing an increase over 1955 by more than 500,000 pounds.

The relief materials sent overseas during the year went to 34 countries in Europe, Asia, Africa, Latin America and the Caribbean. Of the total 89,308,121 pounds valued at $16,021,843 were distributed among 11 countries in Europe, while 98,571,449 pounds valued at $14,094,150 went to 14 Asia areas.

Shipments to Latin America were 1,179,595 pounds valued at $322,073; to the Caribbean 3,054,368 pounds worth $714,488.

Distribution overseas of the materials involved in the 1956 program, Dr. Wilson said, was made possible by contributions in response to the "One Great Hour of Sharing" and similar appeals within denominational structures.

MRS. Mary Alice Loesser, 41, is shown in Santa Monica, Calif., court as she won an uncontested divorce from composer Frank Loesser, 46, on grounds they had lots of arguments and he told her he wanted to "find himself." In the finding, he loses their Beverly Hills home, $60,000 yearly alimony, $600 a month support for their two children, and $450,000 insurance. Thus ends a 20-year run. *(International)*

Swimming Pool in Play Room

HERE'S THE 45-FEET-LONG PLAY ROOM of that $400,000 home Barbara Hutton gave her son, Lance Reventlow, on his 21st birthday. Edge of the swimming pool, which runs from inside the play room to outside in the patio, is at right. Sliding doors separate the play room from the patio. Also in view are a fire place and a barbecue. The play room is furnished in "Chinese modern," with a teak-topped bar. Light filters through pink-tinted tapestries above the clear plastic ceiling. The home, in Beverly Hills, Calif., has two bedrooms, eight bathrooms.

Small Business Tax Aid Sought

WASHINGTON (AP)—A bill to provide income tax relief for small business firms and family sized farms is ready for introduction by Rep. Eill (R-Colo).

The measure would, among other things, permit small firms extra deductions from their taxable income for plant improvements, reduce the normal corporate tax rate from 30 per cent to 20 per cent for firms earning up to $150,000 a year, and also exempt such firms from the present 22 per cent surtax rate now applicable to companies earning over $25,000.

Provisions of the bill would apply to farms as well as businesses.

Hill said he was joined in the bill by Rep. McCulloch (R-Ohio).

Pair Is Indicted In Grocery Slaying

CANTON (AP)—The grand jury has indicted Harry Bundy, 38, and Russell McCoy, 22, both of Zanesville, for first degree murder in the fatal shootings of two men in a grocery holdup Nov. 23 near Uniontown.

McCoy also faces two other counts of first degree murder in Zanesville in the shootings of his half-sister and brother-in-law. He pleaded innocent to those and a trial was set for April 8.

Police said McCoy admitted all four killings and implicated Bundy in the grocery holdup. Bundy denied it.

Pet Rescue Calls Curbed by Council

AKRON (AP)—Franklin Twp. volunteer firemen are fed up with rescuing dogs from ice and cats from trees.

At their request, the township trustees voted to prohibit the fire department from answering pet rescue calls unless a fire is involved.

Contractor Writes Interesting Note

TOLEDO (AP)—Paving contractor Pete Bain, who lives across the street from a packing house, wrote about the situation:

"The bovine athletic club across the street is still mooing its hymn of hate. They added a bass singer, an Angola Angus with a three-speed larynx.

"About midnight he was bellowing a warmup on 'Love Me Tender' and when he'd blast a high one from the gut bucket you could have heard him on Mackinaw Island."

City Law Director Charles T. Lawton, to whom the letter was written, passed it along to one of his investigators.

Recluse Leaves $15,496 Estate

CLEVELAND (AP)—John Gillan, a bachelor, lived alone in a $4-a-week room for 30 years while saving for his old age.

He died Tuesday at 67, while riding in a taxi to a hospital. Later, detectives found a bank book showing deposits of $15,496 in his dust-covered, six-by-eight-foot room.

Actress Weds

LINDA DARNELL, actress, and Merle Robertson, an airline pilot, pose for pictures after they were married in Riverside, Calif. It is the third marriage for the bride and the first for the groom. *(International)*

Refugee's Fright Caused by Error

STRUTHERS (AP)—A Hungarian woman refugee heard the knock on the door at her home here. To her it meant only one thing—the police! She had been here but two days. The tears came to her eyes.

Trembling, she opened the door and there were the uniformed men.

"Where's the fire, lady?" came the gruff inquiry.

Then a myriad of explanations. The young woman had only gone to the corner to mail a letter and had found a fire alarm box instead of the mail box.

Appointive State Board Idea Studied

COLUMBUS (AP)—Gov. C. William O'Neill says Senate and House leaders do not agree on proposals to substitute an appointive State School Board for the 23-member elected board.

The governor said leaders indicated proposals to do away with the board will receive serious consideration in this session of the Legislature. Former Gov. Lausche urged an appointive setup, but leaders at that time deplored the idea. They are Republicans, Lausche a Democrat.

R. T. K. Owens (R-Jackson), chairman of the House Education Committee, said hearings would start soon on a bill authorizing the governor to appoint a nine member state board.

Singer, 35, Dies

FLEMINGTON, N. J. (AP)—William Johnson, 35, baritone star of stage and television musicals, died yesterday of a heart attack three hours after entering Flemington Medical Center.

Taxpayer Due To Foot Aid Bill for Years

Business Also Sees Some Losses Coming In Marts of Trade

By SAM DAWSON

NEW YORK (AP) — Many an American taxpayer getting up the cash for the year after year series of world crises that call for rbillions of dollars to salve the pain have turned to the old hymn: "How Long, Oh Lord!"

An answer comes today from a citizen's blue ribbon foreign aid advisory committee in its report to President Eisenhower:

For a long time to come.

But the seven-man committee headed by Benjamin F. Fairless, former U. S. Steel chairman, urges the government to try to cut its spending both here and abroad.

And it says greater stress should be put on encouraging more normal commercial trade between nations — and especially on increasing private investment overseas as far preferable to U. S. government grants or loans.

This in turn, however, raises two more problems bothering businessmen.

Increasing foreign trade often brings opposition from American manufacturers who feel they will be hurt.

And how can you get Americans to invest their money abroad unless they have some assurance they won't lose their funds through the actions of foreign governments?

For an example you need go back no further than Nasser's seizure of the Suez Canal from the company that built it and had treaty rights to it for 12 more years.

American corporations — particularly the big oil companies with large holdings in the Middle East —were quick to point out that flouting of treaty and property rights was no way to encourage further investment aboard.

The Fairless report says the U. S. government should increase its efforts to induce foreign countries to make investments by private U. S. capital attractive.

It suggests further that Washington provide "more equitable taxation of foreign business income."

The report says that the U. S. must go on spending at the current rate until economies can be made eventually—largely through encouragement of trade and investment. Last year, the report adds, total foreign aid, including spending for U. S. civilian and armed forces overseas, came to eight billion dollars.

With the taxpayer in mind, the Fairless report urges the president to try to reverse the trend of government spending both at home and abroad. Too great a drain on the taxpayer could undermine the national economy, which in turn would imperil our defense.

It's businessmen's opinion that private industry could do a lot of the foreign aid job—given the right investment climate.

Doctors' Teacher

NEARING the end of three months of plastic surgery study under Dr. Morton Berson, chief plastic surgeon at Wickersham hospital in New York City, Dr. Yacko Ohta soon will return to her native Tokyo. She will instruct Japanese doctors in methods she learned here. She is holding a cast used for correction of skull depression. Dr. Ohta is an instructor of surgery at the Woman's Medical college. *(International)*

3 Psychiatrists To Test Killer

CINCINNATI (AP) — Three psychiatrists have been named to examine Lemuel (Son) Trotter, 30, charged with first degree murder in the 1955 holdup slaying of detective Walter Hart.

Trotter pleaded innocent by reason of insanity.

Permits Issued For Buildings

New Sohio Station At Court and North

The Standard Oil Co. of Ohio will build a new service station on the corner of Court and North Sts. here, "just as soon as the weather breaks."

So said Howard Mace, who operates a Sohio station at the location now. Mace will move his operations to the corner of Court and Hinde Sts., where Sohio presently owns a company - operated station.

The new station at the Mace location will be operated by Sohio.

Plans for the new one - story, two - room station, which will occupy the site of the present Mace station and the site of the former J. M. Baker home next door, call for construction estimated at $12,500.

* * *

PERMITS for two new residences and additions to two existing residences also have been issued in the city auditor's office lately.

A permit for a new residence has been issued to A. E. Weatherly, Dice Dr., for a frame and masonry building valued at $14,250. L. M. Blessing, 225 Henkle St., has been issued a permit for a new residence valued at $5,000.

Elva R. Michael, 921 Yeoman St., has been issued a permit for a one story, three - room, frame residence addition. A permit has been issued to Hal Summers, 615 E. Paint St., for an additional bedroom valued at $1,500.

Highway Buying Eyed by O'Neill

COLUMBUS (AP) — Gov. C. William O'Neill is investigating the possibility some highway machinery purchased during the administration of former Gov. Frank J. Lausche may have created a surplus of equipment in the Ohio Highway Department.

At the same time, he said the department will take "closer looks" at contract specifications so that they do not favor one firm over another.

Society Is Formed

COLUMBUS (AP) — Formation of the Biophysical Society has been approved by more than 500 biophysicists meeting here. It is the first national organization of scientists working in biophysics and allied fields.

State Commander of Legion To Speak Here Monday Night

Fred W. Thacker, commander of the American Legion of Ohio, is to be the principal speaker at the anniversary supper of Paul H. Hughey post here Monday evening.

COM. FRED W. THACKER

The anniversary dinner is an annual Legion affair, designed as a reminder that the Legion was founded 38 years ago this month.

Most of the posts throughout the country, including 735 in Ohio, usually observe the occasion around March 15, 16 and 17. The earlier date of March 11 was settled on by the pst here, for several reasons, Commander Russ Whited said. One was the availability of the state commander at this time for the speaker and another was the absence of conflict with many other meetings the same night.

* * *

RESERVATIONS for the supper, scheduled for 7 p. m., should be made no later than Saturday, Whited said. Return cards were included with notices of supper sent to the 442 members of the post here.

On these cards also was a place to note the number of consecutive years of membership in the Legion. The request for this information has a purpose: Gold stars bearing the number of consecutive years of membership are to be presented at the meeting to those who give it. The stars are to be sewed on the Legion caps by the members. They will denote membership by 5-year periods, from 5 to 35 years.

Commander Whited said "we really feel fortunate in being able to have the state commander here for the supper." He added that Thacker had not said what the subject of his talk would be.

An Air Force veteran of World War II, Thacker will come here from his home in Marion for the anniversary supper.

He entered the service as a private in January, 1941, and was a major when he was released 63 months later.

In private life, he is the manager of several motion picture theaters in the Marion area.

Mrs. Thacker, who served in World War II as a nurse, also is a member of the Legion.

* * *

FINAL PLANS for the supper were put in shape at this week's meeting of the post's executive committee. Some changes in the post rules and regulations also were outlined and William Stoughton and R. Burris Tharp were named to get them in concrete form and present them at next regular post meeting on March 25.

The 12 member executive committeemen had a contest among themselves during the last membership campaign. They formed three teams of four men each, with a steak dinner, at the expense of the losers, as the reward for the winning team.

Guests for steaks on April 1 will be Francis Morgan, Bill Marshall, Hugh Gidding and Commander Whited. On the two teams that will pick up the tab are Tharp, Herbert E. Wilson, Lee Shonkwiler, Paul Souther, M. A. Rife, Charles Marllow, Henry Litz and Dr. John Richards. The place for the dinner has not been selected.

Barrow-Pusher Dies

CINCINNATI (AP)—Mack Beatty, 72, died Wednesday from injuries suffered Feb. 8 when an automobile struck him as he pushed a wheelbarrow.

Auditor Due To Eye Dover City Books

COLUMBUS, Ohio (AP)—A "top-notch" auditor will go to Dover in the next few days to start a complete check of the city's finances, State Auditor James A. Rhodes said today.

Rhodes said the audit would be made on the basis of a recommendation by a state examiner, John Cianflona, to the chief of the Cities Division of the Ohio Bureau of Inspection.

The state auditor declined further comment on the audit until the results are available

Cianflona recommended the special audit Wednesday and asked that it include accounts of insurance carried with an agency operated by Eugene Hanhart, former state Democratic chairman. Told of the recommendation, Hanhart said it was news to him. Hanhart retired as state chairman last May.

Cianflona held a hearing Wednesday, in Dover to check into the awarding of insurance contracts prior to Jan. 1, under the administration of a former mayor, Harry Stucky, a Democrat. Questioned at the hearing were Republican Mayor Clifford Froelich, City Auditor Arthur W. Wagner, Service Director Edward Elgin and Walter G. Weinsz, a Dover insurance man.

Hanhart was awarded a 1¼-million-dollar policy on the Dover light plant in 1955, Weinsz said, although Hanhart was the highest of four bidders. Hanhart told newsmen, however, that the contract was awarded legally by the Board of Control. He also cited a taxpayer's suit which was filed in the matter, but later withdrawn.

Instead of Ham, They Get Bologna

MIDDLETOWN (AP)—Four Middletown men could have been eating high on the hog; instead it's bologna twice a day.

Patrolman Ronald Watson of the Hamilton police force said he noticed four men approaching customers in a cafe. One offered to sell him "some hams recently imported from Virginia."

The officer inspected the auto of the four and found the trunk loaded with hams. Notifying Middletown police, he learned the Mayer Meat Co., packing house had been burglarized of 35 hams.

Confined at city jail for investigation in the burglary, the four men are on a bologna diet.

Retired Envoy Dies

DAYTON (AP)—Harry E. Ewing, 73, former U. S. Embassy aide in Buenos Aires, died here Wednesday. Ewing had lived here since he retired from diplomatic work in 1950.

Cadillac

Relaxing... Across America!

Behind them are the majestic mountain roadways of Southern California and the picturesque desert drive through Arizona.

And ahead lie the broad highways of Texas . . . the scenic roads that wind through Oklahoma and Missouri . . . and the great Midwestern turnpikes that lead to the Eastern Seaboard.

What's it like to spend the better part of a week in a 1957 Cadillac?

Well, first of all, there is the *restfulness* a Cadillac provides. The car is so incredibly smooth and quiet and comfortable that even the longest journey is an occasion for glorious relaxation.

And for the lucky gentleman in the driver's seat, there is the added reward of Cadillac's brilliant new performance.

In fact, the car is so nimble and eager, so responsive and alert that day's end will usually find them well beyond their morning's destination!

And then there will be the many other Cadillac virtues to enhance the pleasure of their journey . . .

. . . its vast areas of vision to give them the full panorama of America's great beauty and grandeur

. . . its extraordinary safety and dependability to add to their contentment and peace of mind

. . . and its remarkable operating economy to remind them how *practical* their odyssey is.

So there they are—seeing our wonderful land from the finest vantage point on the American road: *through the windshield of a 1957 Cadillac!*

* * *

Of course, you don't have to travel 3,000 miles in this newest "car of cars" to realize why its owners call it "the greatest of all Cadillacs".

The evidence is in our showroom now—and an hour at the wheel will tell you the whole story.

Taxpayer Due To Foot Aid Bill for Years

Business Also Sees Some Losses Coming In Marts of Trade

By SAM DAWSON

NEW YORK (AP) — Many an American taxpayer getting up the cash for the year after year series of world crises that call for billions of dollars to salve the pain have turned to the old hymn: "How Long, Oh Lord!"

An answer comes today from a citizen's blue ribbon foreign aid advisory committee in its report to President Eisenhower:

For a long time to come.

But the seven-man committee headed by Benjamin F. Fairless, former U. S. Steel chairman, urges the government to try to cut its spending both here and abroad.

And it says greater stress should be put on encouraging more normal commercial trade between nations — and especially on increasing private investment overseas as far preferable to U. S. government grants or loans.

This in turn, however, raises two more problems bothering businessmen.

Increasing foreign trade often brings opposition from American manufacturers who feel they will be hurt.

And how can you get Americans to invest their money abroad unless they have some assurance they won't lose their funds through the actions of foreign governments?

For an example you need go back no further than Nasser's seizure of the Suez Canal from the company that built it and had treaty rights to it for 12 more years.

American corporations — particularly the big oil companies with large holdings in the Middle East —were quick to point out that flouting of treaty and property rights was no way to encourage further investment aboard.

The Fairless report says the U. S. government should increase its efforts to induce foreign countries to make investments by private U. S. capital attractive.

It suggests further that Washington provide "more equitable taxation of foreign business income."

The report says that the U. S. must go on spending at the current rate until economies can be made eventually—largely through encouragement of trade and investment. Last year, the report adds, total foreign aid, including spending for U. S. civilian and armed forces overseas, came to eight billion dollars.

With the taxpayer in mind, the Fairless report urges the president to try to reverse the trend of government spending both at home and abroad. Too great a drain on the taxpayer could undermine the national economy, which in turn would imperil our defense.

It's businessmen's opinion that private industry could do a lot of the foreign aid job—given the right investment climate.

Doctors' Teacher

NEARING the end of three months of plastic surgery study under Dr. Morton Berson, chief plastic surgeon at Wickersham hospital in New York City, Dr. Yacko Ohta soon will return to her native Tokyo. She will instruct Japanese doctors in methods she learned here. She is holding a cast used for correction of skull depression. Heavier March Traffic Means More Accidents

Sheriff Cites Extra Hazards in Spring Driving

March traffic may be expected to be 15-20 per cent heavier than February according to Sheriff Orland Hays who points out that on the basis of fuel consumption last year 20 per cent more miles and about the same increase in vehicles on the road may be expected.

Every increase in vehicles or mileage on the highway presents a correspondingly greater opportunity for motor vehicle accidents, with collision between motor vehicles being the most numerous occurence.

Collision between motor vehicle and pedestrian non-collision accidents, collisions with fixed objects and collision between motor vehicle and railroad train follow in that order.

The sheriff said that some folks are startled to learn that most of the collisions between intersections involve cars that are going in opposite directions. Then come cars both going in the same direction and the third classification where one car is attempting to enter a drive or an alley. At intersections the collision type most likely will be with the cars approaching at an angle.

Operation Safety during March emphasizes defensive driving, and this according to the sheriff, calls for a knowledge of the common types of accidents and a foreknowledge of the ways in which they can be avoided. Two car collisions may be reduced if the motorist stays on his side of the road, until he can see sufficient space for safe overtaking and passing of a vehicle.

Remain back of other cars so that you have ample space to stop in an emergency. On the open road at legal speeds a space equal to seven car lengths is the minimum required.

* * *

PART OF THE collisions where one car is seeking to enter a driveway could be reduced if the driver of that turning vehicle always signalled well in advance of the point where he wishes to turn off.

The sheriff said that he wouldn't be surprised if a considerable number of these turning drivers sought to go to the left and the following car was coming too rapidly for it to be stopped.

Few of our secondary roads are wide enough to permit the passing of a car about to make a left turn. When the through vehicle is going in the opposite direction, the collision often occurs because the turning driver did not realize that the straight through car was so near or was approaching so rapidly.

Intersection accidents will go down when neither driver expects that the other one is going to yield Too many of these crashes are the result of a bluffing game, each driver attempting to force the other to stop.

Rural intersections are quite far apart, so it is not surprising that a majority of pedestrian injuries occur when the pedestrian was crossing the highway between intersections. It is common for a pedestrian to misjudge the rate at which traffic is approaching. Be sure that the nearest car is far enough away that you can walk across the road without having to hurry to safety.

* * *

OVER A THOUSAND cars a month drive off of the rural highways and about half of these do so where there is neither curve or intersection. These mishaps and those where a car collides with a fixed object can be traced to lack of control.

Give careful attention to speed limit signs on the highway. They indicate the greatest speed that it is ever safe to travel. Wet pavements call for at least a 10 mile per hour reduction below the posted limits.

Familiarity with the roadways is no certain guarantee of safe travel. Eight out of 10 persons involved in accidents reside in the county where the accident occurred, and some people claim that most of them reside within five miles of the scene of the accident.

In any case, it is common knowledge that it isn't the strange road where a fellow gets into trouble. The real problem is inattention on a road with which the driver is somewhat familiar.

The rural driver needs to be extra careful in approaching railroad crossings. Reports to the Ohio State Safety Council indicate that a good many of these are crashes where the vehicle collided with the train already on the crossing. Be certain that you can get across without a hazard, or wait until the train has passed.

* * *

SHERIFF HAYS said that it is surprising that the number of drownings jumps sharply in the month of March. None of these people intended to be in the water, practically all of them fell in.

If you are planning a stroll along the stream, remember that the banks are still soggy and that the footing is slippery. Don't take any solitary strolls. It may be a long while before anyone comes that way to lend a hand.

Your clothing will be water logged in no time and the water is really cold. Those who must be near the water for any purpose should wear a life vest. It will keep you afloat until help comes along. Parents should discourage youngsters from playing along stream banks at this season of the year, the sheriff said.

Children's Spring Style Show Sponsored by CCL Is Friday

What the smartly dressed boy and girl will wear this spring will be shown at a fashion parade next Friday at the high school auditorium.

The style show, which will start at 7:30 p. m., is sponsored by the three circles—Alpha, Beta and Gamma—of the Child Welfare League to raise money for their treasuries. Members of the league are now selling tickets to the show.

The clothes, from Wise's Children's Shop, will be modeled by around 85 boys and girls from 2 to 12 years old.

The purpose of the Child Welfare League, which is made up of mothers, is "to provide an avenue for systematized efforts in all matters pertaining to childhood and its needs through education, philanthropic legislation and enforcement of existing laws."

Its motto is: "A child well guided today, tomorrow will guide well his own destinies."

Most circles of the state-wide Child Welfare League have an average of 30 members; thus, there are around 90 mothers in the three circles here seeking to broaden their knowledge of child problems and learn ways to solve them.

* * *

EACH CIRCLE schedules a meeting for each month during the school year, usually at the homes of the members. The pattern is essentially the same for each—one party a year for the children and one for the husands and a big party in which all three circles join at the end of the year. However, the overall schedule, or program, is flexible and subject to changes to suit conditions.

On the more serious side, there are four meetings a year for a study of four primary subjects—Spiritual, mental, physical and moral development of their children. For these meetings, the circles usually bring in an authority as a special speaker.

While the circles are non-profit organizations, the president of one of them explained they do need some money for speakers, the parties, a few philanthropic projects and special occasions.

The league's share of the proceeds from the style show are to be divided among the three circles to be used as each sees fit.

Mrs. William Fletcher is president of the Alpha Circle, Mrs. Hilbert Meyer of the Beta Circle and Mrs. Jack White of the Gamma Circle.

* * *

BOYS AND GIRLS, including four sets of twins, who will model the spring fashions, for both sports and dress-up are:

Billy and Gail Hurles, Timmy Ladrach, Mervin Coulter, Deanne Whited, Linda, Crol, Judy McCoy, Susie Naylor, Mary Ann Binzel, Bill and Bob Rea, Rita Kelley.

Susie Kelley, Kay Patterson, Roma Jean Warner, Becky Herbert, Kim Keaton, Barbara and Beverly Heinz, Gail Lynch, Paul Hoffman.

Dianne Varney, Patti Crissinger, David Woodmansee; Terry and Becky Wise, Janis and Janet Foraker; Janie Roszmann, Cinda Kelley, Michele Stemple, Patty and Debby Bernard.

Dawnie Willis, Susan Eyre, Polly and Peggy Wood, Michael Maust, Danny Leeth, Karen Karney, Jo Ann Mossbarger, Jo Ellen White.

Bill Mustine, Kay Soldan, Marilyn Lynch, Tommy Montgomery, Bruce Denen, Ronnie Callison, Susie Boyer, Terry Oty, Jimmy and Larry Hagler.

Bill Metais, Tova Woodmansee, Penny Jones, Mike Inskeep, Melody Reno, Randy Dodds, Sandy Chakeres.

Babs Moore, Jamie Shoemaker, Sherry Halliday, David Hagler, Jimmy Palmer, Kathi Arnott, Pamie Creamer, Leslie and Jonathon White, Mary Ann Hopkins.

Gretchen Donohoe, Tommy Fortier, Terry Marchant, Patti Williams, Mary Ann and Becky Mossbarger, Roger Donohoe, Patty Wilson.

Mindy Shaw, Bobby Sanderson, Katy Moore, Christy Boyd, Lorie Dumford, Jimmy Wade and Peggy Lee Hatfield.

Would-be Bandit Has Hopes Dampened

MEMPHIS, Tenn. (AP)—When a would-be bandit stepped into the office of a drive-it-yourself auto firm and demanded "Let me have the stuff," attendant James McKenzie let him have a pan of water right in the face.

The marauder fled, his speed perhaps the greater because the water had been intended for coffee-making and was just coming to a boil when McKenzie threw it.

The U. S. Army Air Force Station at Roslyn, Long Island, is one of the smallest air force bases in the world with only 500 personnel. Yet there have been 68 weddings there since 1952, 42 of them involving airmen and WAF couples who met on the post.

Woman Marine Sergeant Will Be in Chillicothe

Any young women here interested in joining the Marine Corps can get the answers to their questions from the feminine point of view—from a woman Marine.

Staff Sergeant Dorothy L. Colmer will be in the courthouse in Chillicothe Mar. 13 and 14 to interview young women between the ages of 18 and 30 years, who are single and have no dependents and are high school graduates.

The aircraft carrier USS Saratoga is the longest and widest ship ever built (1,039 feet long, 252 feet extreme breadth).

Low-Line Tractor Model Announced

A new low - line, high - crop clearance three - plow tractor, weighing approximately 4,100 pounds, is being announced by Allis - Chalmers, according to representatives of the Jeffersonville Farm Service who attended a recent sales meeting at the company's Columbus branch.

Nelson Baker, manager of the farm service, said that the new Model D-14 gives farmers the conveniences of a low-profile tractor, easy to get on and off, but with as much cultivating clearance as a high-wheel row-crop tractor.

Some of the other exclusive features in this tractor are a new power control system that permits shifting on-the-go to high or low range, providing eight forward speeds; completely enclosed hydraulic system; unusual comfort, security, and vision with the new easy ride seat and wide roomy platform; and new power-crater engine rated at 35 hp plus (manufacturer's rating).

Small Business Clinic Interests BPW Here

Members of the Business and Professional Women's Club here today are talking about attending the one-day Small Business Clinic at Ohio State University on April 6. Miss Helen Slavens, news service chairman of the club, said it was still uncertain how many would go from here, but "assumed" there would be "quite a few."

The clinic, sponsored by the Ohio Federation of Business and Professional Women's Clubs, will be held in the Ohio State Museum auditorium.

The program will consist of speeches, a panel, films and discussions.

Ohio State University, the state Department of Education and the federal Small Business Administration are cooperating with the BPW.

Heavier March Traffic Means More Accidents

Sheriff Cites Extra Hazards in Spring Driving

March traffic may be expected to be 15-20 per cent heavier than February according to Sheriff Orland Hays who points out that on the basis of fuel consumption last year 20 per cent more miles and about the same increase in vehicles on the road may be expected.

Every increase in vehicles or mileage on the highway presents a correspondingly greater opportunity for motor vehicle accidents, with collision between motor vehicles being the most numerous occurence.

Collision between motor vehicle and pedestrian non-collision accidents, collisions with fixed objects and collision between motor vehicle and railroad train follow in that order.

The sheriff said that some folks are startled to learn that most of the collisions between intersections involve cars that are going in opposite directions. Then come cars both going in the same direction and the third classification where one car is attempting to enter a drive or an alley. At intersections the collision type most likely will be with the cars approaching at an angle.

Operation Safety during March emphasizes defensive driving, and this according to the sheriff, calls for a knowledge of the common types of accidents and a foreknowledge of the ways in which they can be avoided. Two car collisions may be reduced if the motorist stays on his side of the road, until he can see sufficient space for safe overtaking and passing of a vehicle.

Remain back of other cars so that you have ample space to stop in an emergency. On the open road at legal speeds a space equal to seven car lengths is the minimum required.

* * *

PART OF THE collisions where one car is seeking to enter a driveway could be reduced if the driver of that turning vehicle always signalled well in advance of the point where he wishes to turn off.

The sheriff said that he wouldn't be surprised if a considerable number of these turning drivers sought to go to the left and the following car was coming too rapidly for it to be stopped.

Few of our secondary roads are wide enough to permit the passing of a car about to make a left turn. When the through vehicle is going in the opposite direction, the collision often occurs because the turning driver did not realize that the straight through car was so near or was approaching so rapidly.

Intersection accidents will go down when neither driver expects that the other one is going to yield Too many of these crashes are the result of a bluffing game, each driver attempting to force the other to stop.

Rural intersections are quite far apart, so it is not surprising that a majority of pedestrian injuries occur when the pedestrian was crossing the highway between intersections. It is common for a pedestrian to misjudge the rate at which traffic is approaching. Be sure that the nearest car is far enough away that you can walk across the road without having to hurry to safety.

* * *

OVER A THOUSAND cars a month drive off of the rural highways and about half of these do so where there is neither curve or intersection. These mishaps and those where a car collides with a fixed object can be traced to lack of control.

Give careful attention to speed limit signs on the highway. They indicate the greatest speed that it is ever safe to travel. Wet pavements call for at least a 10 mile per hour reduction below the posted limits.

Familiarity with the roadways is no certain guarantee of safe travel. Eight out of 10 persons involved in accidents reside in the county where the accident occurred, and some people claim that most of them reside within five miles of the scene of the accident.

In any case, it is common knowledge that it isn't the strange road where a fellow gets into trouble. The real problem is inattention on a road with which the driver is somewhat familiar.

The rural driver needs to be extra careful in approaching railroad crossings. Reports to the Ohio State Safety Council indicate that a good many of these are crashes where the vehicle collided with the train already on the crossing. Be certain that you can get across without a hazard, or wait until the train has passed.

* * *

SHERIFF HAYS said that it is surprising that the number of drownings jumps sharply in the month of March. None of these people intended to be in the water, practically all of them fell in.

If you are planning a stroll along the stream, remember that the banks are still soggy and that the footing is slippery. Don't take any solitary strolls. It may be a long while before anyone comes that way to lend a hand.

Your clothing will be water logged in no time and the water is really cold. Those who must be near the water for any purpose should wear a life vest. It will keep you afloat until help comes along. Parents should discourage youngsters from playing along stream banks at this season of the year, the sheriff said.

Children's Spring Style Show Sponsored by CCL Is Friday

What the smartly dressed boy and girl will wear this spring will be shown at a fashion parade next Friday at the high school auditorium.

The style show, which will start at 7:30 p. m., is sponsored by the three circles—Alpha, Beta and Gamma—of the Child Welfare League to raise money for their treasuries. Members of the league are now selling tickets to the show.

The clothes, from Wise's Children's Shop, will be modeled by around 85 boys and girls from 2 to 12 years old.

The purpose of the Child Welfare League, which is made up of mothers, is "to provide an avenue for systematized efforts in all matters pertaining to childhood and its needs through education, philanthropic legislation and enforcement of existing laws."

Its motto is: "A child well guided today, tomorrow will guide well his own destinies."

Most circles of the state-wide Child Welfare League have an average of 30 members; thus, there are around 90 mothers in the three circles here seeking to broaden their knowledge of child problems and learn ways to solve them.

* * *

EACH CIRCLE schedules a meeting for each month during the school year, usually at the homes of the members. The pattern is essentially the same for each—one party a year for the children and one for the husands and a big party in which all three circles join at the end of the year. However, the overall schedule, or program, is flexible and subject to changes to suit conditions.

On the more serious side, there are four meetings a year for a study of four primary subjects—Spiritual, mental, physical and moral development of their children. For these meetings, the circles usually bring in an authority as a special speaker.

While the circles are non-profit organizations, the president of one of them explained they do need some money for speakers, the parties, a few philanthropic projects and special occasions.

The league's share of the proceeds from the style show are to be divided among the three circles to be used as each sees fit.

Mrs. William Fletcher is president of the Alpha Circle, Mrs. Hilbert Meyer of the Beta Circle and Mrs. Jack White of the Gamma Circle.

* * *

BOYS AND GIRLS, including four sets of twins, who will model the spring fashions, for both sports and dress-up are:

Billy and Gail Hurles, Timmy Ladrach, Mervin Coulter, Deanne Whited, Linda, Crol, Judy McCoy, Susie Naylor, Mary Ann Binzel, Bill and Bob Rea, Rita Kelley.

Susie Kelley, Kay Patterson, Roma Jean Warner, Becky Herbert, Kim Keaton, Barbara and Beverly Heinz, Gail Lynch, Paul Hoffman.

Dianne Varney, Patti Crissinger, David Woodmansee; Terry and Becky Wise, Janis and Janet Foraker; Janie Roszmann, Cinda Kelley, Michele Stemple, Patty and Debby Bernard.

Dawnie Willis, Susan Eyre, Polly and Peggy Wood, Michael Maust, Danny Leeth, Karen Karney, Jo Ann Mossbarger, Jo Ellen White.

Bill Mustine, Kay Soldan, Marilyn Lynch, Tommy Montgomery, Bruce Denen, Ronnie Callison, Susie Boyer, Terry Oty, Jimmy and Larry Hagler.

Bill Metais, Tova Woodmansee, Penny Jones, Mike Inskeep, Melody Reno, Randy Dodds, Sandy Chakeres.

Babs Moore, Jamie Shoemaker, Sherry Halliday, David Hagler, Jimmy Palmer, Kathi Arnott, Pamie Creamer, Leslie and Jonathon White, Mary Ann Hopkins.

Gretchen Donohoe, Tommy Fortier, Terry Marchant, Patti Williams, Mary Ann and Becky Mossbarger, Roger Donohoe, Patty Wilson.

Mindy Shaw, Bobby Sanderson, Katy Moore, Christy Boyd, Lorie Dumford, Jimmy Wade and Peggy Lee Hatfield.

NCR Sales, Earnings Reach New Records

DAYTON — Sales of all products and services of The National Cash Register Co. reached a new high of $340,934,000 for the year 1956, with net income totaling $18,420,000, also a new record. It was the second successive year in which both sales and earnings established new records.

Stanley C. Allyn, NCR president, in making public the annual report to shareholders on 1956 operations, said that all-time highs in sales were achieved in both the company's United States and overseas markets. The company manufactures cash registers, accounting machines, adding machines, electronic data-processing equipment and various business supply items.

Total worldwide sales in 1956 represented an increase of $39,754,000 over the company's 1955 sales of $301,180,000 or 13 per cent. Net income after taxes was $3,032,000 greater than the $15,388,000 earned in 1955, or an increase of 20 per cent. This represents earnings of $2.62 for each share of the 7,042,609 shares of common stock outstanding at the close of the year; or a gain of 40 cents per share over the $2.22 per share reported in 1955 (as adjusted for a 5 per cent stock dividend).

Sales of commercial products in the United States rose to $201,641,000 during 1956, compared with $177,395,000 in 1955, an increase of $24,246,000, or 14 per cent. Defense sales in 1956 were $7,992,000 compared with $10,682,000 for the preceding year.

* * *

FOR THE 11TH consecutive year the company's sales abroad set a new record, totaling $131,301,000 in 1956. This was a gain of $18,198,000 over the $113,103,000 reported in 1955, or 16 per cent.

The stock dividend of 5 per cent was paid last Nov. 28. The Company's quarterly dividend was increased from 27½ cents a share to 30 cents a share effective the final quarter of 1956. A total of $7,627,000 in cash dividends was declared for 1956, compared with $7,256,000 in 1955.

During the year the company also issued $28,170,500 worth of convertible subordinated debentures. The proceeds will be used to finance expanding sales to carry increased inventories caused by a broader range of products and to improve production facilities.

Net working capital at the end of the year was $99,397,000, compared with $69,416,000 at the close of 1955. Taxes paid by the company in 1956 — federal, state, local and foreign — totaled $33,333,000 as against $27,377,000 the preceding year.

* * *

EARNINGS reported by subsidiaries and branches outside the United States amounted to $9,574,000 after taxes. Foreign earnings were $8,169,000 in 1955. Only those foreign earnings actually remitted to the United States plus the earnings of the Company's Canadian subsidiary were included in net income. These totaled $6,672,000 for 1956.

During 1956 the company invested $16,177,000 in capital improvements, of which $5,751 000 was for tooling. An even greater investment in this direction is budgeted for 1957, Allyn told the company's 16,707 shareholders.

At the end of the year NCR's total world - wide employment stood at approximately 44,500 persons, an increase of 10 per cent over total employment at the end of 1955. Approximately 19,000 of these employes are in the company's overseas organization.

Discussing 1956 results, Allyn cited favorable economic conditions in the United States throughout the year and said that conditions abroad had been generally good also. At the same time the need for business machines was accented by the increased volume of record-keeping and a continuing increase in clerical costs. Allyn said businessmen were seeking to offset these rising costs through mechanization of accounting procedures to the greatest possible degree. A a result, demand for cash registers, accounting machines and adding machines remained at a high level. He also credited introduction of new machines and new models of existing machines as an important factor in the company's sales gains during 1956.

* * *

DISCUSSING different lines of products, the report states that NCR s accounting machine sales established a new high in 1956, and have doubled in the past four years. New records were also set in sales of National cash registers, supplies and service. Register sales were favorably affected by the continuing trend to self - service, the report said, not only in the food field but among drug stores, variety stores, hardware stores and many others. The building of new shopping centers also played an important part in sustaining the strong demand for effieient retailing equipment.

Sales of the company's adding machines and small bookkeeping machines also reached a new high during 1956. Currently under construction is a new NCR adding machine factory at Ithaca, N. Y., to handle the growing volume in this line of products.

In citing the importance of engineering, research and product development in bringing about recent Company gains, Allyn said that 80 per cent of NCR's sales volume for 1956 represented products that were not on the market 10 years ago.

"Product development is the advance guard of business progress and insurance of future growth," Allyn stated. The company's budget for product development has been steadily increased in recent years, he stated, and last year was eight times greater than it had been 10 years before. An even further increase in research and engineering expenditures is scheduled for 1957.

The pressing need for new machines and methods to cope with expanding paper work n business operations is illustrated by the enthusiastic reception given NCR's new electronic bank posting machine, the Post-Tronic, the report said. The machine, first of its kind, is designed to simplify what ha been called the biggest accounting job in the world, that of keeping checking accounts records in commercial banks.

* * *

THE REPORT states that the recently developed line of National punched paper taper recorders will be of increasing significance as the trend toward office automation grows. The tape recorder bridges gap between a retail transaction or an original accounting entry, and the ultimate processing of the data by electronic or other automatic means. NCR cash registers, accounting machines and adding machines can be linked with tape recorders and thus serve as "input" devices for electronic computers and other high-speed data-processing machines.

Described in the report is the electronic data-processing system for general business use. The new system provides automatic accounting, auditing, reporting and other business record-keeping functions in one continuous high-speed operation. It is expected to reduce substantially the cost of keeping business records, while providing major operating advantages over presently available equipment.

As announced March 4, NCR has entered into an agreement with the General Electric Co. under which General Electric will manufacture certain compoments of the NCR-designed system. NCR's Electronics Division at Hawthorne, Calif., is currently building a prototype of the new system.

In concluding his message to stockholders which prefaces the report, Allyn states that 1957 is expected to bring a continution of the company's progress in both sales and earnings.

NCR Employs 157 In Washington C. H.

National Cash Register Co.'s Washington C. H. plant on Route 35 south produces paper rolls and distributes supplies manufactured in Dayton.

In addition to the main plant, the company maintains warehouse facilities on S. Main St. where some forms are overprinted. National Cash Register employs 157 persons in its local operation, according to Joseph Peters, manager.

Ohio Senate Studies Bill Giving Villages New Power

By ART PARKS

COLUMBUS, Oh (AP)—The Ohio Senate scheduled a vote today on a bill to give councilmen in Ohio's more than 750 villages the power to set the pay of all officials—including their own.

A Senate vote on another bill—repealing the provision that, in the absence of Ohio's chief justice, the elected judge with the shortest term to serve shall act in his stead—was scheduled to wind up the ninth work week of the legislative session.

The bill on pay rates of village officials would permit councilmen to get from $3 to $25 a meeting depending on the size of the evillage's annual budget. Present pay scale is $3 to $5 a meeting.

It has the backing of the Ohio Municipal League on grounds it would give villages greater "home rule' powers.

As the Legislature settled down Wednesday after the storm of 357 bills introduced Tuesday to beat the introduction deadline, there were these major developments:

The Senate passed unanimously and sent to the House an emergency bill to permit the Ohio Department of Highways to hire, without competitive bidding, private negotiators to buy rights of way for interstate highways and their extensions in cities.

The House passed, 121-9, and sent to the Senate a bill to allow a motorist to take possession of a deer killed by his car—providing the car was damaged in the accident.

The House passed unanimously and sent to the Senate a bill to control Bang's disease in cattle.

Gov. C William O'Neill said legislative leaders have failed to agree on proposals to substitute a smaller, appointed board for the present 23-member elected State Board of Education. But, he added, proposals to make the change are slated for early hearings in the House Education Committee.

Senate approval of the bill to permit the hiring of outside right-of-way negotiators got not a single dissenting vote in the Senate.

Two senators, Frank Celebrezze and Andrew Putka, Cleveland Democrats, voted against the emergency clause which would make the bill effective as soon as it is signed by the governor. Non-emergency bills are effective 90 days after the governor signs them.

Two veteran debaters, Republican Sen. William H. Deddens of Cincinnati and Minority Leader Joseph W. Bartunek, Cleveland Democrat, engaged in a 30-minute word duel over the emergency feature of the bill, but both admittedly privately they were just getting warmed up for the Senate floor sessions ahead.

Sponsor of the bill requested by the O'Neill administration was Sen. Tom V. Moorehead (R-Muskingum), chairman of the Senate Highway Committee.

He said hiring outside negotiators would relieve the Department of Highways of the need to find places in years to come for hundreds of Civil Service employes who would have to be hired to handle right-of-way negotiations.

Highway land purchases, Gov. O'Neill has said, form the biggest "bottleneck" in the highway program.

Republicans and Democrats alike, before the bill was approved, 33-0, conceded the measure will cut red tape and get Ohio's gigantic roadbuilding program "on the road."

Theft of Metal Laid to Ohioan

MIDLAND, Pa. (AP)—Joseph J. Ross, 3, of near East Liverpool, Ohio, is being held by authorities here on a charge of stealing $2,400 worth of nickel from the Crucible Steel Co. plant.

Ross, a truck driver, was arrested in East Liverpool after he allegedly tried to sell 12 ingots of pure steel to a scrap yard.

Thirteenth century Venetians prized their glass containers so highly that glass-blowers were kept under guard day and night on the island of Murano.

'53 Ohio Pen Escapee Is Finally Nabbed

AKRON, Ohio (AP)—A 58-year-old man who was serving a sentence for murder when he escaped from Ohio Penitentiary three and a half years ago is being held in the city jail at nearby Barberton.

The escapee, John Platzky, was arrested by Akron and Barberton police Wednesday as he was washing his car in front of his home here.

He was admitted to the penitentiary in January, 920, for the murder of patrolman Robert T. Shelton of the Cleveland police force on Dec. 7, 1919. Warden Ralph Alvis said in Columbus that Platzky walked away in October, 1953, while working as an honor inmate doing plumbing work in a prison dormitory.

Chief Martin Seryak of the Barberton police said Platzky had been using the alias John Hoover and was married about a week ago at Angola, Ind. The chief said the bride, who was not at home when Platzky was arrested, apparently did not know of his past.

Seryak said he would question Platzky about several burglaries and safe crackings in Barberton before he is returned to the penitentiary. Officers found an elaborate set of burglar tools in the trunk of the escapee's car, the chief said. He added that Platzky could give no evidence of having been employed since his escape although he owned an expensive automobile.

Effigy-Hanger's Death Brings Suit

CHICAGO (AP)—The father of a 14-year-old boy electrocuted while hanging an Elvis Presley effigy from a light pole has sued the city for $25,000.

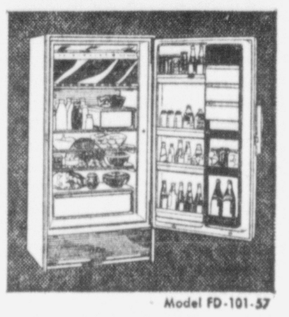

In the suit, Louis Ritchie charged the city was careless and negligent in permitting uninsulated wires to remain on the pole.

Ritchie's son, Martin, was killed Nov. 12 at the top of a 30-foot pole. The suit claims the city was careless in that a series of steps made it easy and attractive for boys to climb the pole.

NCR Sales, Earnings Reach New Records

DAYTON — Sales of all products and services of The National Cash Register Co. reached a new high of $340,934,000 for the year 1956, with net income totaling $18,420,000, also a new record. It was the second successive year in which both sales and earnings established new records.

Stanley C. Allyn, NCR president, in making public the annual report to shareholders on 1956 operations, said that all-time highs in sales were achieved in both the company's United States and overseas markets. The company manufactures cash registers, accounting machines, adding machines, electronic data-processing equipment and various business supply items.

Total worldwide sales in 1956 represented an increase of $39,754,000 over the company's 1955 sales of $301,180,000 or 13 per cent. Net income after taxes was $3,032,000 greater than the $15,388,000 earned in 1955, or an increase of 20 per cent. This represents earnings of $2.62 for each share of the 7,042,609 shares of common stock outstanding at the close of the year; or a gain of 40 cents per share over the $2.22 per share reported in 1955 (as adjusted for a 5 per cent stock dividend).

Sales of commercial products in the United States rose to $201,641,000 during 1956, compared with $177,395,000 in 1955, an increase of $24,246,000, or 14 per cent. Defense sales in 1956 were $7,992,000 compared with $10,682,000 for the preceding year.

* * *

FOR THE 11TH consecutive year the company's sales abroad set a new record, totaling $131,301,000 in 1956. This was a gain of $18,198,000 over the $113,103,000 reported in 1955. or 16 per cent.

The stock dividend of 5 per cent was paid last Nov. 28. The Company's quarterly dividend was increased from 27½ cents a share to 30 cents a share effective the final quarter of 1956. A total of $7,627,000 in cash dividends was declared for 1956, compared with $7,256,000 in 1955.

During the year the company also issued $28,170,500 worth of convertible subordinated debentures. The proceeds will be used to finance expanding sales to carry increased inventories caused by a broader range of products and to improve production facilities.

Net working capital at the end of the year was $99,397,000, compared with $69,416,000 at the close of 1955. Taxes paid by the company in 1956 — federal, state, local and foreign — totaled $33,333,000 as against $27,377,000 the preceding year.

* * *

EARNINGS reported by subsidiaries and branches outside the United States amounted to $9,574,000 after taxes. Foreign earnings were $8,169,000 in 1955. Only those foreign earnings actually remitted to the United States plus the earnings of the Company's Canadian subsidiary were included in net income. These totaled $6,672,000 for 1956.

During 1956 the company invested $16,177,000 in capital improvements, of which $5,751,000 was for tooling. An even greater investment in this direction is budgeted for 1957, Allyn told the company's 16,707 shareholders.

At the end of the year NCR's total world - wide employment stood at approximately 44,500 persons, an increase of 10 per cent over total employment at the end of 1955. Approximately 19,000 of these employes are in the company's overseas organization.

Discussing 1956 results, Allyn cited favorable economic conditions in the United States throughout the year and said that conditions abroad had been generally good also. At the same time the need for business machines was accented by the increased volume of record-keeping and a continuing increase in clerical costs. Allyn said businessmen were seeking to offset these rising costs through mechanization of accounting procedures to the greatest possible degree. As a result, demand for cash registers, accounting machines and adding machines remained at a high level. He also credited introduction of new machines and new models of existing machines as an important factor in the company's sales gains during 1956.

* * *

DISCUSSING different lines of products, the report states that NCR's accounting machine sales established a new high in 1956, and have doubled in the past four years. New records were also set in sales of National cash registers, supplies and service. Register sales were favorably affected by the continuing trend to self - service, the report said, not only in the food field but among drug stores, variety stores, hardware stores and many others. The building of new shopping centers also played an important part in sustaining the strong demand for efficient retailing equipment.

Sales of the company's adding machines and small bookkeeping machines also reached a new high during 1956. Currently under construction is a new NCR adding machine factory at Ithaca, N. Y., to handle the growing volume in this line of products.

In citing the importance of engineering, research and product development in bringing about recent Company gains, Allyn said that 80 per cent of NCR's sales volume for 1956 represented products that were not on the market 10 years ago.

"Product development is the advance guard of business progress and insurance of future growth," Allyn stated. The company's budget for product development has been steadily increased in recent years, he stated, and last year was eight times greater than it had been 10 years before. An even further increase in research and engineering expenditures is scheduled for 1957.

The pressing need for new machines and methods to cope with expanding paper work in business operations is illustrated by the enthusiastic reception given NCR's new electronic bank posting machine, the Post-Tronic, the report said. The machine, first of its kind, is designed to simplify what ha been called the biggest accounting job in the world, that of keeping checking accounts records in commercial banks.

* * *

THE REPORT states that the recently developed line of National punched paper taper recorders will be of increasing significance as the trend toward office automation grows. The tape recorder bridges gap between a retail transaction or an original accounting entry, and the ultimate processing of the data by electronic or other automatic means. NCR cash registers, accounting machines and adding machines can be linked with tape recorders and thus serve as "input" devices for electronic computers and other high-speed data-processing machines.

Described in the report is the electronic data-processing system for general business use. The new system provides automatic accounting, auditing, reporting and other business record-keeping functions in one continuous high-speed operation. It is expected to reduce substantially the cost of keeping business records, while providing major operating advantages over presently available equipment.

As announced March 4, NCR has entered into an agreement with the General Electric Co. under which General Electric will manufacture certain components of the NCR-designed system. NCR's Electronics Division at Hawthorne, Calif., is currently building a prototype of the new system.

In concluding his message to stockholders which prefaces the report, Allyn states that 1957 is expected to bring a continution of the company's progress in both sales and earnings.

NCR Employs 157 In Washington C. H.

National Cash Register Co.'s Washington C. H. plant on Route 35 south produces paper rolls and distributes supplies manufactured in Dayton.

In addition to the main plant, the company maintains warehouse facilities on S. Main St. where some forms are overprinted. National Cash Register employs 157 persons in its local operation, according to Joseph Peters, manager.

Ohio Senate Studies Bill Giving Villages New Power

By ART PARKS

COLUMBUS, Ohio (AP)—The Ohio Senate scheduled a vote today on a bill to give councilmen in Ohio's more than 750 villages the power to set the pay of all officials—including their own.

A Senate vote on another bill—repealing the provision that, in the absence of Ohio's chief justice, the elected judge with the shortest term to serve shall act in his stead—was scheduled to wind up the ninth work week of the legislative session.

The bill on pay rates of village officials would permit councilmen to get from $3 to $25 a meeting depending on the size of the evillage's annual budget. Present pay scale is $3 to $5 a meeting.

It has the backing of the Ohio Municipal League on grounds it would give villages greater "home rule" powers.

As the Legislature settled down Wednesday after the storm of 357 bills introduced Tuesday to beat the introduction deadline, there were these major developments:

The Senate passed unanimously and sent to the House an emergency bill to permit the Ohio Department of Highways to hire, without competitive bidding, private negotiators to buy rights of way for interstate highways and their extensions in cities.

The House passed, 121-9, and sent to the Senate a bill to allow a motorist to take possession of a deer killed by his car—providing the car was damaged in the accident.

The House passed unanimously and sent to the Senate a bill to control Bang's disease in cattle.

Gov. C. William O'Neill said legislative leaders have failed to agree on proposals to substitute a smaller, appointed board for the present 23-member elected State Board of Education. But, he added, proposals to make the change are slated for early hearings in the House Education Committee.

Senate approval of the bill to permit the hiring of outside right-of-way negotiators got not a single dissenting vote in the Senate.

Two senators, Frank Celebrezze and Andrew Putka, Cleveland Democrats, voted against the emergency clause which would make the bill effective as soon as it is signed by the governor. Non-emergency bills are effective 90 days after the governor signs them.

Two veteran debaters, Republican Sen. William H. Deddens of Cincinnati and Minority Leader Joseph W. Bartunek, Cleveland Democrat, engaged in a 30-minute word duel over the emergency feature of the bill, but both admittedly privately they were just getting warmed up for the Senate floor sessions ahead.

Sponsor of the bill requested by the O'Neill administration was Sen. Tom V. Moorehead (R-Muskingum), chairman of the Senate Highway Committee.

He said hiring outside negotiators would relieve the Department of Highways of the need to find places in years to come for hundreds of Civil Service employes who would have to be hired to handle right-of-way negotiations.

Highway land purchases, Gov. O'Neill has said, form the biggest "bottleneck" in the highway program.

Republicans and Democrats alike, before the bill was approved, 33-0, conceded the measure will cut red tape and get Ohio's gigantic roadbuilding program "on the road."

Theft of Metal Laid to Ohioan

EDDLAND, Pa. (AP)—Joseph J. Ross, 3, of near East Liverpool, Ohio, is being held by authorities here on a charge of stealing $2,400 worth of nickel from the Crucible Steel Co. plant.

Ross, a truck driver, was arrested in East Liverpool after he allegedly tried to sell 12 ingots of pure steel to a scrap yard.

Thirteenth century Venetians prized their glass containers so highly that glass-blowers were kept under guard day and night on the island of Murano.

'53 Ohio Pen Escapee Is Finally Nabbed

AKRON, Ohio (AP)—A 58-year-old man who was serving a sentence for murder when he escaped from Ohio Penitentiary three and a half years ago is being held in the city jail at nearby Barberton.

The escapee, John Platzky, was arrested by Akron and Barberton police Wednesday as he was washing his car in front of his home here.

He was admitted to the penitentiary in January, 1920, for the murder of patrolman Robert T. Shelton of the Cleveland police force on Dec. 7, 1919. Warden Ralph Alvis said in Columbus that Platzky walked away in October, 1953, while working as an honor inmate doing plumbing work in a prison dormitory.

Chief Martin Seryak of the Barberton police said Platzky had been using the alias John Hoover and was married about a week ago at Angola, Ind. The chief said the bride, who was not at home when Platzky was arrested, apparently did not know of his past.

Seryak said he would question Platzky about several burglaries and safe crackings in Barberton before he is returned to the penitentiary. Officers found an elaborate set of burglar tools in the trunk of the escapee's car, the chief said. He added that Platzky could give no evidence of having been employed since his escape although he owned an expensive automobile.

Effigy-Hanger's Death Brings Suit

CHICAGO (AP)—The father of a 14-year-old boy electrocuted while hanging an Elvis Presley effigy from a light pole has sued the city for $25,000.

In the suit, Lou's Ritchie charged the city was careless and negligent in permitting uninsulated wires to remain on the pole.

Ritchie's son, Martin, was killed Nov. 12 at the top of a 30-foot pole. The suit claims the city was careless in that a series of steps made it easy and attractive for boys to climb the pole.

People . . . Places . . . and Things

Round about Fayette County

By B. E. KELLEY

Rains and recent mild weather have combined to improve the condition of the fall-sown wheat in this community, and the outlook now is for a good crop, unless severe freezing and thawing later in the season causes damage.

The earlier sown wheat is a solid green in the fields, and the later sown variety has made a remarkable gain in growth and appearances until some fields where little wheat was apparent last fall, are beginning to turn green with the developing plants.

These is comparatively little wheat in the entire county, so far as I have noted, that could be classified as a poor propect including some of the very late sown grain.

• • •

JUDGES WERE NEIGHBORS

Former Common Pleas judges Charles A. Reid and Pope Gregg as well as Probate Judge Nye Gregg, were neighbors when they were boys, and attended the same country school in the Bookwalter area. Previous to becoming judges they were prominent attorneys here.

Judge Reid was a son of Mr. and Mrs. Willard S. Reid, who came from Maryland in 1825 and settled near Bookwalter in 1832.

The former Reid home was a brick structure, which was located on the east bank of Paint Creek, not far south of the grain elevator at Bookwalter. That was in Paint Township. It was torn down years ago.

Pope Gregg and Nye Gregg were sons of John F. Gregg, who came to Fayette County from Hamilton County in 1843 and purchased about 160 acres on the west bank of Paint Creek opposite the former Carr's Mill, 1½ miles south of Bookwalter.

The two Gregg boys, were born in a log house which stood immediately back of the home of Mr. and Mrs. Homer Harrison, on the Hidy Rd., near the intersection of the Gregg Rd. Mrs. Harrison is a grand-daughter of Mr. and Mrs. John F. Gregg.

John F. Gregg built the house now occupied by Mr. and Mrs. Harrison and it was not until comparatively recent years that the old log house was torn away.

The prominence of the Gregg and Reid families may be better realized then it is known that two roads in their community were named after them. The Reid Rd. passes through Bookwalter and extends south to the Gregg Rd. and Carr Rd. The Gregg Rd. starts on the Prairie Rd. a half mile south of the Brock or Woods Rd. intersection, extends westward to the Hidy Rd., and at a point 200 yards south on the Hidy Rd., extends westward to the Reid Rd., and again westward from the Reid Rd. to the Harold Rd.

John F. Gregg is buried in the Hidy Cemetery on the Hidy Rd., and the large gray granite monument stands about 14 feet in height.

Mr. Gregg supervised the setting of the monument which had original inscriptions on three sides.

Under the name of his wife, Mary J. Gregg, he had the following lines inscribed:

"After crossing the mystic river which divides the little island of this existence from the grand continent of unmeasured destiny, say not good night, but in some bright clime bid me good morning, where the refrain of angels is hushed in the song of endless life".

• • •

BLUEBIRDS BACK

During a trip into Paint and Jefferson Townships Tuesday, I was not surprised to see that the bluebirds have returned from their wintering in the south.

The mellow notes of these favorite birds could be heard along with the songs of various spring birds which have returned.

I saw one redheaded woodpecker, the first one I have seen for a year or two, clinging to a fence post as if seeking a place in which to peck a hole to make his nest. He looked rather unkept as if he had not shaken off the effects of the cold weather he had gone through.

Formerly the red headed woodpecker could be seen on all sides in Fayette County and their peculiar chirp could be heard early and late but absence of dead timber and presence of many guns have combined to reduce their numbers.

• • •

OLD CAMP GROUNDS

The Ed Coil farm southwest of Bookwalter, on the Hidy Rd., was formerly owned by John C. Hays, and for many years, up to 40 years or more ago, was known as the Bookwalter Camp Meeting Grounds.

Each summer over a period of years, the Christian Union Church held religious services in the sizeable grove which stood, (and part of which still stands,) northeast of the Hays house, The house is now occupied by Russell Hall and wife, the former a teacher in Jeffersonville school and the latter a teacher at Bookwalter.

For three or four weeks each summer, camp meetings were held in the grove, and several ministers usually took part in the services.

Hundreds of people would flock to the camp grounds on Sundays and each night the services were held. It was in horse and buggy days, and horses were hitched to trees in the woods, hitchracks and fences while others were driven up facing the stage where the preachers and singers were located, and "took in" the services by sitting in their buggies or carriages, while they and their horses half dozed during the long sermons

I remember my brother and I drove over to the camp meetings more than once, riding in a "carriage with the fringe on top".

D. S. Rumer had the concession privileges, and sold Frank A. Reichert's "pop". Also candy, sandwiches, etc.

O. S. Tobin, local ice cream manufacturer, was on the scene with a spring - wagon filled with large red tubs containing ice-cream packed in ice.

I also remember that there was a photograph gallery on the grounds where one could have his picture taken (a real "tintype", if you please) and I had myself "mugged" for 25 cents.

I am still wondering why the picture shows me with my mop of hair parted on the right side instead of the left! But I never wondered why it showed so many freckles, for I had a multitude of them.

Ohio Solon's Ag Bill Under Study

WASHINGTON (AP)—A bill submitted by Rep. Polk (D - Ohio), calling for compulsory inspection of poultry, is being given a detailed study by the Department of Agriculture.

Earl L. Butz, assistant secretary of Agriculture, told a House Agriculture Subcommittee Polk's bill is preferred by the department over two other bills undergoing detailed study.

Largest groups of foreign students enrolled at New York University come from the Philippines, the British West Indies and Nationalist China.

Ohio Highway Chief Pledges 'Open Door Policy' in Future

COLUMBUS (AP)—Ohio highway chief Charles M. Noble reports he has established an "open door policy" which will permit him to answer any questions "I possibly can."

Noble told newsmen that he was "off to a bad start with the press, but not intentionally. He added: "I have the greatest respect for the press and desire to cooperate with it."

Noble apparently was referring to a meeting last week between himself and engineers from the city of Dayton, from which the press was barred. Later Noble said there had been a misunderstanding, and that such meetings in the future would be open to the press.

He said, however, that if visitors at such meetings desired to keep the press from attending, he would not interfere with such a decision.

Noble said he wanted to make it clear that he would see the press at any time unless there was an objection raised by another party.

Noble also declared that his department plans to tighten up on its purchasing procedures to assure "fair and open competition" to all.

"We plan to operate on a basis of no favoritism and free and open competition," he said.

Noble said the department is investigating reports of surplus buying and that a review will be made to determine if all the equipment is needed.

The highway chief said the department also planned to review its inventory in all parts of the state and possibly redistribute or sell any surplus.

He said all highway purchases in the past six months would also be investigated to determine if there have been any irregularities. "We also are going to tighten up on the use of state cars, and make sure they are being used in the best interests of state business," Noble said.

Noble said he hoped his highway program would be ready for presentation to the Legislature within 10 days. He also indicated that a special task force would probably consist of from 20 to 25 members and that the group would be housed in the building formerly occupied by the Ohio Turnpike Commission here.

Noble said the Department's right-of-way section also will be housed in this building.

Tinted Bed Sheets Not Appreciated

MIDDLETOWN (AP) — Middletown Hospital nurses thought they'd add a little color to a patient's convalescence by trading his white bed sheets for tinted samples being tested for patient reaction.

They'll have to wait.

Questioning the bed occupant, nurses drew a blank. He was color-blind.

Helicopter Lands

DAYTON (AP)—A Navy helicopter, piloted by J. W. Nichols, was forced to land on the Phillipsburg School playground 12 miles northwest of here Wednesday because of bad weather.

IT'S SO EASY TO PLACE A WANT AD.

FAMOUS NORTHERN GROWN

People . . . Places . . . and Things

Round about Fayette County

By B. E. KELLEY

Rains and recent mild weather have combined to improve the condition of the fall-sown wheat in this community, and the outlook now is for a good crop, unless severe freezing and thawing later in the season causes damage.

The earlier sown wheat is a solid green in the fields, and the later sown variety has made a remarkable gain in growth and appearances until some fields where little wheat was apparent last fall, are beginning to turn green with the developing plants.

These is comparatively little wheat in the entire county, so far as I have noted, that could be classified as a poor propect including some of the very late sown grain.

• • •

JUDGES WERE NEIGHBORS

Former Common Pleas judges Charles A. Reid and Pope Gregg as well as Probate Judge Nye Gregg, were neighbors when they were boys, and attended the same country school in the Bookwalter area. Previous to becoming judges they were prominent attorneys here.

Judge Reid was a son of Mr. and Mrs. Willard S. Reid, who came from Maryland in 1825 and settled near Bookwalter in 1832.

The former Reid home was a brick structure, which was located on the east bank of Paint Creek, not far south of the grain elevator at Bookwalter. That was in Paint Township. It was torn down years ago.

Pope Gregg and Nye Gregg were sons of John F. Gregg, who came to Fayette County from Hamilton County in 1843 and purchased about 160 acres on the west bank of Paint Creek opposite the former Carr's Mill, 1½ miles south of Bookwalter.

The two Gregg boys, were born in a log house which stood immediately back of the home of Mr. and Mrs. Homer Harrison, on the Hidy Rd., near the intersection of the Gregg Rd. Mrs. Harrison is a grand-daughter of Mr. and Mrs. John F. Gregg.

John F. Gregg built the house now occupied by Mr. and Mrs. Harrison and it was not until comparatively recent years that the old log house was torn away.

The prominence of the Gregg and Reid families may be better realized then it is known that two roads in their community were named after them. The Reid Rd. passes through Bookwalter and extends south to the Gregg Rd. and Carr Rd. The Gregg Rd. starts on the Prairie Rd. a half mile south of the Brock or Woods Rd. intersection, extends westward to the Hidy Rd., and at a point 200 yards south on the Hidy Rd., extends westward to the Reid Rd., and again westward from the Reid Rd. to the Harold Rd.

John F. Gregg is buried in the Hidy Cemetery on the Hidy Rd., and the large gray granite monument stands about 14 feet in height.

Mr. Gregg supervised the setting of the monument which had original inscriptions on three sides.

Under the name of his wife, Mary J. Gregg, he had the following lines inscribed:

"After crossing the mystic river which divides the little island of this existence from the grand continent of unmeasured destiny, say not good night, but in some bright clime bid me good morning, where the refrain of angels is hushed in the song of endless life".

• • •

BLUEBIRDS BACK

During a trip into Paint and Jefferson Townships Tuesday, I was not surprised to see that the bluebirds have returned from their wintering in the south.

The mellow notes of these favorite birds could be heard along with the songs of various spring birds which have returned.

I saw one redheaded woodpecker, the first one I have seen for a year or two, clinging to a fence post as if seeking a place in which to peck a hole to make his nest. He looked rather unkept as if he had not shaken off the effects of the cold weather he had gone through.

Formerly the red headed woodpecker could be seen on all sides in Fayette County and their peculiar chirp could be heard early and late but absence of dead timber and presence of many guns have combined to reduce their numbers.

• • •

OLD CAMP GROUNDS

The Ed Coil farm southwest of Bookwalter, on the Hidy Rd., was formerly owned by John C. Hays, and for many years, up to 40 years or more ago, was known as the Bookwalter Camp Meeting Grounds.

Each summer over a period of years, the Christian Union Church held religious services in the sizeable grove which stood, (and part of which still stands,) northeast of the Hays house, The house is now occupied by Russell Hall and wife, the former a teacher in Jeffersonville school and the latter a teacher at Bookwalter.

For three or four weeks each summer, camp meetings were held in the grove, and several ministers usually took part in the services.

Hundreds of people would flock to the camp grounds on Sundays and each night the services were held. It was in horse and buggy days, and horses were hitched to trees in the woods, hitchracks and fences while others were driven up facing the stage where the preachers and singers were located, and "took in" the services by sitting in their buggies or carriages, while they and their horses half dozed during the long sermons

I remember my brother and I drove over to the camp meetings more than once, riding in a "carriage with the fringe on top".

D. S. Rumer had the concession privileges, and sold Frank A. Reichert's "pop". Also candy, sandwiches, etc.

O. S. Tobin, local ice cream manufacturer, was on the scene with a spring - wagon filled with large red tubs containing ice-cream packed in ice.

I also remember that there was a photograph gallery on the grounds where one could have his picture taken (a real "tintype", if you please) and I had myself "mugged" for 25 cents.

I am still wondering why the picture shows me with my mop of hair parted on the right side instead of the left! But I never wondered why it showed so many freckles, for I had a multitude of them.

Ohio Solon's Ag Bill Under Study

WASHINGTON (AP)—A bill submitted by Rep. Polk (D - Ohio), calling for compulsory inspection of poultry, is being given a detailed study by the Department of Agriculture.

Earl L. Butz, assistant secretary of Agriculture, told a House Agriculture Subcommittee Polk's bill is preferred by the department over two other bills undergoing detailed study.

Largest groups of foreign students enrolled at New York University come from the Philippines, the British West Indies and Nationalist China.

Ohio Highway Chief Pledges 'Open Door Policy' in Future

COLUMBUS (AP)—Ohio highway chief Charles M. Noble reports he has established an "open door policy" which will permit him to answer any questions "I possibly can."

Noble told newsmen that he was "off to a bad start with the press, but not intentionally. He added: "I have the greatest respect for the press and desire to cooperate with it."

Noble apparently was referring to a meeting last week between himself and engineers from the city of Dayton, from which the press was barred. Later Noble said there had been a misunderstanding, and that such meetings in the future would be open to the press.

He said, however, that if visitors at such meetings desired to keep the press from attending, he would not interfere with such a decision.

Noble said he wanted to make it clear that he would see the press at any time unless there was an objection raised by another party.

Noble also declared that his department plans to tighten up on its purchasing procedures to assure "fair and open competition" to all.

"We plan to operate on a basis of no favoritism and free and open competition," he said.

Noble said the department is investigating reports of surplus buying and that a review will be made to determine if all the equipment is needed.

The highway chief said the department also planned to review its inventory in all parts of the state and possibly redistribute or sell any surplus.

He said all highway purchases in the past six months would also be investigated to determine if there have been any irregularities. "We also are going to tighten up on the use of state cars, and make sure they are being used in the best interests of state business," Noble said.

Noble said he hoped his highway program would be ready for presentation to the Legislature within 10 days. He also indicated that a special task force would probably consist of from 20 to 25 members and that the group would be housed in the building formerly occupied by the Ohio Turnpike Commission here.

Noble said the department's right-of-way section also will be housed in this building.

IT'S SO EASY TO PLACE A WANT AD.

Tinted Bed Sheets Not Appreciated

MIDDLETOWN (AP) — Middletown Hospital nurses thought they'd add a little color to a patient's convalescence by trading his white bed sheets for tinted samples being tested for patient reaction.

They'll have to wait.

Questioning the bed occupant, nurses drew a blank. He was color-blind.

Helicopter Lands

DAYTON (AP)—A Navy helicopter, piloted by J. W. Nichols, was forced to land on the Phillipsburg School playground 12 miles northwest of here Wednesday because of bad weather.

Library Planned

KENT (AP) Ground breaking ceremonies for a $1,600,000 addition to Rockwell Library at Kent State University are scheduled April 1. The addition is expected to be completed by August, 1958.

Judge Is Honored

MAYSVILLE, Ky. (AP) — Court Street here has been renamed Stanley F. Reed Court in honor of the Maysville native who retired last week as associate justice of the United States Supreme Court.

State Employe Pay Boost Bill Promised in Assembly

COLUMBUS, Ohio (AP)—State employes can look for prompt introduction of legislation to give them an extra pay raise.

Rep. J. Frank McClure (R-Ashland), veteran chairman of the he hoped the bill would be ready by mid-March.

Leaders of the Republican-controlled Legislature virtually are committed to passage of the measure. They expect approval by GOP Gov. C. William O'Neill.

"We don't know yet how much it will cost," McClure said. "Most of the additional raises will be in the lower brackets." He mentioned a tentative total of six million dollars a year.

Cost of living and automatic job rating increases, built into Ohio laws, will give more than 40,000 state employes raises this year totaling about nine million dollars. Legislative increases would be in addition to the statutory raises.

A finance sub-committee headed by Rep. Ralph E. Fisher (R-Wayne) tackled the complex problem long before O'Neill sent his state operating budget to the Legislature.

The governor told the Legislature in his budget message:

"Any increase for state employes in addition to the 10 per cent increase provided by law, I believe, should be made in the low paid brackets after serious study.

"I am opposed to any further across the board percentage increases which inevitably discriminate against the low paid employe."

Fisher's committee expects to carry out that admonition. Members figure that a possible half-step advance in job classifications for higher paid workers would permit them to get additional raises and still leave most of the increases for lower brackets.

The committee also is considering elimination of the first 14 pay steps in job classifications to boost the starting salaries of state workers.

The problem of Civil Service Commission approval for directors to promote or start employes in higher pay ranges also is under study to make the additional raises equitable, Fisher explained.

McClure said his committee would start hearings on the 1.7 billion dollar budget Tuesday. He predicted work would be completed within two months. House passage will send the budget, split into three parts, to the Senate.

Final adjournment will depend largely on how fast the Senate acts and how long it takes the two houses to reconcile the usual differences in their versions of the spending measures.

Here Are Some of New Bills Just Handed Ohio Assembly

COLUMBUS, Ohio (AP)—Ohio legislators introduced 357 bills Tuesday to bring the session mark to 1,374, a modern-day record.

Higher totals were recorded early in the century, but the Constitution of 1912 outlawed "special laws" and all Ohio laws now must be of "equal application throughout the state."

The modern-day record total of 1,355 was set two years ago.

Among major proposals offered Tuesday—"deadline day" for the introduction of bills in the 102nd General Assembly — were two measures to meet the problems of stoppage of utility service such as in the recent 7½ month telephone strike in Portsmouth and southeastern Ohio.

One of the bills would allow the goverror to declare a disaster or emergency area in case of interruption of governmental or utility service and order in the State Highway Patrol with full police power to preserve order.

The other would provide for settlement of labor disputes to prevent interruption of utility services. The proposal by Rep. Robert Taft (R-Hamilton) provides the governor could appoint an inquiry board if labor and management could not agree. It also would prohibit lockouts or strikes during the inquiry. After such a board reported back to the governor, he could direct the attorney general to seek an injunction to prevent a service blackout until the dispute is settled.

Other major bills introduced included measures to:

Allow cities to levy an auto and truck license tax of their own.

Permit cities to impose a consumers' utility tax.

Reduce the life of a driver's license from three years to one and increase the fee to $2 a year instead of 75 cents for three years.

Boost the price of auto license tags from $10 to $15.

Require a county manager in counties with more than 500,000 population together with a seven-member board of county commissioners.

License motor vehicle service stations, their operators and employes.

Require deduction of supplemental private unemployment benefits from state unemployment compensation.

Exempt food served in restaurants from the state sales tax.

Increase unemployment compensation benefits $5 for the individual, raise dependency allowances from $6 to $12 a week and lengthen the period of payments from 26 to 39 weeks.

Set up the State Board of Education as a nine-member appointed board instead of a 23-member elected board.

Require municipal annexation petitions to carry names representing a majority of real property valuation in the area involved.

Require that school districts shall receive no less in state subsidy than they did in 1955 if their attendance has dropped by no more than 5 per cent.

Make persons serving life for second-degree murder eligible for parole after 20 years instead of 10.

Wipe out the 20 per cent bonus on civil service examinations for veterans of the Spanish-American War.

No New Ohio Tax Seen by State Aide

COLUMBUS (AP)—Ohio should be able to live within its income the next two years without new taxes, Finance Director John A Skipton says.

Skipton testified before the opening hearing by the House Finance Committee on the $1,149,637,670 two-year budget bill.

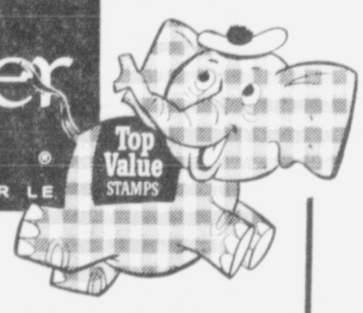

Skipton told the legislators the main problem will be to hold expenditures during the remaining four months of the current fiscal year to within budgeted means.

Teenagers' Singing Idol Shuns Appearances in Bars

HOLLYWOOD (AP)—Here's a singing favorite of teenagers who doesn't smoke, drink, cuss, bump or grind. He won't even sing in places where booze is sold.

This remarkable young man is Sonny James, whose Capitol disc of "Young Love" has taken off like crazy. It is over the two million mark and still selling.

Sonny is 26, 5 feet and has a likable manner. No sideburns but he does have a curly mop of hair that perches over his forehead. He's handsome in a rugged, backwoods way.

The backwoods are where he's from — Hackleburg, Ala., to be exact. Folks make fun of Hackleburg, but it's no joke to Sonny. Whenever he gets a break in his schedule, he hustles back to Hackleburg to see his folks, who run clothing store in the town of 500.

Lately he hasn't had much time to get home. Here briefly to appear on the Bob Hope TV show, he's taking off for an extensive tour of one-night appearances. These will be in auditoriums and theaters only, no night clubs. He has even turned down whopping offers from Las Vegas.

"I've got two reasons for not playing where liquor is served," he explained. "One is religious. I never go into that much, because I try not to feature my religion in publicity. But I am a member of the Church of Christ and I don't believe in drinking.

"The other reason is that I don't want to appear anywhere that young people couldn't enter; I wouldn't want to be the reason teenagers were brought into a place where there was drinking.

Woman Called 'X' Traps Toledoan In Forgery Plot

TOLEDO (AP) — James Foster got his hands on another person's $45 old age assistance check.

Foster, 31, forged the endorsement of Mrs. Annie Barnett to whom the check had been issued, re-endorsed it with his own name and cashed it with ease.

But when the cancelled check was returned to Columbus, official eyebrows shot skyhigh to see the name "Annie Barnett" legibly written on it.

Mrs. Barnett had always endorsed her checks with an "X".

Foster was sentenced to 1 - 20 years in the penitentiary.

IKE'S AIRPORT 'LIMOUSINE'

THIS BELL 47-J RANGER helicopter is the type intended for use by President Eisenhower in hops from White House lawn to airport. And maybe later to his golf club. It can hit 100 mph, range 200 miles, and seats three plus pilot. *(International Soundphoto)*

3 Accused Thugs To Face Jury

NEW LEXINGTON (AP)—A Perry County grand jury will meet April 4 to consider the case of three Ironton men who police say have admitted robbing a New Lexington supermarket of $11,000 Saturday.

John Rosebrough, 24, Denna Wayne Moore, 23, and Tommy Shope, 23, were bound over to the grand jury by Justice of the Peace Leonard Euman, who set their bond at $25,000 each.

State highway patrolmen said $11,064.45 was found in the trio's car when the three were arrested.

Ghana Flag Given Heidelberg Student

TIFFIN (AP)—A college freshman from Ghana saw his country's national flag for the first time here this week.

Fellow students at Heidelberg College here presented a Ghana flag to John Addo at a surprise coronation on the campus.

Ghana, the world's newest nation, was granted its independence Wednesday from Great Britain. Addo's hometown in Ghana is Ho.

The red, orange, black and green flag was made by two women students, Majel Rich of Canadaigua, N. Y., and Helen Erlandson, East Hampton, Conn.

Addo plans to return to his homeland as surgeon. His father is general manager of the Ewe Evangelical Presbyterian Church th

Middletown Near All-Time Ohio Cage Victory Record

By THE ASSOCIATED PRESS

Middletown may do tonight what no Ohio high school has been able to do for 16 years—and Middletown is an odds-on favorite to pull it off.

If Middletown whips Dayton Wilbur Wright in a Class AA district basketball game at Dayton, it will be Middletown's 47th victory in a row, a new all-time high, and just enough to wipe out the old record of 46 wins held by Dayton Stivers in the 1929-1930 and 1930-1931 seasons.

Middletown goes into tonight's game with a 21-0 record for this season and thus, at least statistically, has a better than even chance of defeating Wilbur Wright, which has a 12-9 season mark.

One man who'll probably be watching the results with more than casual interest is Floyd Stahl, head coach at Ohio State University.

It was Stahl who piloted the Dayton Stivers team to its record string of victories 16 years ago.

Middletown, last year's state champion, is, so far, at least, a repeater for the 1957 regional qualifiers. Middletown and six other qualifiers from last year are still eligible to compete in this year's regionals March 14, 15 and 16.

The other six are Cleveland East Tech, Canton McKinley and Columbus North, all state tournament qualifiers last year, and Tiffin Columbian, Toledo Macomber and Troy.

In the Class A division tournament, to be played the same days, eight teams that made the regionals in 1956 qualify, so far, again this year. They are Lockland Wayne, Marysville, Arcanum, Xenia Woodrow Wilson, Chagrin Falls, Willshire, South Zanesville and New Boston.

Arcanum captured the Class A crown last year and Chagrin Falls and Willshire were in the state tournament. Columbus St Mary, a state tournament qualifier in 1956, is out of the running this year.

After tonight's activity, 58 of the 349 teams in the Class AA division will still be competing for a chance to play in the regionals. In Class A, 52 will remain from a starting field of 696.

By Saturday night, both divisions will have 16 teams ready to enter the regionals. Pairings are drawn Sunday, March 10.

The regionals will eliminate all but four teams in both divisions.

The four winners will be paired for the state tournament in drawings March 17 and the tournament itself will be played March 22 and 23.

Today's scheduled

CLASS AA

At New Concord:
St. Clairsville (20-0) vs Dover (11-10)

At Columbus:
Columbus North (21-1) vs Mount Vernon (14-7)
Columbus East (15-6) vs Columbus Central (13-7)

At Dayton.
Middletown (21-0) vs Dayton Wilbur Wright (12-9)

At Cleveland:
Cleveland St. Joseph (16-5) vs Painesville Harvey (19-1)
Cleveland Holy Name (9-10) vs Cleveland East Tech (14-5)

At Cincinnati:
Cincinnati Taft (18-3) vs Cincinnati McNicholas (17-4)
Cincinnati Elder (16-5) vs Cincinnati Roger Bacon (19-2)

At Athens:
Wheelersburg (16-5) vs Belpre (17-3)
Chillicothe (19-2) vs Lucasville (16-4)

CLASS A

At Westerville:
Plain City (19-2) vs Marysville (13-8)

At Portsmouth:
New Boston (20-0) vs Centralia (20-2)

At Canton:
Chagrin Falls (16-4) vs Savannah (18-3)
Mogadore (18-5) vs Wellington (17-1)

At Marietta:
Byesville (20-2) vs River Local (20-2)
South Zanesville (22-2) vs Bethel (24-1)

At Dover:
Adena (14-7) vs Midvale (17-9)

Rosen Still Rated Possible Player

TUCSON, Ariz. (AP)—A lot of people still think that Al Rosen can be coaxed into another season of baseball despite his statement that "nothing in the world" could make him change his mind about retiring.

Hank Greenberg, Cleveland Indians' general manager, says that three American League clubs have made offers for Rosen.

"I presume they believe they can persuade him to play another season," Greenberg said. "I intend to talk to him myself this week. Perhaps we can settle this matter once and for all."

2 Indiana Aces Set Big 10 Marks

CHICAGO (AP) — Two Indiana players, Archie Dees and Dick Neal, chalked up this season's best Big Ten basketball scoring and accuracy records.

Official conference statistics released Wednesday showed Dees goes to breeze to the scoring crown. Ohio State's Frank Howard is second with 19.9.

Although he ranks only 10th on the scoring list with 15.6, Neal has hit 84 of 164 shots from the floor for a new conference record .512 percentage. Indiana's Don Schlundt set the old mark of .504 averaged 25.4 points in 14 league in 1954 with 119 out of 224.

Mrs. H. L. Nathenson of Chicago has four Irish-bred thoroughbreds at Hialeah. They are Blue Choir, Midontrial, Black Patch and Prospectus II.

Duke and Wake Forest first met in a basketball game in 1906. Duke then was known as Trinity.

Mennonites Work To Ease World Hunger

AKRON, Pa. (AP) — Devout Mennonites are turning out more than 2,000 pounds of canned beef a day in a new plant built here expressly to supply the needs of the world's starving people.

In the first week of operation 30 volunteer workers, putting in full eight-hour days, processed more than 11,000 pounds of meat. The plant is a project of the Mennonite Board of Missions and Charities. Production of the $20,000 factory is for shipment to such needy areas as Jordan, Korea, Hungary and Viet Nam.

The scene in the 40-by-70 foot factory is a picturesque one, as women in distinctive Mennonite caps work beside aproned men at long tables where the meat is prepared for canning. The meat is cooked in great kettles, canned and packed in cartons to await overseas shipment.

The beef, some donated, some purchased by the board, arrives early each day from slaughter houses, to be processed by the volunteer workers. Landis Hershey, who directs the operation, says after the current six-week project is completed any group which wants to pack food for relief projects will be allowed to use the plant.

University of Texas football rivals set a record by compiling a total of 32 extra points in 1956. Eight rival extra-point attempts were blocked.

WESTERN LURE — Eleanor Parker plays top queen to Clark Gable in the Western, "The King and Four Queens," that opens Sunday at the Fayette Theater. Also on the bill is an Abbott and Costello comedy, "Dance with Me, Henry."

Middletown Near All-Time Ohio Cage Victory Record

By AH ASSOCIATE. PRESS

Middletown may do tonight what . Ohio high school has been able to d for 16 years—and Middletown is an odd--on favo.ite to pull it off.

If Middletown whips Dayton Wilbur Wright in a Cla s AA district basketball game at Dayton, it will be Middletown's 47th victory in a row, a new all-time high, and just enough to wipe out the old record of 46 wins held by Dayton Stivers in the 1929-1930 and 1930-1931 seasons.

Middletown goes into tonight's game with a 21-0 record for this season and thus, at least statistically, has a better than even chance of defeating Wilbur Wright, which has a 12-9 season mark.

One man who'll probably be watching the results with more than casual interest is Floyd Stahl, head coach at Ohio State University.

It was Stahl who piloted the Dayton Stivers team to its record string of victories 16 years ago.

Middletown, last year's state champion, is, so far, at least, a repeater for the 1957 regional qualifiers. Middletown and six other qualifiers from last year are still eligible to compete in this year's regionals March 14, 15 and 16.

The other six are Cleveland East Tech, Canton McKinley and Columbus North, all state tournament qualifiers last year, and Tiffin Columbian, Toledo Macomber and Troy.

In the Class A division tournament, to be played the same days, eight teams that made the regionals in 1956 qualify, so far, again this year. They are Lockland Wayne, Marysville, Arcanum, Xenia Woodrow Wilson, Chagrin Falls, Willshire, South Zanesville and New Boston.

Arcanum captured the Class A crown last year and Chagrin Falls and Willshire were in the state tournament. Columbus St Mary, a state tournament qualifier in 1956, is out of the running this year.

After tonight's activity, 58 of the 349 teams in the Class AA division will still be competing for a chance to play in the regionals. In Class A, 52 will remain from a starting field of 696.

By Saturday night, both divisions will have 16 teams ready to enter the regionals. Pairings are drawn Sunday, March 10.

The regionals will eliminate all but four teams in both divisions.

The four winners will be paired for the state tournament in drawings March 17 and the tournament itself will be played March 22 and 23.

Today's scheduled
CLASS AA
At New Concord:
St. Clairsville (20-0) vs Dover (11-10)
At Columbus:
Columbus North (21-1) vs Mount Vernon (14-7)
Columbus East (15-6) vs Columbus Central (13-7)
At Dayton.
Middletown (21-0) vs Dayton Wilbur Wright (12-9)
At Cleveland:
Cleveland St. Joseph (16-5) vs Painesville Harvey (19-1)
Cleveland Holy Name (9-10) vs Cleveland East Tech (14-5)
At Cincinnati:
Cincinnati Taft (18-3) vs Cincinnati McNicholas (17-4)
Cincinnati Elder (16-5) vs Cincinnati Roger Bacon (19-2)
At Athens:
Wheelersburg (16-5) vs Belpre (17-3)
Chillicothe (19-2) vs Lucasville (16-4)

CLASS A
At Westerville:
Plain City (19-2) vs Marysville (13-8)
At Portsmouth:
New Boston (20-0) vs Centralia (20-2)
At Canton:
Chagrin Falls (16-4) vs Savannah (18-3)
Mogadore (18-5) vs Wellington (17-1)
At Marietta:
Byesville (20-2) vs River Local (20-2)
South Zanesville (22-2) vs Bethel (24-1)
At Dover:
Adena (14-7) vs Midvale (17-9)

Rosen Still Rated Possible Player

TUCSON, Ariz. (AP)—A lot of people still think that Al Rosen can be coaxed into another season of baseball despite his statement that "nothing in the world" could make him change his mind about retiring.

Hank Greenberg, Cleveland Indians' general manager, says that three American League clubs have made offers for Rosen.

"I presume they believe they can persuade him to play another season," Greenberg said. "I intend to talk to him myself this week. Perhaps we can settle this matter once and for all."

2 Indiana Aces Set Big 10 Marks

CHICAGO (AP) — Two Indiana players, Archie Dees and Dick Neal, chalked up this season's best Big Ten basketball scoring and accuracy records.

Official conference statistics released Wednesday showed Dees goes to breeze to the scoring crown. Ohio State's Frank Howard was second with 19.9.

Although he ranks only 10th on the scoring list with 15.6, Neal has hit 84 of 164 shots from the floor for a new conference record .512 percentage. Indiana's Don Schlundt set the old mark of .504 averaged 25.4 points in 14 league in 1954 with 178 out of 224.

Mrs. H. L Nathenson of Chicago has four Irish-bred thoroughbreds at Hialeah. They are Blue Choir, Midontrial, Black Patch and Prospectus II.

Duke and Wake Forest first met in a basketball game in 1906. Duke then was known as Trinity.

Mennonites Work To Ease World Hunger

AKRON, Pa. (AP) — Devout Mennonites are turning out more than 2,000 pounds of canned beef a day in a new plant built here expressly to supply the needs of the world's starving people.

In the first week of operation 30 volunteer workers, putting in full eight-hour days, processed more than 11,000 pounds of meat. The plant is a project of the Mennonite Board of Missions and Charities. Production of the $20,000 factory is for shipment to such needy areas as Jordan, Korea, Hungary and Viet Nam.

The scene in the 40-by-70 foot factory is a picturesque one, as women in distinctive Mennonite caps work beside aproned men at long tables where the meat is prepared for canning. The meat is cooked in great kettles, canned and packed in cartons to await overseas shipment.

The beef, some donated, some purchased by the board, arrives early each day from slaughter houses, to be processed by the volunteer workers. Landis Hershey, who directs the operation, says after the current six-week project is completed any group which wants to pack food for relief projects will be allowed to use the plant.

University of Texas football rivals set a record by compiling a total of 32 extra points in 1956. Eight rival extra-point attempts were blocked.

WESTERN LURE — Eleanor Parker plays top queen to Clark Gable in the Western, "The King and Four Queens," that opens Sunday at the Fayette Theater. Also on the bill is an Abbott and Costello comedy, "Dance with Me, Henry."

Little Men Gain Top Cage Team Berths

1957 All-American '5' Not Dominated by Skyscaper Players

NEW YORK (AP)—Who says there is no place for little men in modern-day basketball?

Chet (The Jet) Forte, at 5 feet 9 perhaps the smallest player in major college basketball, and Gary Thompson, a 5-10 bundle of dynamite, were two of the five players selected for the 1957 associated Press collegiate basketball All American.

Forte, of Columbia, in the Ivy League, and Thompson, of Iowa State in the Big Seven, thus duplicated the achievement of 5-9 Murray Weir of Iowa and 5-10 Ralph Beard of Kentucky, who made the 1948 AP All America.

Joining Forte and Thompson on this year's All America are seven-foot Wilt (The Stilt) Chamberlain, Kansas sophomore; 6-5 Lennie Rosenbluth of North Carolina's top-ranked Tar Heels, unbeaten in their 24 regular season games; and 6-4 "Hot Rod" Hundley, the colorful "clown" from West Virginia.

The selection of these top scorers, rebounders and drivers were based in large measure on the recommendations of more than 272 sports writers and broadcasters from throughout the country.

Another sophomore, Elgin (The Rabbit) Baylor of Seattle, who like Chamberlain starred in Eastern high school competition before going West, was picked to head a second team that also includes Charley Tyra Louisville; Grady Wallace, South Carolina's national-al high scorer; Jim Krebs of Southern Methodist's Southwest Conference champions; and Frank Howard, Ohio State.

Guy Rodgers, Temple's star junior, tops the third team. Bill Ebben of Detroit in the Missouri Valley Conference; Jim Ashmore of Mississippi State in the Southeastern Conference; Archie Dees of Indiana's Big Ten co-champions and Larry Friend of California in the Pacific Coast Conference round out the third quintet.

Chamberlain, whose varsity debut at Kansas this year was eagerly awaited, has more than lived up to expectations.

"He already rates with the greatest players I have ever seen," said Dick Harp, Kansas coach.

Rosenbluth is the relaxed type of player who sometimes makes things look too easy.

"He's so relaxed that sometimes people think he's not trying," explains his coach, Frank McGuire. "But actually he's as good a competitive player on defense. I rate him as good or better than any player I've ever coached.

Hundley too has been occasionally criticized for his colorful clowning that has sometimes obscured his natural talent in shooting, passing and quick thinking. Only five players have scored more than 2,000 points in their college career and Hundley is one of them.

As for Thompson and Forte, they are exciting players to watch as they dart about and outmaneuver their taller opponents.

"Thompson is the toughest man in a clutch that I've ever seen," declares Bill Strannigan, Iowa State coach.

"Forte is the most exciting shooter I ever saw," says Lou Rossini, Columbia coach. "He's the type who can go against any defense and get a shot off."

Swaim Makes All-SCO Team

Defense workhorse Tommy Swaim, third - year forward for the Washington C. H. basketball Lions, was named to the All-South Central Ohio League team by the league hoop coaches at the SCO winter meeting in Hillsboro Wednesday night.

Swaim, the fast, aggressive pace - setter of the Lions first string received nine out of 10 possible votes from the league coaches in their all - star polling.

A classy rebounder with a good pair of hands, Swaim scored 270 points for the Lions during the past season. He won SCO honorable mention last year.

He is 5 feet, 11 inches tall, and he still has another season of high school ball ahead.

Other All - SCO team members are:

Steve Rainer, Wilmington's junior collosal guard who rolled in 392 points during the past season;

Dave Carey, senior center for Wilmington, who scored 314 last year;

Omer (Junior) Price, Hillsboro's senior rebound specialist;

Bob Fraser, Circleville senior who is a master of the jump shot.

* * *

WASHINGTON C. H. placed two Lions, besides Swaim, in all - star balloting — Dick English made the second team and Larry Milstead uncanny shooting eye and a taste for fancy ball handling, is a senior.

Milstead was placed on the team largely on the strength of his late - season play. Some ankle trouble and some inexperience at varsity play gave him some trouble the first few weeks of the season, but he began to show his scoring prowess as the season drew to a close.

Boys on the second team, with got honorable mention.

English, a senior Lion, with an English, are Gil Kittrell, Bob Jackson and Tom Mallory of Hillsboro and Bill Johnson of Circleville.

Honorable mention went to Milstead, along with Dave Pyle, Jim Polk and Dave Carey of Greenfield and Tom Krimm, Mike Hosler and Jon Parcher of Circleville.

Greenfield's Carey is a first cousin to Wilmington's Carey.

Doing the voting were Lion Coach Herb Russell, Coach Ray Oliver of Hillsboro, Coach Rod Thomas of Greenfield, Coach William (Red) Courtney of Circleville and Coach Jim Midlam of Wilmington.

Jayhawk '5' Returns to Tourney Trail

CHICAGO (AP)—The Kansas Jayhawks, who won the 1952 NCAA basketball championship and advanced to the finals on two other occasions, were back on the tournament trail today after clinching the Big Seven title.

Led by All America Wilt Chamberlain's 24 points, Kansas defeated Kansas State at Manhattan Wednesday night 64-57 for its 10th conference win in 11 games. The nation's No. 2 team, with a 20-2 seasonal record, meets Southern Methodist March 15 in the NCAA regional tourney at Dallas.

With 20 teams already qualified for the NCAA playoffs, Yale clinched at least a tie for the Ivy League crown by downing Pennsylvania 60-54.

The Ivy League, and winners of the Southern and Atlantic Coast Conference tournaments starting this afternoon, provide the other three teams for the NCAA hoop whirl. North Carolina and West Virginia are favored in the two tourneys.

The National Invitation Tournament named Bradley and Utah to fill out the 12-team lineup that opens warfare in New York March 16. Bradley was runner-up to St. Louis in the Missouri Valley loop, while Utah finished second to Brigham Young in the Skyline.

St. Louis, assured of the title and a NCAA berth, had the pressure off Wednesday night and swamped Oklahoma A&M 74-58.

Yale can win the Ivy title if second-place Dartmouth loses to Harvard tonight. Otherwise the Bulldogs must defeat Harvard Saturday.

IT'S SO EASY TO PLACE A WANT AD.

SCO Trophy Money Is Divided Four Ways

The high councils of the South Central Ohio League pondered and pondered, but no matter how they did it, 20 divided by 4 is only 5.

And so they voted to raise the basketball trophy money from $20 to $40, so that each team would have $10 instead of $5, to buy a trophy.

The problem was this: four teams shared basketball honors in the SCO league this year. Washington C. H., Circleville, Hillsboro and Wilmington all ended their season with championship 5-3 records.

Which, though a unusual, was OK until it came time to pass out money for the trophies.

The league rule specifies that $20 shall be given to the basketball champion school. The money shall be used to buy a trophy, "and the remainder shall be put in the school athletic fund."

* * *

WELL, THERE just were not enough $20 bills to go around, as WHS Principal John Trace pointedly observed when he gave his treasurer's report.

And $5 won't buy much of a trophy in any league—To say nothing of leaving anything over for the school's athletic fund.

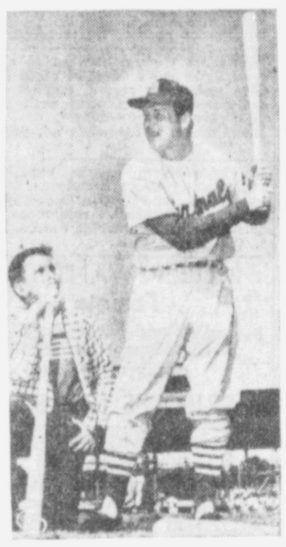

So the league finally upped the ante and gave each school a trophy-buying $10 in cash. Sighs of amused relief were cordially exchanged.

In other action, the league welcomed officials from Franklin Heights, the newest member of the circuit, and expressed an official hope that the Franklin County team will be able to get into league action as soon as possible.

Walter Shannon, principal of Hillsboro High School, was named secretary to replace WHS Principal John Trace.

In winning 19 games for Cincinnati last year, Brooks Lawrence reached his high in organized baseball. He started in 1949 with Zanesville, Ohio and won 14.

Man, Oh Man!

POP-EYED, Ronnie Chudik gazes in great admiration at his No. 1 hero—Stan (The Man) Musial, St. Louis Cardinals star, shown limbering up at the Red Birds' training camp at St. Petersburg, Fla. *(International)*

SPORTS

Tribe Loaded This Season With Pitchers

TUCSON (AP) — Manager Kerby Farrell of the Cleveland Indians, already rich in pitching talent, has some eager phenoms on hand to keep the veterans on their toes.

Established performers include Early Wynn, Bob Lemon, Herb Score, Mike Garcia, Don Mossi, Ray Narleski and Art Houtteman.

Farrell also has an impressive rookie crop he brought with him from Indianapolis of the American Assn. which won the Little World Series last year.

One of Farrell's top moundsmen was Leo (Bud) Daley, who compiled an 11-1 won-lost record and 2.31 earned run average after being farmed out in July by former Cleveland skipper Al Lopez.

The 24-year-old southpaw thinks he'll have a better chance to tick this season.

"Kerby knows what I can do," said Daley. "I can start and I can relieve. I can pitch every day. Last year Lopez didn't want reliefers pitching batting practice. He wanted our arms fresh. But it doesn't bother my arm. Kerby knows that."

Other pitching prospects from Indianapolis are Stan Pitula (15-4) Hank Agguire (10-6 and then 3-5 with Cleveland) and Dolan Nichols (12-6). Two other promising hurlers, Ed Gasque (11-7) and John Gray (10-7), still are unsigned.

Another mound hopeful is Pete Mesa, who posted a 13-12 mark with San Diego of the PCL and then captured 14 in a row in the Mexican Winter League.

Rally by Knicks Keeps Hopes Alive

NEW YORK (AP)—All but counted out of the NBA's eastern division playoffs, the New York Knickerbockers rallied Wednesday night to defeat Syracuse 100-93. This coupled with Rochester's 82-79 conquest of Philadelphia left the New Yorkers 2½ games back of the Warriors and the Nats, who are tied for second place.

The Knicks and Nats go at it again tonight in Philadelphia before the Warriors and Fort Wayne square off in the second game of a doubleheader. New York needs another victory to stay in running since only two games remain after tonight's contest. Syracuse and Philadelphia each will have three.

Nuxhall Is Tipped For 20 Victories

TAMPA, Fla. (AP)—Joe Nuxhall, Hamilton, Ohio's gift to the Cincinnati Redlegs' pitching staff, ust might be what the team has needed for a long time—a 20-game winner, says Birdie Tebbetts.

Twelve pounds lighter than last year, the big portsider held a parade of his teammates hitless Wednesday during a 12-minute stint on the mound.

"He's plenty ugh," commented the team's manager. "This just could be his 20-game year."

Vinegar Bend Develops 'Hitch'

ST. PETERSBURG, Fla. (AP) — An occasional "hitch" in Vinegar Bend Mizell's pitching motion is causing a bit of concern to the St. Louis Cardinals.

Mizell, the Red Birds' biggest winner last season with 14 triumphs, has been throwing across his body in a three-quarter motion ever once in a while.

Manager Fred Hutchinson says the left-hander is more effective when he comes straight forward overhand with his delivery.

Chicago Ring Kids Forming Strong Team

CHICAGO (AP) — Chicago will be represented by one of its strongest teams in the annual intercity Golden Gloves bout with New York here March 20.

The eight champions crowned Wednesday night at the Stadium should make Chicago the favorite as it seeks its 15th intercity team title in the series to avenge a 6-2 loss to New York last year.

New York has won seven times there have been eight ties. The Windy City group hasn't won since 1953, although getting a draw in 1955.

But this may be Chicago's year, judging from the championship talent that kept 12,466 fans cheering in Wednesday night's champions' ip scraps, many of which were televised.

Four champions especially caught the eyes of ring critics.

They were welterweight Joe Shaw of the Kansas City team, last year's lightweight king who won intercity and international honors and was on the U. S. Olympic boxing squad; lightheavyweight Ernest Terrell, lanky 17-year-old Chicago high school student; flyweight Jimmy Jackson, premedical student at the University of Minnesota, and bantamweight Tommy Reynolds, another Kansas City team member who two years ago was the flyweight champion.

Jackson proved to be the best knockout specialist of the lot, stopping four opponents (three of them in the first round) and getting a decision over another.

WHEN folks began to learn that you can get a big new Buick SPECIAL today for just a few dollars more than the price of a smaller car—*wow!*

They've been flocking into Buick showrooms ever since! And they discovered a double surprise.

Because this new Buick is more than just a whale of a lot of automobile for the money. *It's also the most completely changed Buick ever built—brand new in body, in styling, in chassis, in everything from road to roof and bumper to bumper.*

Even more—it's completely changed in *performance.*

You, at this wheel, boss a brand-new engine 'way up in horsepower, torque and compression ratio.

You, in this trim beauty, have the *instant* response of today's brilliant new Variable Pitch Dynaflow.*

You, in this saucy traveler, are holding rein on *the dream car of the year to drive.*

And if you can afford any new car, you can afford a Buick. So—drop in today!

*New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on ROADMASTER, SUPER and CENTURY—optional at modest extra cost on the SPECIAL.

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

Brand-NEW 'Built-in Conscience' SAFETY-MINDER† It buzzes when you reach the miles-per-hour you preset for yourself. You won't want to drive without it.

Brand-NEW V8 ENGINE —More Power Highest horsepower, torque and compression ever

Brand-NEW DYNAFLOW PERFORMANCE —Instant Response —even without switching the pitch

Little Men Gain Top Cage Team Berths

1957 All-American '5' Not Dominated by Skyscaper Players

NEW YORK (AP)—Who says there is no place for little men in modern-day basketball?

Chet (The Jet) Forte, at 5 feet 9 perhaps the smallest player in major college basketball, and Gary Thompson, a 5-10 bundle of dynamite, were two of the five players selected for the 1957 associated Press collegiate basketball All American.

Forte, of Columbia, in the Ivy League, and Thompson, of Iowa State in the Big Seven, thus duplicated the achievement of 5-9 Murray Weir of Iowa and 5-10 Ralph Beard of Kentucky, who made the 1948 AP All America.

Joining Forte and Thompson on this year's All America are seven-foot Wilt (The Stilt) Chamberlain, Kansas sophomore; 6-5 Lennie Rosenbluth of North Carolina's top-ranked Tar Heels, unbeaten in their 24 regular season games; and 6-4 "Hot Rod" Hundley, the colorful "clown" from West Virginia.

The selection of these top scorers, rebounders and drivers were based in large measure on the recommendations of more than 272 sports writers and broadcasters from throughout the country.

Another sophomore, Elgin (The Rabbit) Baylor of Seattle, who like Chamberlain starred in Eastern high school competition before going West, was picked to head a second team that also includes Charley Tyra Louisville; Grady Wallace, South Carolina's national-al high scorer; Jim Krebs of Southern Methodist's Southwest Conference champions; and Frank Howard, Ohio State.

Guy Rodgers, Temple's star junior, tops the third team. Bill Ebben of Detroit in the Missouri Valley Conference; Jim Ashmore of Mississippi State in the Southeastern Conference; Archie Dees of Indiana's Big Ten co-champions and Larry Friend of California in the Pacific Coast Conference round out the third quintet.

Chamberlain, whose varsity debut at Kansas this year was eagerly awaited, has more than lived up to expectations.

"He already rates with the greatest players I have ever seen," says Dick Harp, Kansas coach.

Rosenbluth is the relaxed type of player who sometimes makes things look too easy.

"He's so relaxed that sometimes people think he's not trying," explains his coach, Frank McGuire. "But actually he's as good an all-around player on defense. I rate him as good or better than any player I've ever coached.

Hundley too has been occasionally criticized for his colorful clowning that has sometimes obscured his natural talent in shooting, passing and quick thinking. Only five players have scored more than 2,000 points in their college career and Hundley is one of them.

As for Thompson and Forte, they are exciting players to watch as they dart about and outmaneuver their taller opponents.

"Thompson is the toughest man in a clutch that I've ever seen," declares Bill Strannigan, Iowa State coach.

"Forte is the most exciting shooter I ever saw," says Lou Rossini, Columbia coach. "He's the type who can go against any defense and get a shot off."

Swaim Makes All-SCO Team

Defense workhorse Tommy Swaim, third - year forward for the Washington C. H. basketball Lions, was named to the All-South Central Ohio League team by the league hoop coaches at the SCO winter meeting in Hillsboro Wednesday night.

Swaim, the fast, aggressive pace - setter of the Lions first string received nine out of 10 possible votes from the league coaches in their all - star polling.

A classy rebounder with a good pair of hands, Swaim scored 270 points for the Lions during the past season. He won SCO honorable mention last year.

He is 5 feet, 11 inches tall, and he still has another season of high school ball ahead.

Other All - SCO team members are:

Steve Rainer, Wilmington's junior collosal guard who rolled in 392 points during the past season;

Dave Carey, senior center for Wilmington, who scored 314 last year;

Omer (Junior) Price, Hillsboro's senior rebound specialist;

Bob Fraser, Circleville senior who is a master of the jump shot.

* * *

WASHINGTON C. H. placed two Lions, besides Swaim, in all - star balloting — Dick English made the second team and Larry Milstead uncanny shooting eye and a taste for fancy ball handling. is a senior.

Milstead was placed on the team largely on the strength of his late - season play. Some ankle trouble and some inexperience at varsity play gave him some trouble the first few weeks of the season, but he began to show his scoring prowess as the season drew to a close.

Boys on the second team, with got honorable mention.

English, a senior Lion, with an English, are Gil Kittrell, Bob Jackson and Tom Mallory of Hillsboro and Bill Johnson of Circleville.

Honorable mention went to Milstead, along with Dave Pyle, Jim Polk and Dave Carey of Greenfield and Tom Krimm, Mike Hosler and Jon Parcher of Circleville.

Greenfield's Carey is a first cousin to Wilmington's Carey.

Doing the voting were Lion Coach Herb Russell, Coach Ray Oliver of Hillsboro, Coach Rod Thomas of Greenfield, Coach William (Red) Courtney of Circleville and Coach Jim Midlam of Wilmington.

Jayhawk '5' Returns to Tourney Trail

CHICAGO (AP)—The Kansas Jayhawks, who won the 1952 NCAA basketball championship and advanced to the finals on two other occasions, were back on the tournament trail today after clinching the Big Seven title.

Led by All America Wilt Chamberlain's 24 points, Kansas defeated Kansas State at Manhattan Wednesday night 64-57 for its 10th conference win in 11 games. The nation's No. 2 team, with a 20-2 seasonal record, meets Southern Methodist March 15 in the NCAA regional tourney at Dallas.

With 20 teams already qualified for the NCAA playoffs, Yale clinched at least a tie for the Ivy League crown by downing Pennsylvania 69-54.

The Ivy League, and winners of the Southern and Atlantic Coast Conference tournaments starting this afternoon, provide the other three teams for the NCAA hoop whirl. North Carolina and West Virginia are favored in the two tourneys.

The National Invitation Tournament named Bradley and Utah to fill out the 12-team lineup that opens warfare in New York March 16. Bradley was runner-up to St. Louis in the Missouri Valley loop, while Utah finished second to Brigham Young in the Skyline.

St. Louis, assured of the title and a NCAA berth, had the pressure off Wednesday night and swamped Oklahoma A&M 74-58.

Yale can win the Ivy title if second-place Dartmouth loses to Harvard tonight. Otherwise the Bulldogs must defeat Harvard Saturday.

IT'S SO EASY TO PLACE A WANT AD.

SCO Trophy Money Is Divided Four Ways

The high councils of the South Central Ohio League pondered and pondered, but no matter how they did it, 20 divided by 4 is only 5.

And so they voted to raise the basketball trophy money from $20 to $40, so that each team would have $10 instead of $5, to buy a trophy.

The problem was this: four teams shared basketball honors in the SCO league this year. Washington C. H., Circleville, Hillsboro and Wilmington all ended their season with championship 5-3 records.

Which, though a unusual, was OK until it came time to pass out money for the trophies.

The league rule specifies that $20 shall be given to the basketball champion school. The money shall be used to buy a trophy, "and the remainder shall be put in the school athletic fund."

* * *

WELL, THERE just were not enough $20 bills to go around, as WHS Principal John Trace pointedly observed when he gave his treasurer's report.

And $5 won't buy much of a trophy in any league—To say nothing of leaving anything over for the school's athletic fund.

So the league finally upped the ante and gave each school a trophy-buying $10 in cash. Sighs of amused relief were cordially exchanged.

In other action, the league welcomed officials from Franklin Heights, the newest member of the circuit, and expressed an official hope that the Franklin County team will be able to get into league action as soon as possible.

Walter Shannon, principal of Hillsboro High School, was named secretary to replace WHS Principal John Trace.

In winning 19 games for Cincinnati last year, Brooks Lawrence reached his high in organized baseball. He started in 1949 with Zanesville, Ohio and won 14.

Man, Oh Man!

POP-EYED, Ronnie Chudik gazes in great admiration at his No. 1 hero—Stan (The Man) Musial, St. Louis Cardinals star, shown limbering up at the Red Birds' training camp at St. Petersburg, Fla. *(International)*

Tribe Loaded This Season With Pitchers

TUCSON (AP) — Manager Kerby Farrell of the Cleveland Indians, already rich in pitching talent, has some eager phenoms on hand to keep the veterans on their toes.

Established performers include Early Wynn, Bob Lemon, Herb Score, Mike Garcia, Don Mossi, Ray Narleski and Art Houtteman.

Farrell also has an impressive rookie crop he brought with him from Indianapolis of the American Assn. which won the Little World Series last year.

One of Farrell's top moundsmen was Leo (Bud) Daley, who compiled an 11-1 won-lost record and 2.31 earned run average after being farmed out in July by former Cleveland skipper Al Lopez.

The 24-year-old southpaw thinks he'll have a better chance to tick this season.

"Kerby knows what I can do," said Daley. "I can start and I can relieve. I can pitch every day. Last year Lopez didn't want reliefers pitching batting practice. He wanted our arms fresh. But it doesn't bother my arm. Kerby knows that."

Other pitching prospects from Indianapolis are Stan Pitula (15-4) Hank Agguire (10-6 and then 3-5 with Cleveland) and Dolan Nichols (12-6). Two other promising hurlers, Ed Gasque (11-7) and John Gray (10-7), still are unsigned.

Another mound hopeful is Pete Mesa, who posted a 13-12 mark with San Diego of the PCL and then captured 14 in a row in the Mexican Winter League.

Rally by Knicks Keeps Hopes Alive

NEW YORK (AP)—All but counted out of the NBA's eastern division playoffs, the New York Knickerbockers rallied Wednesday night to defeat Syracuse 100-93. This coupled with Rochester's 82-79 conquest of Philadelphia left the New Yorkers 2½ games back of the Warriors and the Nats, who are tied for second place.

The Knicks and Nats go at it again tonight in Philadelphia before the Warriors and Fort Wayne square off in the second game of a doubleheader. New York needs another victory to stay in running since only two games remain after tonight's contest. Syracuse and Philadelphia each will have three.

Nuxhall Is Tipped For 20 Victories

TAMPA, Fla. (AP)—Joe Nuxhall, Hamilton, Ohio's gift to the Cincinnati Redlegs' pitching staff, ust might be what the team has needed for a long time—a 20-game winner, says Birdie Tebbetts.

Twelve pounds lighter than last year, the big portsider held a parade of his teammates hitless Wednesday during a 12-minute visit on the mound.

"He's plenty ugh," commented the team's manager. "This just could be his 20-game year."

Chicago Ring Kids Forming Strong Team

CHICAGO (AP) — Chicago will be represented by one of its strongest teams in the annual intercity Golden Gloves bout with New York here March 20.

The eight champions crowned Wednesday night at the Stadium should make Chicago the favorite as it seeks its 15th intercity team title in the series to avenge a 6-2 loss to New York last year.

New York has won seven times there have been eight ties. The Windy City group hasn't won since 1953, although getting a draw in 1955.

But this may be Chicago's year, judging from the championship talent that kept 12,466 fans cheering in Wednesday night's champions' ip scraps, many of which were televised.

Four champions especially caught the eyes of ring critics.

They were welterweight Joe Shaw of the Kansas City team, last year's lightweight king who won intercity and international honors and was on the U. S. Olympic boxing squad; lightheavyweight Ernest Terrell, lanky 17-year-old Chicago high school student; flyweight Jimmy Jackson, premedical student at the University of Minnesota, and bantamweight Tommy Reynolds, another Kansas City team member who two years ago was the flyweight champion.

Jackson proved to be the best knockout specialist of the lot, stopping four opponents (three of them in the first round) and getting a decision over another.

Vinegar Bend Develops 'Hitch'

ST. PETERSBURG, Fla. (AP) — An occasional "hitch" in Vinegar Bend Mizell's pitching motion is causing a bit of concern to the St. Louis Cardinals.

Mizell, the Red Birds' biggest winner last season with 14 triumphs, has been throwing across his body in a three-quarter motion ever once in a while.

Manager Fred Hutchinson says the left-hander is more effective when he comes straight forward overhand with his delivery.

PRICE! It's Wonderful!

Manufacturer's Suggested Price— for this 2-Door SPECIAL 6-Passenger Sedan

$2595.83

(including Delivery and Handling Charges and Federal Excise Taxes)

Transportation charges, state and local taxes, if any, accessories and optional equipment, including Dynaflow transmission, radio, heater and white sidewall tires, additional.

WHEN folks began to learn that you can get a big new Buick SPECIAL today for just a few dollars more than the price of a smaller car—*wow!*

They've been flocking into Buick showrooms ever since! And they discovered a double surprise.

Because this new Buick is more than just a whale of a lot of automobile for the money. *It's also the most completely changed Buick ever built—brand new in body, in styling, in chassis, in everything from road to roof and bumper to bumper.*

Even more—it's completely changed in *performance.*

You, at this wheel, boss a brand-new engine 'way up in horsepower, torque and compression ratio.

You, in this trim beauty, have the *instant* response of today's brilliant new Variable Pitch Dynaflow.*

You, in this saucy traveler, are holding rein on *the dream car of the year to drive.*

And if you can afford any new car, you can afford a Buick. So—drop in today!

*New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on ROADMASTER, SUPER and CENTURY—optional at modest extra cost on the SPECIAL.

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

Brand-NEW 'Built-in Conscience' SAFETY-MINDER† It buzzes when you reach the miles-per-hour you preset for yourself. You won't want to drive without it.

Brand-NEW V8 ENGINE —More Power Highest horsepower, torque and compression ever

Brand-NEW DYNAFLOW PERFORMANCE —Instant Response —even without switching the pitch

†Standard on ROADMASTER, optional at extra cost on other Series.

ATTENTION

All Housewives Who Do Not Own An Automatic Dryer

We are clearing from stock all new 1956 automatic washers and dryers to make room for 1957 Philco and Firestone lines.
These washers and dryers must go this week. Prices are lower than you would ever dream of on this top quality merchandise. Try one on demonstration. There is no high pressure if you decide not to buy. Come in and see us or phone and we will bring one to your home in two hours. $10.00 down delivers and you can have twenty-four months to pay. We carry our own accounts.

DAILY CRYPTOQUOTE — Here's how to work it:
A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

P N T B Y B X B O R V X O E H O H O Z ,
O E H N Q N R R Y O G B V X B L M Y L M U
B Y L B I M I A I N H N W D R M D A — B Y B I A M E .

Yesterday's Cryptoquote: SOCIAL PROSPERITY MEANS MAN HAPPY, THE CITIZEN FREE, THE NATION GREAT —HUGO.

Movie Organists Fading Rapidly

PASADENA, Calif. (AP) — Pasadena is one of just a few cities in the nation that still has a movie theater organist. Bill Wright is on duty for most of the shows. He reports that 30 years ago there were more than 5,000 organists playing in movie theaters of the United States. Today, he says, there are not more than 20 theaters throughout the nation using live pipe organ music to supplement sound films.

IT'S SO EASY TO PLACE A WANT AD.

Yesterday's Answer

DAILY CRYPTOQUOTE — Here's how to work it:
A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

P N T B Y B X B O R V X O E H O H O Z ,
O E H N Q N R R Y O G B V X B L M Y L M U
B Y L B I M I A I N H N W D R M D A — B Y B I A M E .

Yesterday's Cryptoquote: SOCIAL PROSPERITY MEANS MAN HAPPY, THE CITIZEN FREE, THE NATION GREAT —HUGO.

Movie Organists Fading Rapidly

PASADENA, Calif. (AP) — Pasadena is one of just a few cities in the nation that still has a movie theater organist. Bill Wright is on duty for most of the shows. He reports that 30 years ago there were more than 5,000 organists playing in movie theaters of the United States. Today, he says, there are not more than 20 theaters throughout the nation using live pipe organ music to supplement sound films.

Camp Fire Leaders and Sponsors Hold All-Day Training Session

An all - day training session for Blue Bird and Camp Fire leaders and sponsors was held Wednesday in McNair Memorial Presbyterian Church.

Miss Frances Cheadle, regional field adviser for Camp Fire Girls, Inc., directed the workshop type meeting, assisted by a number of local workers.

At the morning session the group learned a number of Blue Bird and Camp Fire songs, including the "Blue Bird Wish", "Sing, Blue Birds, Sing", "The Camp Fire Girls Law" and "Closing Song". They were led by Mrs. Thurman Coulter and accompanied by Mrs. Don Schwaigert. The leaders practiced several action songs to use with their own groups of girls.

During the afternoon, Blue Bird leaders studied program planning with the help of a film strip narrated by Mrs. Michael Harrison. The Camp Fire leaders discussed the objectives of Camp Fire. Mrs. Don E. Wood discussed the symbolism of the Camp Fire Insigne.

* * *

BESIDES HELPING the Washington C. H. Camp Fire Council in setting up the training session, Miss Cheadle has conferred with officers and chairmen of the local Board of Directors. She plans to return to Washington C. H. sometime next fall for further counselling.

Other leaders at the meeting were Mrs. Glendale Lightle and Miss Carole Stump of Mt. Sterling; and Mrs. Floyd West, Mrs. John E. Barley, Mrs. Dale Ward, Mrs. J. E. Tremlett, Mrs. Robert D. Woodmansee, Mrs. Harry Seyfang, Mrs. Ralph Minton, Mrs. Earl Rankin, Mrs. Albert Fackler, Mrs. James D. Hixon, Mrs. Russell Moore, Mrs. Lee Shonkwiler, Mrs. Robert Wallace and Mrs. Clark Sheppard.

Deaths and Funerals

Miss Fern Fichthorn

Miss Fern Fichthorn, 70, of Milledgeville died at 5:40 a. m. Thursday in Memorial Hospital here where she had been a patient for the last three weeks.

Miss Fichthorn, a native and lifelong resident of the Milledgeville community, had been assistant cashier of the Milledgeville Bank for 30 years before she became the bookkeeper for the Milledgeville Motor Co., a position she held until she was stricken unexpectedly three weeks ago.

Her closes surviving relatives are a sister, Mrs. Floy Ferguson, a niece, Mrs. Gene McLean, of Milledgeville and a great-niece, Mrs. Natalie Klontz of Washington C. H. However, she leaves many more distant relatives.

Funeral services will be held at the Kirkpatrick Funeral Home here at 2 p. m. Saturday. Burial will be in the Milledgeville-Plymouth Cemetery.

Friends may call at the funeral home after 2 p. m. Friday.

:-:-:-:-:

Rites for Mrs. Jackson

Funeral services for Mrs. Frank S. Jackson were conducted in the First Presbyterian Church by the Rev. W. Neil Hand, the pastor, at 2 p. m. Wednesday.

The two hymns, "In the Garden" and "My Task," were sung by Mrs. J. Rankin Paul and Mrs. Marian Gage played the organ accompaniment, in accordance with a request left by Mrs. Jackson.

Members of the Tuesday Kensington Club, of which Mrs. Jackson was a member, were in charge of the flowers.

Honorary pallbearers were Hoy O. Simons, Dr. I. L. Pumphrey, O. D. Farquhar, Dr. Fred D. Woollard, Forest F. Tipton, McKinley Kirk, and Dr. S. B. Smith.

Pallbearers for the burial in the Washington C. H. Cemetery were Charles Wallace, Frederick Woollard, Dr. Francis Haines, Charles Mustine, Edward Porter and John Leland.

:-:-:-:-:

Mrs. Kelly Rodgers

Funeral services will be held Saturday in Alden, Mich., for Mrs. Leila Rodgers, 68, wife of Kelly Rodgers, who died at 1 a. m. Wednesday in a Bellaire, Mich., hospital.

Mrs. Rodgers, a former resident of Washington C. H., was the daughter of the late Mr. and Mrs. Newton Harvout and a niece of Miss Alberta Coffman and L. C. Coffman. She and her husband moved to Michigan from the Good Hope community nearly 40 years ago.

Besides her husband, she is survived by a daughter, Mrs. Helen King, of Alden, and a granddaughter.

The body will remain in the Matthews Funeral Home in Bellaire, Mich., until time for services which will be at 2 p. m. Saturday in the Alden Methodist Church.

:-:-:-:-:

Mrs. Forrest M. Moon

AMELIA — Mrs. Forrest M. Moon, 63, who is well known in Fayette County, where her husband, the Rev. Forrest Moon, held two pastorates, died at her home in Amelia, Clermont County, Wednesday morning.

Her death came unexpectedly and was attributed to a heart attack.

The Rev. and Mrs. Moon lived in Leesburg in 1923 and 1924, when he was pastor of the Methodist Church there; in Good Hope from 1940 to 1947 when he held the pastorate of the church there and in Jeffersonville from 1950 to 1954, when he was pastor of the church there.

Mrs. Moon, active in church and community affairs, was widely known throughout the county.

Both she and the Rev. M. Moon are natives of Defiance County, but during his work as a minister, they lived in 14 different places, all of them in Ohio.

Mrs. Moon is survived by her husband; three sons, Vane D. of Dayton, Blake R. of Manchester and John R. of Jacksonville Beach, Fla.; three daughters, Mrs. Alice Cahill, Attica, Mrs. Eva Shepherd, Pemberton, and Mrs. Ruth Matson, Columbus, and 19 grandchildren.

Funeral services will be held at 2:30 p. m. Saturday at the Sumner and Powers Funeral Home in Amelia and at the Smith Funeral Home in Defiance at 2:30 p. m. Monday.

Burial will be in the Defiance Cemetery.

:-:-:-:-:

Mrs. Albert Paul

GREENFIELD — Mrs. Margaret Paul, 75, a native of Fayette County, died at her home in Greenfield at 7:30 p. m. Wednesday after a two - year illness.

She had lived in Greenfield since she was 18 years old.

Her husband, Albert Paul, died in 1939, but she is survived by five sons, Lee, Glenn, Kenneth and Ralph, all of Greenfield, and Fay of Xenia; five daughters, Mrs. Dorothy Chaney, Richmond, Ind.; Mrs. Marie Parker, Hillsboro; Mrs. Juanita Ellison, Jeffersonville, Mrs. Mary Ellison, Bainbridge, and Miss Maude Paul, at home.

She also leaves a sister, Mrs. Millie Wolfe, Ollie, Ia., and three brothers, Fred Clayton, Lonedale, Mo., Mack Clayton, Montrose, Ill., and Clark Clayton, Chillicothe.

Funeral services will be held at 2 p. m. Saturday at the Strueve Funeral Home here by the Rev. John Williams, pastor of the First Baptist Church. Burial will be in the Greenfield Cemetery.

Friends may call at the funeral home after 10 a. m. Friday.

China Eyes Growth

LONDON (AP)—Communist China is starting a large-scale birth control program to keep its tremendous population under control. The Communist regime will now permit doctors to perform abortions and sterilization operations if patients request them.

Career Confab For Students

Meeting To Be Held Saturday in Hillsboro

A group of high school students here interested in agriculture, home economics and related subjects today have an opportunity to go to a career conference in Hillsboro Saturday. They will be accompanied by County Agent W. W. Montgomery.

Letters explaining the conference have been sent from the Extension Service office to the principals of the high schools in Bloomingburg, Jeffersonville, Good Hope, Madison Mills and Washington C. H., Montgomery said, but Montgomery said there has not been time for replies.

He said he had no idea how many would take advantage of the opportunity and added that he did not think a reservation is necessary. Those who want to go, he said, should meet at the Extension Service office in the Farm Bureau building at 8:45 a. m. Saturday for briefing and directions. The trip will be made in private cars.

Montgomery pointed out that there are career opportunities in the fields of teaching agriculture, selling, production, research, business and home economics. There also are openings in biochemistry, machinery and equipment, fertilizer and seed selling, he noted.

Housing, scholarships, selective service and other questions regarding college education will be discussed at the conference, he said.

This is the first of 16 such conferences to be held in strategic locations throughout Ohio between Saturday and April 5.

Students from schools in several counties of this area have been invited to the Hillsboro conference.

Baby's Killer Gets Psychiatric Tests

SACRAMENTO, Calif. (AP) — Authorities awaited a psychiatric report today on the sanity of a former ski resort bus boy who admitted kicking a six-week-old baby to death on a church lawn because "of an urge."

Harris George Brinan, 21, described by sheriff's deputies as a mental defective, was arrested after Kathleen Thompson was found fatally beaten on the grass in front of a Mormon church where her parents were being honored at a going-away party Wednesday.

Courts

DIVORCE ASKED

Shirley McWhorter, Route 1, Mt. Sterling, has filed suit for divorce from Walter McWhorter, charging gross neglect of duty and extreme cruelty. They were married Nov. 8, 1945, in Worthington and have three minor children of which Mrs. McWhorter asks custody along with support and alimony. She also asks that the defendant be enjoined from molesting her.

RULES FOR PLAINTIFFS

Judge John P. Case has found for the plaintiffs in the action brought by Charles and Rosemary Harris against Wilbur R. and Catheine V. Horney. The Harrises had sued for recovery of $800, plus costs of the suit.

TWO WITNESSES DEAD!

Sheriff Orland Hays stated Thursday that two of the 71 witnesses J. Harvey Crow, attorney for William Tumbleson had subpoenaed from the defendant, are dead. Tumbleson is charged with embezzlement of money from W. P. Noble, Bloomingburg.

Because of inadequate address others cannot be located, he said.

ASKS DIVORCE

Robert K. Todd, 1120 S. Main St., has filed his petition asking for a divorce from Mary E. Todd, West Elm St., on grounds of gross neglect of duty. The parties were married in Richmond, Ind., Nov. 22, 1954.

SALE IS ASKED

Sale of lots 7 and 36 in the Henkle Addition, in which she holds a life interest under the will of her husband, John F. Evans, is sought by Mrs. Lulu B. Evans, who makes J. B. Evans, John W. Evans and Marianne Evans defendant in the action.

Mrs. Evans states in the petition that the property at present yields no income, and asks that it be sold and proceeds reinvested.

SEEKS $92.85 IN TAXES

The State Tax Commission has filed proceedings in common pleas court against Earl E. Keller, of Wayne St., Bloomingburg, for $80.74 in back taxes with $12.11 penalty, or $92.85 in all.

Bricker Law Firm Gets State Job

COLUMBUS (AP)—The Ohio Sinking Fund Commission has employed U. S. Sen. John W. Bricker's Columbus law firm as bond counsel for the $16 million bond issue to pay bouses to Ohio Veterans of the Korean War.

Commission officials said today the counsel fee would range up to $9,000, depending upon the amount of bonds issued.

Personal Property Taxpayers Slow To File Returns Here

County Auditor Harry Allen indicated Thursday that he was a little disturbed over failure by many personal and classified taxpayers in the county to file their returns in the early part of this tax paying period.

It means, he said, that many of 2,500 or more taxpayers who are expected to file returns by March 31, will be lined up in the Courthouse corridors waiting their turns to have their returns made out by the auditor's staff. Some of them may have to wait for hours, he said, if most of those who are to file fail to do so before the last few days of the filing period which ends March 31.

He reported Thursday that the returns were filed by only 452 during the first 20-day period, Feb. 15 to March 5. This means that the last 20 days of the filing period, if penalties are to be avoided, will have to average over 100 per day.

"If the taxpayers expecting to file these claims, will come to the office during the next few days", Auditor Allen said," they will find it easier for them to receive prompt aid in making their returns. Later they may have to wait longer than will be convenient for many of them".

Auditor Allen also stated that his office would be opened through the noon hours and also on Thursday afternoons through the remainder of this tax paying period.

Local Boys' Choir Members Attend Concert at Dayton

Twenty-seven members of the Fayette County Boys' Choir, their director, Mrs. Robert E. Willis, and a group of parents and other choir boosters heard the annual spring concert of the Dayton Boys' Choir in that city Wednesday night.

The local party made the trip in a chartered bus.

Sponsored by the Dayton Rotary Club, the Dayton choir is under the direction of S. Norman Park. The Fayette County choir is, in part, modeled on the Dayton organization and has made one public appearance.

Adults making the trip Wednesday night were, in addition to Mrs. Willis, Mr. and Mrs. Louis Baier, Mrs. Charles Lutz, Marvin Thornburg, Mr. and Mrs. C. E. Osborne and Mrs. Charles McCoy.

There are over 60 million beef cattle in the United States, reports the National Beef Council.

Ray Noel Named Manager Of Cussins and Fearn Store

Ray Noel has become manager of the Washington C. H. Cussins and Fearn Co. store, 137 N. Main St., succeeding Ralph Gierhart who

RAY NOEL

has been promoted to the management of the Fremont store.

Gierhart had been manager here since 1952.

Noel comes to Washington C. H. from Sidney where he had been store manager for two years. Previous to that time he had been stationed in Findlay.

* * *

THE CHANGES were announced by Paul Scholl, Cussins and Fearn executive vice president, who also disclosed the pending retirement of Arnold Hildreth, who has been in charge of store leases, and the appointment of George Wharton to succeed him.

Noel, married and the father of three children, two boys and a girl ranging from three months to seven years, is a member of the Lions Club. The Noels are occupying the former Gierhart residence, 915 Dayton Ave.

Roe Millinery Shop Remodeling Finished

A completely remodeled and redecorated interior will greet visitors at the Roe Millinery Shop, 134 E. Court St., at the grand reopening of the store Friday and Saturday.

Actually, the store has not been closed. But a change-over in interior design has made store officials decide to hold the "reopening" observance.

Strip fluorescent lighting brightens up the whole interior now, balanced against the new soft-color paint. New blonde cabinets fill much of the store.

Dressing rooms have been added at the rear of shop, as an adjunct to the company's expanded line of ready-to-wear clothes. The ready-to-wear line is carried in addition to hat and accessories.

U. S. Farm Exports Hit Record Level

WASHINGTON (AP) — Exports of U. S. farm products are running at record levels in terms both of value and quantity.

The Agriculture Department reports that foreign shipments totaled $2¾ billion during the first seven months of the fiscal year which began last July 1. This compared with $1.8 billion in the corresponding period a year ago.

The previous record for the corresponding period was $2.4 billion in the 1951-52 fiscal year.

With the Kessamin reducing plan the only thing you can lose is weight!
*LOSE A POUND A DAY...
FOR 14 DAYS Without Suffering Hunger Pangs Or Loss Of Energy!
To reduce we must eat less (fewer calories) and when we do, we may feel the uncomfortable, almost painful pangs of hunger. We may also become nervous and irritable because of the lack of sufficient vitamins and minerals in a restricted diet. With Kessamin Tablets, Formula #14, and the Kessamin Reducing Plan this can never happen!
SEE WHAT THE KESSAMIN REDUCING PLAN OFFERS!
1. A reducing diet (The Kessamin Booklet) prepared by a physician and a dietician to give best possible diet.
2. Vitamins to prevent deficiencies which cause nervousness, irritability and that tired, dragged-out feeling. Also supplemental minerals and iron to help prevent nutritional anemia.
3. Vitamins plus the bulk, Carboxy Methylcellulose, to stimulate normal intestinal elimination.
4. The "hunger control" factor, Carboxy Methylcellulose, to reduce hunger if taken according to directions.
*See your druggist. The complete Kessamin Reducing Plan is in every package of Kessamin Tablets, Formula #14! THE KESSAMIN REDUCING PLAN IS GUARANTEED TO TAKE OFF A POUND A DAY FOR 14 DAYS OR YOUR MONEY BACK! TRY IT!

Miss Fichthorn, a native and lifelong resident of the Milledgeville community, had been assistant cashier of the Milledgeville Bank for 30 years before she became the bookkeeper for the Milledgeville Motor Co., a position she held until she was stricken unexpectedly three weeks ago.

Her closes surviving relatives are a sister, Mrs. Floy Ferguson, a niece, Mrs. Gene McLean, of Milledgeville and a great-niece, Mrs. Natalie Klontz of Washington C. H. However, she leaves many more distant relatives.

Funeral services will be held at the Kirkpatrick Funeral Home here at 2 p. m. Saturday. Burial will be in the Milledgeville-Plymouth Cemetery.

Friends may call at the funeral home after 2 p. m. Friday.

Rites for Mrs. Jackson

Funeral services for Mrs. Frank S. Jackson were conducted in the First Presbyterian Church by the Rev. W. Neil Hand, the pastor, at 2 p. m. Wednesday.

The two hymns, "In the Garden" and "My Task," were sung by Mrs. J. Rankin Paul and Mrs. Marian Gage played the organ accompaniment, in accordance with a request left by Mrs. Jackson.

Members of the Tuesday Kensington Club, of which Mrs. Jackson was a member, were in charge of the flowers.

Honorary pallbearers were Hoy O. Simons, Dr. I. L. Pumphrey, O. D. Farquhar, Dr. Fred D. Woollard, Forest F. Tipton, McKinley Kirk, and Dr. S. B. Smith.

Pallbearers for the burial in the Washington C. H. Cemetery were Charles Wallace, Frederick Woollard, Dr. Francis Haines, Charles Mustine, Edward Porter and John Leland.

Mrs. Kelly Rodgers

Funeral services will be held Saturday in Alden, Mich., for Mrs. Leila Rodgers, 68, wife of Kelly Rodgers, who died at 1 a. m. Wednesday in a Bellaire, Mich., hospital.

Mrs. Rodgers, a former resident of Washington C. H., was the daughter of the late Mr. and Mrs. Newton Harvout and a niece of Miss Alberta Coffman and L. C. Coffman. She and her husband moved to Michigan from the Good Hope community nearly 40 years ago.

Besides her husband, she is survived by a daughter, Mrs. Helen King, of Alden, and a granddaughter.

The body will remain in the Matthews Funeral Home in Bellaire, Mich., until time for services which will be at 2 p. m. Saturday in the Alden Methodist Church.

:-:-:-:-:

Mrs. Forrest M. Moon

AMELIA — Mrs. Forrest M. Moon, 63, who is well known in Fayette County, where her husband, the Rev. Forrest Moon, held two pastorates, died at her home in Amelia, Clermont County, Wednesday morning.

Her death came unexpectedly and was attributed to a heart attack.

The Rev. and Mrs. Moon lived in Leesburg in 1923 and 1924, when he was pastor of the Methodist Church there; in Good Hope from 1940 to 1947 when he held the pastorate of the church there and in Jeffersonville from 1950 to 1954, when he was pastor of the church there.

Mrs. Moon, active in church and community affairs, was widely known throughout the county.

Both she and the Rev. M. Moon are natives of Defiance County, but during his work as a minister, they lived in 14 different places, all of them in Ohio.

Mrs. Moon is survived by her husband; three sons, Vane D. of Dayton, Blake R. of Manchester and John R. of Jacksonville Beach, Fla.; three daughters, Mrs. Alice Cahill, Attica, Mrs. Eva Shepherd, Pemberton, and Mrs. Ruth Matson, Columbus, and 19 grandchildren.

Funeral services will be held at 2:30 p. m. Saturday at the Sumner and Powers Funeral Home in Amelia and at the Smith Funeral Home in Defiance at 2:30 p. m. Monday.

Burial will be in the Defiance Cemetery.

:-:-:-:-:

Mrs. Albert Paul

GREENFIELD — Mrs. Margaret Paul, 75, a native of Fayette County, died at her home in Greenfield at 7:30 p. m. Wednesday after a two - year illness.

She had lived in Greenfield since she was 18 years old.

Her husband, Albert Paul, died in 1939, but she is survived by five sons, Lee, Glenn, Kenneth and Ralph, all of Greenfield, and Fay of Xenia; five daughters, Mrs. Dorothy Chaney, Richmond, Ind.; Mrs. Marie Parker, Hillsboro; Mrs. Juanita Ellison, Jeffersonville, Mrs. Mary Ellison, Bainbridge, and Miss Maude Paul, a home.

She also leaves a sister, Mrs. Millie Wolfe, Ollie, Ia., and three brothers, Fred Clayton, Lonedale, Mo., Mack Clayton, Montrose, Ill., and Clark Clayton, Chillicothe.

Funeral services will be held at 2 p. m. Saturday at the Strueve Funeral Home here by the Rev. John Williams, pastor of the First Baptist Church. Burial will be in the Greenfield Cemetery.

Friends may call at the funeral home after 10 a. m. Friday.

China Eyes Growth

LONDON (AP)—Communist China is starting a large-scale birth control program to keep its tremendous population under control. The Communist regime will now permit doctors to perform abortions and sterilization operations if patients request them.

Career Confab For Students

Meeting To Be Held Saturday in Hillsboro

A group of high school students here interested in agriculture, home economics and related subjects today have an opportunity to go to a career conference in Hillsboro Saturday. They will be accompanied by County Agent W. W. Montgomery.

Letters explaining the conference have been sent from the Extension Service office to the principals of the high schools in Bloomingburg, Jeffersonville, Good Hope, Madison Mills and Washington C. H., Montgomery said, but Montgomery said there has not been time for replies.

He said he had no idea how many would take advantage of the opportunity and added that he did not think a reservation is necessary. Those who want to go, he said, should meet at the Extension Service office in the Farm Bureau building at 8:45 a. m. Saturday for briefing and directions. The trip will be made in private cars.

Montgomery pointed out that there are career opportunities in the fields of teaching agriculture, selling, production, research, business and home economics. There also are openings in biochemistry, machinery and equipment, fertilizer and seed selling, he noted.

Housing, scholarships, selective service and other questions regarding college education will be discussed at the conference, he said.

This is the first of 16 such conferences to be held in strategic locations throughout Ohio between Saturday and April 5.

Students from schools in several counties of this area have been invited to the Hillsboro conference.

Baby's Killer Gets Psychiatric Tests

SACRAMENTO, Calif. (AP) — Authorities awaited a psychiatric report today on the sanity of a former ski resort bus boy who admitted kicking a six-week-old baby to death on a church lawn because "of an urge."

Harris George Brinan, 21, described by sheriff's deputies as a mental defective, was arrested after Kathleen Thompson was found fatally beaten on the grass in front of a Mormon church where her parents were being honored at a going-away party Wednesday.

Courts

DIVORCE ASKED

Shirley McWhorter, Route 1, Mt. Sterling, has filed suit for divorce from Walter McWhorter, charging gross neglect of duty and extreme cruelty. They were married Nov. 8, 1945, in Worthington and have three minor children of which Mrs. McWhorter asks custody along with support and alimony. She also asks that the defendant be enjoined from molesting her.

RULES FOR PLAINTIFFS

Judge John P. Case has found for the plaintiffs in the action brought by Charles and Rosemary Harris against Wilbur R. and Catheine V. Horney. The Harrises had sued for recovery of $800, plus costs of the suit.

TWO WITNESSES DEAD!

Sheriff Orland Hays stated Thursday that two of the 71 witnesses J. Harvey Crow, attorney for William Tumbleson had subpoenaed from the defendant, are dead. Tumbleson is charged with embezzlement of money from W. P. Noble, Bloomingburg.

Because of inadequate address others cannot be located, he said.

ASKS DIVORCE

Robert K. Todd, 1120 S. Main St., has filed his petition asking for a divorce from Mary E. Todd, West Elm St., on grounds of gross neglect of duty. The parties were married in Richmond, Ind., Nov. 22, 1954.

SALE IS ASKED

Sale of lots 7 and 36 in the Henkle Addition, in which she holds a life interest under the will of her husband, John F. Evans, is sought by Mrs. Lulu B. Evans, who makes J. B. Evans, John W. Evans and Marianne Evans defendant in the action.

Mrs. Evans states in the petition that the property at present yields no income, and asks that it be sold and proceeds reinvested.

SEEKS $92.85 IN TAXES

The State Tax Commission has filed proceedings in common pleas court against Earl E. Keller, of Wayne St., Bloomingburg, for $80.74 in back taxes with $12.11 penalty, or $92.85 in all.

Bricker Law Firm Gets State Job

COLUMBUS (AP)—The Ohio Sinking Fund Commission has employed U. S. Sen. John W. Bricker's Columbus law firm as bond counsel for the $16 million bond issue to pay bouses to Ohio Veterans of the Korean War.

Commission officials said today the counsel fee would range up to $9,000, depending upon the amount of bonds issued.

Personal Property Taxpayers Slow To File Returns Here

County Auditor Harry Allen indicated Thursday that he was a little disturbed over failure by many personal and classified taxpayers in the county to file their returns in the early part of this tax paying period.

It means, he said, that many of 2,500 or more taxpayers who are expected to file returns by March 31, will be lined up in the Courthouse corridors waiting their turns to have their returns made out by the auditor's staff. Some of them may have to wait for hours, he said, if most of those who are to file fail to do so before the last few days of the filing period which ends March 31.

He reported Thursday that the returns were filed by only 452 during the first 20-day period, Feb. 15 to March 5. This means that the last 20 days of the filing period, if penalties are to be avoided , will have to average over 100 per day.

"If the taxpayers expecting to file these claims, will come to the office during the next few days", Auditor Allen said," they will find it easier for them to receive prompt aid in making their returns. Later they may have to wait longer than will be convenient for many of them".

Auditor Allen also stated that his office would be opened through the noon hours and also on Thursday afternoons through the remainder of this tax paying period.

Local Boys' Choir Members Attend Concert at Dayton

Twenty-seven members of the Fayette County Boys' Choir, their director, Mrs. Robert E. Willis, and a group of parents and other choir boosters heard the annual spring concert of the Dayton Boys' Choir in that city Wednesday night.

The local party made the trip in a chartered bus.

Sponsored by the Dayton Rotary Club, the Dayton choir is under the direction of S. Norman Park. The Fayette County choir is, in part, modeled on the Dayton organization and has made one public appearance.

Adults making the trip Wednesday night were, in addition to Mrs. Willis, Mr. and Mrs. Louis Baier, Mrs. Charles Lutz, Marvin Thornburg, Mr. and Mrs. C. E. Osborne and Mrs. Charles McCoy.

There are over 60 million beef cattle in the United States, reports the National Beef Council.

Ray Noel Named Manager Of Cussins and Fearn Store

Ray Noel has become manager of the Washington C. H. Cussins and Fearn Co. store, 137 N. Main St., succeeding Ralph Gierhart who

RAY NOEL

has been promoted to the management of the Fremont store.

Gierhart had been manager here since 1952.

Noel comes to Washington C. H. from Sidney where he had been store manager for two years. Previous to that time he had been stationed in Findlay.

* * *

THE CHANGES were announced by Paul Scholl, Cussins and Fearn executive vice president, who also disclosed the pending retirement of Arnold Hildreth, who has been in charge of store leases, and the appointment of George Wharton to succeed him.

Noel, married and the father of three children, two boys and a girl ranging from three months to seven years, is a member of the Lions Club. The Noels are occupying the former Gierhart residence, 915 Dayton Ave.

Roe Millinery Shop Remodeling Finished

A completely remodeled and redecorated interior will greet visitors at the Roe Millinery Shop, 134 E. Court St., at the grand reopening of the store Friday and Saturday.

Actually, the store has not been closed. But a change-over in interior design has made store officials decide to hold the "reopening" observance.

Strip fluorescent lighting brightens up the whole interior now, balanced against the new soft-color paint. New blonde cabinets fill much of the store.

Dressing rooms have been added at the rear of shop, as an adjunct to the company's expanded line of ready-to-wear clothes. The ready-to-wear line is carried in addition to hat and accessories.

U. S. Farm Exports Hit Record Level

WASHINGTON (AP) — Exports of U. S. farm products are running at record levels in terms both of value and quantity.

The Agriculture Department reports that foreign shipments totaled $2¾ billion during the first seven months of the fiscal year which began last July 1. This compared with $1.8 billion in the corresponding period a year ago.

The previous record for the corresponding period was $2.4 billion in the 1951-52 fiscal year.

*LOSE A POUND A DAY...
FOR 14 DAYS Without Suffering Hunger Pangs Or Loss Of Energy!
To reduce we must eat less (fewer calories) and when we do, we may feel the uncomfortable, almost painful pangs of hunger. We may also become nervous and irritable because of the lack of sufficient vitamins and minerals in a restricted diet. With Kessamin Tablets, Formula #14, and the Kessamin Reducing Plan this can never happen!
With the Kessamin reducing plan the only thing you can lose is weight!

SEE WHAT THE KESSAMIN REDUCING PLAN OFFERS!
1. A reducing diet (The Kessamin Booklet) prepared by a physician and a dietician to give best possible diet.
2. Vitamins to prevent deficiencies which cause nervousness, irritability and that tired, dragged-out feeling. Also supplemental minerals and iron to help prevent nutritional anemia.
3. Vitamins plus the bulk, Carboxy Methylcellulose, to stimulate normal intestinal elimination.
4. The "hunger control" factor, Carboxy Methylcellulose, to reduce hunger if taken according to directions.
*See your druggist. The complete Kessamin Reducing Plan is in every package of Kessamin Tablets, Formula #14! THE KESSAMIN REDUCING PLAN IS GUARANTEED TO TAKE OFF A POUND A DAY FOR 14 DAYS OR YOUR MONEY BACK! TRY IT!
